I support the Houghton Neighbourhood Development Plan which has recently been submitted, particularly the desire to protect our green spaces, which are such an important part of the village, and also the desire for any future development in the village to be sustainable and appropriate to the surrounding landscape.

Houghton has been subject to a considerable amount of development over the last few years which has already changed the character to the south of the village and valuable green space has already been lost for ever. There has been no thought of the long term infrastructure and the increased road usage related to these extra houses and the time has come to take control of how the village moves forward in future years. We need to protect the village's charm and character for future generations and resist developer's plans to turn Houghton into yet another urbanised and characterless village with no infrastructure to support it. There is only a minimal bus service, no shop/school/surgery, no mains drains and narrow roads with an already increased amount of traffic.

The Houghton Neighbourhood Plan is well considered and contains sensible proposals which I fully support. The last couple of years has highlighted the importance of our surroundings for our well being and this will only increase over time. We need to protect this village for future generations.

Thank you.
