**NEGOTIATED STOPPING POLICY AND TEMPORARY TRANSIT AGREEMENT**  
**TEST VALLEY BOROUGH COUNCIL**

1. This Policy has been developed to ensure that the nomadic way of life of gypsies and travellers' can be facilitated with the Borough with a High Court injunction in place, prohibiting named and unnamed individuals from entering onto defined land within the Borough and setting up encampment and/or occupying the land for residential purposes including the occupation of caravans/mobile homes, storage of vehicles, caravans and residential paraphernalia. A copy of the injunction order can be found at Schedule 1 of this policy.
2. The injunction has been obtained as a proportionate response to an increasing number of 'unauthorised encampments' which have occurred within the borough and which have been accompanied by one or more of the following aggravated factors:
  - a. Aggressive and/or violent and/or threats and/or intimidation and/or anti-social behavior by occupants of the encampment to residents, businesses and visitors to the borough
  - b. Criminal damage

- c. 'Commercial' fly tipping
- d. Open human defecation / open deposit of use nappies and soiled tissue paper
- e. Loose dogs and animals causing nuisance to others
- f. Obstruction of highways
- g. Breaking and entering into private and/or public land and/or causing damage to the land
- h. Open fires
- i. Abandoned gas canisters
- j. Interruption to business/sporting events/community events

3. The Council acknowledges that

- a. The injunction will have an impact on the Gypsy and Traveller community;
- b. That the Human Rights Act 1998 and the Equality Act 2010 recognises and protect individuals with those protected characteristics, and there are consequent obligations on the Council as a Public Body as a result of this protection;
- c. That the aggravating factors identified at paragraph 2 above are in no way representative of the Gypsy and Traveller community generally, and,

to the extent that those individuals who engage in this activity identify as Gypsy or Traveller, that they are a small and non-representative minority within those groups.

- d. That the Council has an obligation to support genuine cases of need.
- e. The Council must always take into account the best interests of the child, which is a primary consideration.

4. In light of the above, the Council recognises the need to find an appropriate and balanced and proportionate response to the issues outlined in paragraph 2 above, to minimise the impact on the settled community and private and Council owned land caused by those unauthorised encampments of the nature described above, whilst at the same time ensuring it protects the rights of Gypsy and traveller community in accordance with the Equalities Act 2010 and The Human Rights Act 1998.

5. The injunction is founded on the basis that it is only those encampments which are present 'without lawful permission' of the landowner and/or planning permission which are prevented. Therefore, there will, and must, be a clearly communicated basis upon which that permission will be granted, so as to satisfy any individual who wishes to 'stop-up' for a period that they are doing so in such a way as to not amount to a contempt of court.

6. This policy represents the basis upon which a person or persons may seek lawful permission from the Council to 'set-up camp' within its Borough. The Council may only grant lawful permission as a landowner in respect of land which it owns. Therefore, if an individual or group of individuals wishes to use a piece of *private* land for the purposes of encamping for a period, they must obtain the prior permission of the landowner, and if requested, provide evidence of this to the Council. If such permission is not obtained and evidenced, the encampment will be considered a breach of the injunction if it is on land protected by the injunction. Similarly, a person or persons must obtain the prior permission of the council prior to setting-up camp on land which is owned by Test Valley Borough Council. The relevant contact details will be advertised on the Council's website.
7. If the individual or individuals have either the benefit of a planning permission from the Local Authority, or the benefit of 'General Permitted Development' rights, to encamp on the land, as defined in the General Permitted Development Order 2015, then providing they have the consent of the landowner to remain on the land, then no further evidence other than consent from the landowner will be required. For the avoidance of doubt, the circumstances in which Permitted Development will exist are set out in Schedule 2 of this Policy.

8. The Council will consider any application for negotiated stopping in line with the following considerations. The applicants will need to sign (or indicate their consent, which will be recorded in writing by a Council officer) to the 'Negotiated Stopping Agreement' which can be found at Schedule 3.

In determining an application the Council will consider the following:

- a. Is the site suitable? The officer will assess whether the site is one which can reasonably accommodate an encampment, regard will be had to:
  - i. Whether the presence of vehicles will interrupt local amenities;
  - ii. Whether there is free and easy access to the site, for example, to enable emergency services to attend if necessary, and for delivery and removal of portable toilets;
  - iii. Whether the site is sensitive, for example, in a wholly or mainly residential neighbourhood, near schools, or care homes, or if it is a Site of Special Scientific Interest, or a nature reserve
  - iv. Proximity to highways, or other features which may present as a hazard to the proposed occupants of the encampment
  - v. The size of the encampment

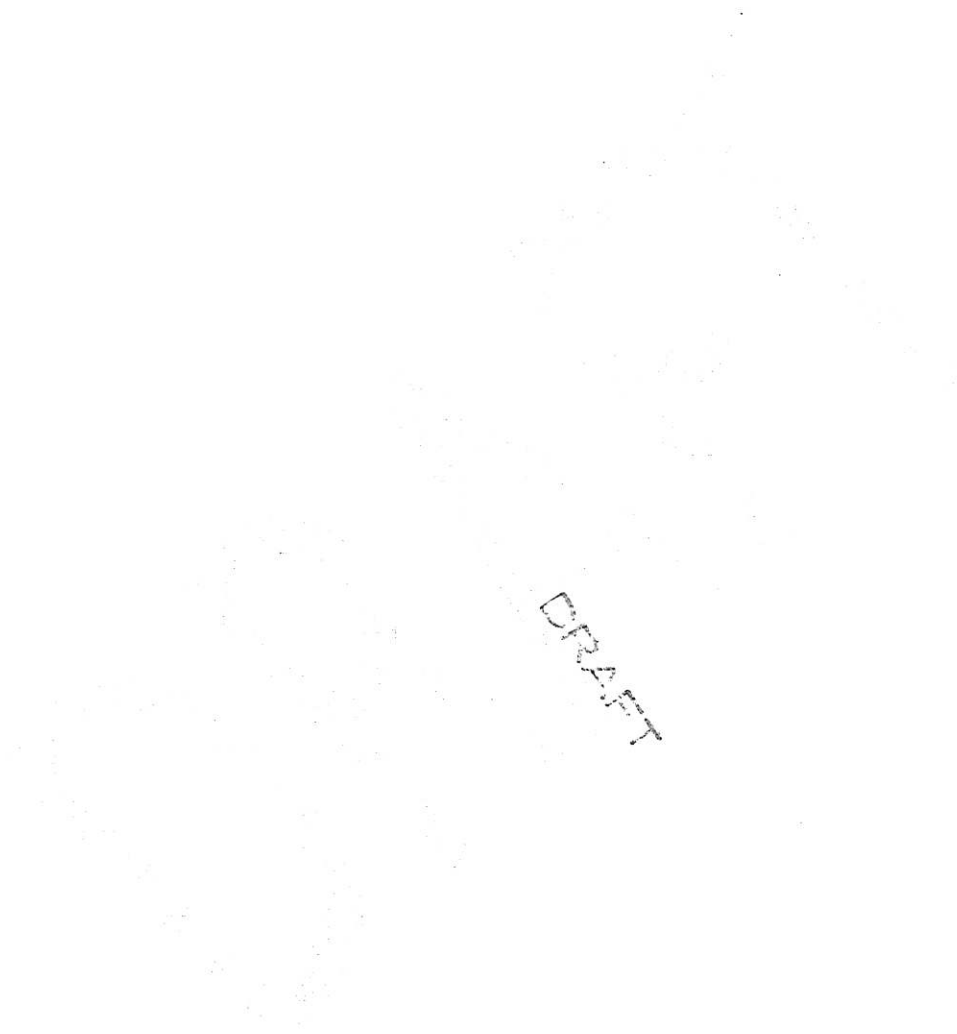

- b. Does the encampment benefit from planning permission? The nature of the encampment will need to benefit from the General Permitted Development Order 2015, or have obtained specific consent from the Local Authority.
- c. Has the welfare checklist been completed? This will need to be undertaken for all encampments that come into the borough. Have any steps necessary arising out of the welfare checks been taken into account and has the best interests of any children on the encampment been considered.
- d. Do the vehicles have functional toilet facilities, if not the Council will need to direct persons to the nearest appropriate facilities and where appropriate portable toilets may be able to be provided by the Council for a small fee.
9. During the currency of an encampment, Council officers will attend to ensure that there are no issues being either directed toward, or caused by, the encampment. The aim of the Council is to facilitate a harmonious balance between the rights and needs of the settled community and the Gypsy and Traveller community to assist community cohesion.

**Covid-19**

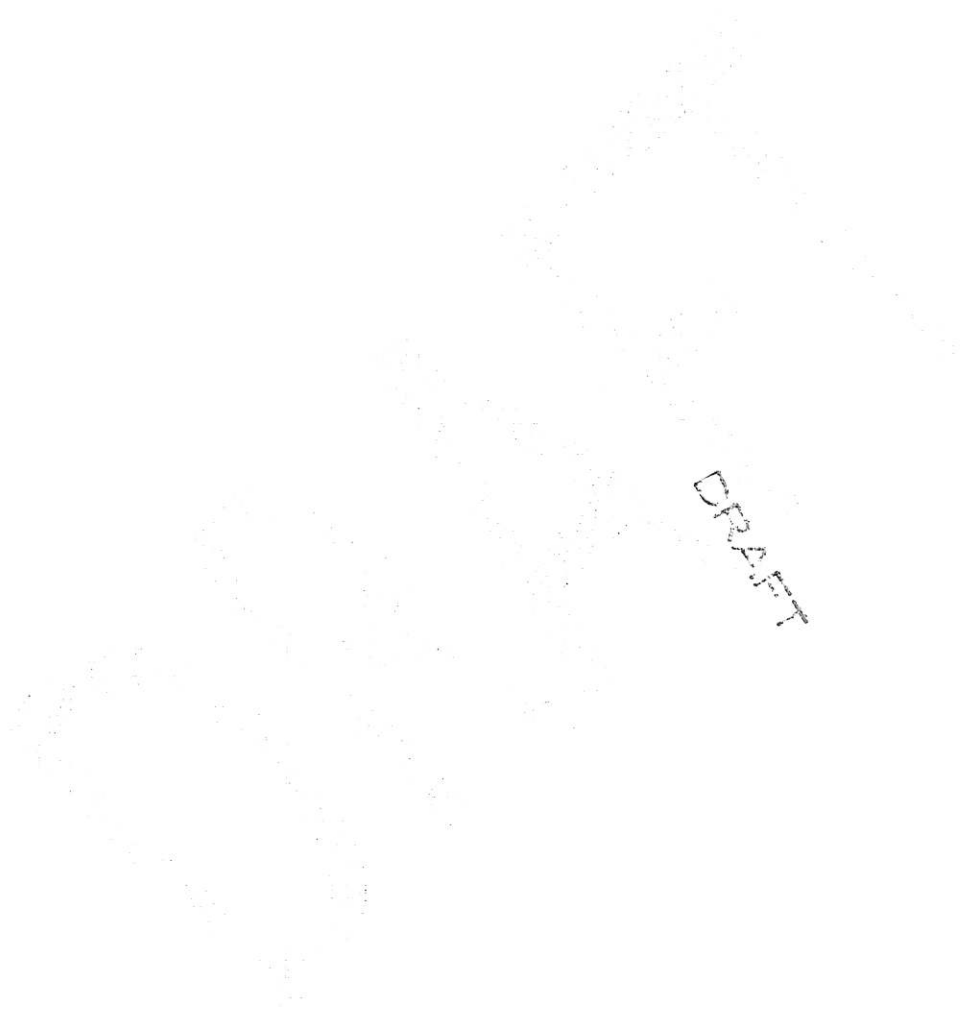

10. The Council acknowledges that some gypsies and travellers' will be considered vulnerable during Covid-19 and may need to socially distance or self-isolate on the same site or a separate site away from family members. Where this is the case they should contact the Council on [ENTER A TELEPHONE NUMBER] or email [ENTER DETAILS], so that suitable arrangements can be made and where necessary toilet facilities and rubbish disposal can be arranged in a manner that reduces the opportunity for the virus to spread to others within the community.

## Schedule 1 – Injunction Order

## Schedule 2 – General Permitted Development

## Schedule 3 – Negotiated Stopping Application

This application determines the basis upon which the Council is to provide 'lawful permission' for the applicant to stop-up on the identified land so as to comply with the terms of the unauthorised encampment injunction. Please complete each section. The Council will complete their section, and a copy of this agreement and the Negotiated Stopping Policy will then be retained by both parties.

The applicant will provide to the Council, and the Council will provide to the applicant, a nominated point of contact so that any issues can be discussed and remedied. In the event that the applicant has any issues or concerns, or is subject to any aggressive/violent or anti-social behavior from others, they should contact the Council and/or Police as soon as possible.

By agreeing to the terms of this agreement, and upon the Council granting permission as outlined in this agreement, the applicant is assured that they will not be in breach of the terms of the unauthorised encampment injunction.

**Statement of Policy in Relation to Unauthorised Encampments  
(October 2011)**

Throughout this document 'Traveller' is all persons who have a nomadic lifestyle for all or part of the year.

- 1.1 This document is intended to provide a policy framework within which to consider how the Council should react to unauthorised encampments and, in particular, whether, and if so when, the Council should bring possession proceedings to recover the land on which such encampments are placed. It is not a substitute for individual consideration of each case and any special circumstances which may be present.
- 2.1 Subject to any unusual or special circumstances, formal repossession procedures through the courts will normally be instituted against unauthorised encampments occupying land owned or controlled by the County Council in the circumstances outlined below, that is to say, where the encampment:
  - a) Creates a hazard to road safety or otherwise creates a health or safety hazard; or
  - b) Creates an intolerable nuisance to the general public by reason of its size, location, nature or duration; or
  - c) Creates an intolerable impact on the enjoyment, use or habitation of adjoining or nearby property or interferes with the effective operation or management of that property; or
  - d) Causes, or is likely to cause, damage to the County Council's land or property or prejudice to its employees; or
  - e) Prejudices or is likely to prejudice the use of land for its intended purpose or by legitimate tenants or occupants; or
  - f) Is too large for its location or is causing unacceptable impact on its environment; or
  - g) Would for some other reason be detrimental to the interests of the public if allowed to remain for an extended period.
  - h.) Prejudices the duties and responsibilities owed by the County Council to local residents to ensure a high level of protection and fairness in the unauthorised occupation of land and to prevent the breach, by the County Council, of planning regulations and laws.

- 3.1 Every effort will be made to avoid moving Travellers unnecessarily from place-to-place particularly where this would create unwelcome disturbances to family life. In this connection particular regard will be paid to the schooling and welfare of children and the well being of the aged and infirm. This will be balanced against impact upon local residents and property of the County Council.
- 3.2 Notice to vacate the land will normally be given prior to the institution of possession proceedings and will give the occupants a reasonable period within which to vacate the land; the length of time considered to be a reasonable period will depend on the individual circumstance of each case. The decision on the appropriate action will be made after due consideration of the available information.
- 4.1 In considering the matters set out in 2(a) to (g) above and any other relevant matters peculiar to an individual case, consideration shall be given to the various statutory duties owed by the Council, and powers exercisable by the Council, both in relation to land in its ownership or under its control. Any or all of the following matters may potentially arise and will be taken into account by the Council when determining whether and, if so, when to issue possession proceedings:
- a) The health, welfare, housing and education requirements of members of the encampment and the relevant duties that may be owed by the County Council to them.
  - b) The extent of accommodation provided by the Council;
  - c) Any duties owed by the Council to the public by virtue of statutory powers and duties e.g. under the Highways Act 1980, the Open Spaces Act 1906, and relevant duties and responsibilities generally under other legislation e.g. Wildlife & Countryside Act 1981, Town and Country Planning Act 1990.
  - d.) Impacts upon County Council property and local residents.
- 5.1 Whilst the County Council will continue to pursue the termination of Unauthorised Encampments via informal negotiated means, where formal process is deemed to be required the following shall be followed. In the appropriate circumstances given below, in the first instance, the Council will consider enforcing legislation contained in the Criminal Justice and Public Order Act (1994) and Magistrates Court where to do so is judged to be in the public interest where.
- a) Land or property ownership cannot be ascertained.
  - b) The encampment has become unmanageable and requires immediate enforcement action.
- 6.1 As an alternative and only if the above is deemed to be

inappropriate due to encampment complexity, cost and availability of a hearing date, use will be made of Part 55 of the Civil Procedure Rules. And the County Courts:

## **STATEMENT OF POLICY IN RELATION TO UNAUTHORISED ENCAMPMENTS** **CORONAVIRUS (COVID 19) - March 2020**

### **RECOMMENDATION:**

It is recommended that the Assistant Director - Property and Facilities approves the revised policy below. This is for the express reasons to ensure compliance with the emergency legislation and the safety/welfare of the Gypsy and Traveller community and Hampshire County Council staff during the corona virus emergency

### **EXECUTIVE SUMMARY**

Prior to the Coronavirus crisis any Unauthorised Encampments occurring on Hampshire land or Hampshire highways verges / land would be picked up by the Gypsy and Traveller Service (GTS), the site visited, welfare enquiries completed, a Notice To Quit served; if the site failed to vacate then the process to obtain a court order instigated and then served on the encampment and the site usually vacated prior to the Court hearing date.

Since the lockdown and wider advise has come into force it is necessary to review the approach to unauthorised encampments and it is proposed that with every reported unauthorised encampment:

1. The specific circumstances of the incursion are scrutinised to consider local impacts, safety, welfare and any wider impacts. The risk assessment will consider location, safety and any extenuating circumstances identified during and after any site visit.
2. On site attendance is only undertaken where the location and circumstances make it essential and drive-by inspections are inadequate. Site attendance will only take place where there is an overriding need.
3. During any site attendance social distancing will be maintained
4. Welfare enquiries undertaken will now include ascertaining whether there are any Covid 19 symptoms on site and giving health advice on current Government advice (Washing hands) and self-isolation and social distancing.
5. Subject to a case by case risk assessment, a period of extended toleration will be considered in all cases, meaning that encampments will be allowed to remain during the current restrictions on movement.

- c) Creates an intolerable impact on the enjoyment, use or habitation of adjoining or nearby property or interferes with the effective operation or management of that property; or
- d) Causes, or is likely to cause, damage to the County Council's land or property or prejudice to its employees; or
- e) Prejudices or is likely to prejudice the use of land for its intended purpose or by legitimate tenants or occupants; or
- f) Is too large for its location or is causing unacceptable impact on its environment; or
- g) Would for some other reason be detrimental to the interests of the public if allowed to remain for an extended period.
- h) Prejudices the duties and responsibilities owed by the County Council to local residents to ensure a high level of protection and fairness in the unauthorised occupation of land and to prevent the breach, by the County Council, of planning regulations and laws.

3.1 However, during this period of uncertainty every effort will be made to avoid moving Travellers unnecessarily from place-to-place in compliance with the current Government and Public Health directives and guidelines. In this connection, particular regard will be paid to the health and wellbeing of families on site especially the aged and infirm. This will be balanced against any impact upon local residents and property of the County Council.

3.2 Notice to vacate the land will be given prior to the institution of possession proceedings and will give the occupants a reasonable period within which to vacate the land; the length of time considered to be a reasonable period will depend on the individual circumstance of each case. The decision regarding service of 'Notice To Quit' will be made after due consideration of all the available information.

4.1 In considering the matters set out in 2(a) to (h) above and any other relevant matters peculiar to an individual case, consideration shall be given to the various statutory duties owed by the Council, and powers exercisable by the Council, both in relation to land in its ownership or under its control. Any or all of the following matters may potentially arise and will be taken into account by the Council when determining whether and, if so, when to issue possession proceedings:

- a) The health, welfare, housing and education requirements of members of the encampment (Welfare Enquiry Report)) and the relevant duties that may be owed by the County Council to them.
- b) The extent of any 'land' accommodation identified by the Council which could facilitate temporary and tolerated short term occupation

8.3 Consideration will be given to the availability of water for hand washing and basic sanitation, essential in the current circumstances, as well as the provision of plastic bags for the bagging and storage of household waste for subsequent collection.

9.1 The current Police advice in these testing times from a Hampshire perspective is to revert to 'Operation Quebec' as the default practical guidance on Unauthorised Encampment matters in conjunction with the recently released advice letter from the National Police Chiefs Council (NPCC), which should be used as reference with regards to Police action regarding Unauthorised Encampments, as set out in the appendix B.

### CONCLUSION

Any current and future Unauthorised Encampments will be subject of a risk assessment prior to any site visit and legal action will only be instigated where unavoidable and deemed to be absolutely necessary. Any action taken by the GTS of Hampshire County Council will, as always, be in alignment with the policy being adopted by police and fully compliant with all social distancing and emerging health guidance.

## APPENDIX B - National Police Chief's Council Unauthorised Operational Advice Letter re Covid-19

'While the majority of Gypsies and Travellers now reside in conventional housing, a significant number live in caravans in accordance with their traditional way of life and the Spring and Summer months usually see the largest numbers of people travelling and setting up encampments.

In the UK, there is a long-standing and serious shortage of sites for Gypsies and Travellers and this lack of accommodation inevitably forces many Gypsies and Travelers onto unauthorised encampments. In June 2018, the latest NPCC Operational Advice on Unauthorised Encampments was published and is intended to help police officers respond to unauthorised encampments in a consistent way. The full Advice can be downloaded at the below link...

[https://www.npcc.police.uk/documents/Unauthorised%20Encampments/NPCC%20Op%20Advice%20on%20Unauthorised%20Encampments\\_June%2018.pdf](https://www.npcc.police.uk/documents/Unauthorised%20Encampments/NPCC%20Op%20Advice%20on%20Unauthorised%20Encampments_June%2018.pdf)

Health outcomes for Gypsy, Roma and Traveller communities are historically very poor compared to almost all other ethnic groups. The reality of roadside living without reliable access to water and sanitation makes the universal current medical advice of frequent handwashing more challenging. Contact tracing can also be very problematic in communities that are being moved frequently whilst social distancing and self-isolation are much more difficult to implement if you are part of a group which is moved on a regular basis.

Current legislation affords the police and local authorities a range of powers to deal with unauthorised encampments, the use of which is discretionary subject to a range of factors, as outlined in the advice. This would allow families much better access to health care, whilst remaining in locations for longer will help reduce the unmanaged spread of the Covid-19 virus.

Friends, Families and Travellers is a national charity that works on behalf of all Gypsies and Travelers and their website contains a very useful section which will assist community members and statutory bodies in managing encampments currently. This has been made available to Local Authorities. The relevant section, which will be updated as necessary, can be found at the below link...

[COVID-19: GUIDANCE FOR SUPPORTING PEOPLE LIVING ON TRAVELLER SITES, UNAUTHORISED ENCAMPMENTS AND CANAL BOATS](#)

Additionally there is the concept of 'negotiated stopping' which has been deployed in many areas of the country. Negotiated stopping is an innovative way of addressing problems raised by the lack of suitable provision for Gypsy and Traveller accommodation. It involves local authorities and other landowners making an agreement with Gypsies and Travellers on matters such as facilities and waste disposal, whilst allowing unauthorised encampments on land that is not contentious. The link below provided by Leeds Gypsy & Traveller Exchange further explains this concept

<https://www.negotiatedstopping.co.uk/>

I hope this letter and the existing Operational Advice will provide further assistance in managing unauthorised encampments during this time.

**SUMMARY FOR GUIDANCE OF AUTHORISING OFFICER**

I visited the site at 10.03 hours on Thursday 21<sup>st</sup> March 2019.

**People and Vehicles:** - I saw the caravans and vehicles as described on page 2 and 3 of this report.

On 19<sup>th</sup> March 2019 I was contacted by East Hampshire District Council (EHDC) about the unauthorised encampment on London Road, Clanfield, Hampshire.

After parking my car, I walked towards the encampment and was met by a group of adult females, 3 of which (~~Sarah Smith~~, ~~Lisa Smith~~ and ~~Julie Smith~~) were known to me by previous unauthorised encampments at various locations in Hampshire.

After exchanging pleasantries, the women informed me that they had arrived on Monday 18<sup>th</sup> March and would be staying until they had to leave (following a Court Order being made).

**HAMPSHIRE COUNTY COUNCIL  
GYPSY AND TRAVELLER UNIT  
SITE VISIT REPORT**

I asked all that I met if there were any welfare issues, in particular housing, health and education but was told that there were none.

I then informed the residents that the caravans and vehicles were situated on land owned by Hampshire County Council and would be required to move. Failure to do so would result in Court action.

After recording the vehicle licence plates, I then served each caravan with a Notice To Quit effective for 12pm Thursday 21<sup>st</sup> March 2019 before leaving the site.

**Addendum Friday 22<sup>nd</sup> March 2019**

I received a phone call from my line manager, Barry Jordan-Davis who informed me that the local Police had contacted him regarding an incident that had occurred at or near the encampment.

I rang the local Police and spoke to PS Kieren Mansell. PS Mansell advised me that there had been an incident near the campsite on Thursday 21<sup>st</sup> March at 4.30pm. Two young local girls were walking near the encampment when 2 male children called out to the girls telling them to come over whilst at the same time the boys showed the girls a knife that one of them was holding.

The girls fled the scene and whilst leaving the site saw and flagged down a passing Police car. The girls informed the Police what had happened, the Police then visited the site and spoke to a number of the residents.

The knife was not found and the Police were not able to establish which of the residents were in possession of the knife. No arrests were made and the Police advised me that the matter is currently "under investigation."

**Environment:** - At the time of my visit I saw amounts of domestic waste in and around the encampment. I suspect that in time the nearby bushes may become used as toilet facilities due to a lack of public toilet facilities.

**Observations:** - The presence of the caravans may discourage people from parking their vehicles on that particular stretch of the highway. The location of the encampment, which is very close to the A3, may cause a distraction for passing traffic.

I suggest that now a short period of toleration has been allowed that serious consideration be given to authorising repossession action under Para 2.1 (a) (c) (d) and (h) of the Hampshire County Council Policy in relation to Unauthorised Encampments.

## **Guidance of Authorising Officer**

### **The Legal Framework**

There is a statutory definition of 'Gypsies' which is contained in the Caravan Sites and Control of Development Act 1960 (as amended by the Criminal Justice and Public Order Act 1994) namely, "persons of nomadic habit of life, whatever their race or origin". The term does not include members of an organised group of travelling show people or circus people travelling together as such.

Case Law has excluded from the definition those people who move from place to place, without any connection between their movement and their means of livelihood.

### **Site Provision**

The Caravan Sites and Control of Development Act 1960 (as amended by the criminal Justice and Public Order Act 1994) permits local authorities (including County, Borough and District Council) to provide and manage sites for caravans and to provide in or in connection with Gypsy caravan sites working space and facilities for the carrying on of such activities as are normally carried on by Gypsies. Following the enactment of the 1994 Act, Hampshire County Council is no longer under a duty to provide such sites.

### **Unauthorised Encampments – Council Powers**

Hampshire County Council may employ any of the following powers to move unauthorised traveller encampments:

1. Section 77 of the Criminal Justice and Public Order Act 1994 which gives local authorities the power to direct persons to leave land and remove any vehicles or property. If a direction is not complied with a Magistrates Court Order can be obtained, under Section 78 of the 1994 Act, requiring the removal of any persons on the land together with their vehicles and property.

If a person fails to comply with such a direction or if he complies but then re-enters the land within a period of three months, an offence is committed under the 1994 Act.

2. Section 143 of the Highways Act 1980 gives power to a highway authority to remove, on one month's notice, any structures set up on a highway. The definition of structures includes a

**HAMPSHIRE COUNTY COUNCIL  
GYPSY AND TRAVELLER UNIT  
SITE VISIT REPORT**

caravan or vehicle and a Court Order is not necessary under this section. Hampshire County Council, as the highway authority, can therefore exercise this power.

3. A possession order may be obtained in the civil court requiring the removal of any trespasser from Council land or land in their management. Prior to such application the County Council should make itself aware of all the material facts of the case and undertake such investigations of the occupants.
4. Common Law Eviction – where Council land is occupied by trespassers, the Council is not, at common law, obliged to go to the courts to obtain possession. The Council can lawfully eject such trespassers providing that no more force is used than is reasonably necessary. However, the Government's 'Good Practice Guide on Managing Unauthorised Camping' advises that where appropriate a route which requires a Court Order Should be followed.

**Enforcement Proceedings Concerning Travellers**

---

I certify that I have considered the Human Rights of the Travellers presently located at

**London Road, Clanfield, Hampshire**

In approaching the matter, I have sought to have regard to their human rights (balanced with the human rights of others) and, in particular, I have sought:

- i) To act fairly, openly and promptly as possible;
- ii) To explain our procedures and requirements clearly in a language which the Travellers understood;
- iii) To consider all matters raised by the Travellers;
- iv) To consider any representations on behalf of the Travellers;
- v) To explain the reasons for our decisions.

I claim to be entitled to seek restriction of the human rights of the Travellers both on the basis that there is no human right of unlawful trespass and that I am acting in accordance with the law and further in accordance with the following stated qualifications, namely:

- i) Public safety; and / or
- ii) The prevention of disorder or crime; and / or
- iii) The protection of the rights and freedoms of others.

I have approached the question of the discrimination and I am acting on the merits of the matter without discrimination.

On the matter of protection of possessions, the action which the council is taking is in the public interest and under, and in accordance with the law.

**SUMMARY FOR GUIDANCE OF AUTHORISING OFFICER**

I visited the site at 12.55 hours on Tuesday 29<sup>th</sup> January 2019.

**People and Vehicles:** - I saw the caravans as described on page 2 of this report.

On 28<sup>th</sup> January I was contacted by TVBC about the presence of a single caravan on Highways land at Picket Twenty near Boulter Road, Andover.

**HAMPSHIRE COUNTY COUNCIL  
GYPSY AND TRAVELLER UNIT  
SITE VISIT REPORT**

On arrival, I recognised the caravan as belonging to Mrs Margaret and Mr Albert Bowers and that I have previously met Margaret and Albert at encampments at various locations around Hampshire.

After knocking on the door of the caravan several times I was satisfied that no one was in the caravan, all the blinds in the caravan were also drawn.

I then served the Notice To Quit by placing it on the step of the caravan.

As I walked back to my car I saw one petrol generator, this was not running but I suspect will cause high levels of noise pollution to the residential properties which are located only 150 metres away.

**Environment:** - Although the encampment was generally free from rubbish I suspect that in time the nearby bushes may become used as toilet facilities. The generator that was present at the time of my visit was not running but I suspect that during the hours of darkness the noise levels will affect the residential properties that are situated 100-150 metres away.

**Observations:** - The presence of the caravan may discourage people from using the layby for temporary parking.

I suggest that now a short period of toleration has been allowed that serious consideration be given to authorising repossession action under Para 2.1 (a) (c) (d) and (h) of the Hampshire County Council Policy in relation to Unauthorised Encampments.

### The Legal Framework

There is a statutory definition of 'Gypsies' which is contained in the Caravan Sites and Control of Development Act 1960 (as amended by the Criminal Justice and Public Order Act 1994) namely, "persons of nomadic habit of life, whatever their race or origin". The term does not include members of an organised group of travelling show people or circus people travelling together as such.

Case Law has excluded from the definition those people who move from place to place, without any connection between their movement and their means of livelihood.

### Site Provision

The Caravan Sites and Control of Development Act 1960 (as amended by the Criminal Justice and Public Order Act 1994) permits local authorities (including County, Borough and District Council) to provide and manage sites for caravans and to provide in or in connection with Gypsy caravan sites working space and facilities for the carrying on of such activities as are normally carried on by Gypsies. Following the enactment of the 1994 Act, Hampshire County Council is no longer under a duty to provide such sites.

### Unauthorised Encampments – Council Powers

Hampshire County Council may employ any of the following powers to move unauthorised traveller encampments:

1. Section 77 of the Criminal Justice and Public Order Act 1994 which gives local authorities the power to direct persons to leave land and remove any vehicles or property. If a direction is not complied with a Magistrates Court Order can be obtained, under Section 78 of the 1994 Act, requiring the removal of any persons on the land together with their vehicles and property.

If a person fails to comply with such a direction or if he complies but then re-enters the land within a period of three months, an offence is committed under the 1994 Act.

2. Section 143 of the Highways Act 1980 gives power to a highway authority to remove, on one month's notice, any structures set up on a highway. The definition of structures includes a caravan or vehicle and a Court Order is not necessary under this section. Hampshire County Council, as the highway authority, can therefore exercise this power.
3. A possession order may be obtained in the civil court requiring the removal of any trespasser from Council land or land in their management. Prior to such application the County Council should make itself aware of all the material facts of the case and undertake such investigations of the occupants.
4. Common Law Eviction – where Council land is occupied by trespassers, the Council is not, at common law, obliged to go to the courts to obtain possession. The Council can lawfully eject such trespassers providing that no more force is used than is reasonably necessary. However, the Government's 'Good Practice Guide on Managing Unauthorised Camping' advises that where appropriate a route which requires a Court Order Should be followed.

I certify that I have considered the Human Rights of the Travellers presently located at

**Picket Twenty near Boulter Road, Andover**

In approaching the matter, I have sought to have regard to their human rights (balanced with the human rights of others) and, in particular, I have sought:

- i) To act fairly, openly and promptly as possible;
- ii) To explain our procedures and requirements clearly in a language which the Travellers understood;
- iii) To consider all matters raised by the Travellers;
- iv) To consider any representations on behalf of the Travellers;
- v) To explain the reasons for our decisions.

I claim to be entitled to seek restriction of the human rights of the Travellers both on the basis that there is no human right of unlawful trespass and that I am acting in accordance with the law and further in accordance with the following stated qualifications, namely:

- i) Public safety; and / or
- ii) The prevention of disorder or crime; and / or
- iii) The protection of the rights and freedoms of others.

I have approached the question of the discrimination and I am acting on the merits of the matter without discrimination.

On the matter of protection of possessions the action which the council is taking is in the public interest and under, and in accordance with the law.

**SUMMARY FOR GUIDANCE OF AUTHORISING OFFICER**

I visited the site at 12.15 hours on Tuesday 29<sup>th</sup> January 2019.

**People and Vehicles:** - I saw the caravans as described on page 2 of this report.

On 15<sup>th</sup> January I was contacted by TVBC about the presence of a single caravan on Highways land on Micheldever Road, near the closed reservoir, Andover

**HAMPSHIRE COUNTY COUNCIL  
GYPSY AND TRAVELLER UNIT  
SITE VISIT REPORT**

I approached the caravan and knocked on the door. The door was opened and an adult male who is known to me as [REDACTED]. Mr [REDACTED] and his partner [REDACTED] were at a previous encampment in the Andover area on Highways land, where I first met them both.

Mr [REDACTED] informed me that the caravan was no too damaged to be towed effectively and legally and that it would have to be put onto a low loader in order to be moved.

Mr [REDACTED] did not indicate where a low loader could be found or who would pay to have the caravan removed.

When asked Mr [REDACTED] told me that he and [REDACTED] have no new relevant welfare issues that I needed to be aware of.

I informed Mr [REDACTED] that the caravan was situated on land owned by Hampshire County Council and would be required to move. Failure to do so would result in Court action.

Mr [REDACTED] was not in a good mood and after being handed the Notice To Quit, effective for 12pm Friday 1<sup>st</sup> January, said goodbye and closed the door of the caravan. I then left the site.

**Environment:** - Although the encampment was generally free from rubbish I suspect that in time the nearby bushes may become used as toilet facilities.

**Observations:** - There was evidence that a fire had been lit, but I could see no damage to nearby trees so unsure where fuel for the fire was obtained from.

I suggest that now a short period of toleration has been allowed that serious consideration be given to authorising repossession action under Para 2.1 (a) (c) (d) and (h) of the Hampshire County Council Policy in relation to Unauthorised Encampments.

**SUMMARY FOR GUIDANCE OF AUTHORISING OFFICER**

I visited the site at 14.05 hours on Thursday 3<sup>rd</sup> January 2019.

**People and Vehicles:** - I saw the caravans and vehicles as described on page 2 of this report.

On 2<sup>nd</sup> January I was contacted by TVBC about the presence of a single caravan on Highways land on Micheldever Road, Andover.

**HAMPSHIRE COUNTY COUNCIL  
GYPSY AND TRAVELLER UNIT  
SITE VISIT REPORT**

On arrival, I recognised the caravan as belonging to Mrs Margaret and Mr Albert Bowers and that I have previously met Margaret and Albert at encampments at various locations around Hampshire.

After knocking on the door of the first caravan several times, no reply to my knocking, I approached the second caravan calling out "Mrs Bowers." The door of the caravan was opened by Margaret Bowers.

After exchanging pleasantries, Margaret told me that they had arrived on 31.12.18 and that their intention was to "only stay a few days". Margaret also told me that they did not like the location and did not feel particularly safe, she said that on several occasions during the nights, groups of youths, possibly drug users would walk noisily up and down the road, past their caravan. Items had been stolen and Margaret assumed it was by these groups of youths.

The police had been called on more than one occasion but apparently had failed to visit the site. Mrs Bowers confirmed to me that neither she or Albert had any relevant welfare issues (in particular health, housing or educational) that I needed to be aware of.

I then served the Notice To Quit by handing it to Mrs Bowers and said goodbye, Mrs Bowers then closed the door of her caravan. I then made a brief visual inspection of the site, confirmed that the vehicle details were the same for the caravan (which they were) and then left the site.

As I walked back to my car I saw one petrol generator, this was not running but I suspect will cause high levels of noise pollution to the residential properties which are located only 150 metres away. I also observed a Jack Russell dog belonging to the Bowers which was not tied up and was resting in the warm ash of a recent fire.

I know from personal experience that this dog is very protective of the caravan, when the residents are away, and previously this dog has got very close to my ankles while trying to bite them. I suspect that when the residents are away in town the dog could potentially bite members of the public if they were to walk too close to the caravan and to stop and look in the windows of the caravan.

Finally, there were amounts of domestic waste around both caravans however I know from previous visits to this layby that rubbish is dropped routinely by members of the public and the site is usually untidy.

**Environment:** - Although the encampment was generally free from rubbish I suspect that in time the nearby bushes may become used as toilet facilities. The generator that was present at the time of my visit was not running but I suspect that during the hours of darkness the noise levels will affect the residential properties that are situated 100-150 metres away

**Observations:** - The presence of the caravan may discourage people from using the layby for temporary parking

I suggest that now a short period of toleration has been allowed that serious consideration be given to authorising repossession action under Para 2.1 (a) (c) (d) and (h) of the Hampshire County Council Policy in relation to Unauthorised Encampments.

I approached the caravan and knocked on the door. The door was opened and an adult male who is known to me as [REDACTED]. Mr [REDACTED] and his partner [REDACTED] were at a previous encampment in the Andover area on Highways land, where I first met them both.

Mr [REDACTED] informed me that since I saw him last, he and [REDACTED] had been at several different locations in Andover before moving to their present location a few days previously. When asked Mr [REDACTED] told me that he and [REDACTED] have no new relevant welfare issues that I need to be aware of.

I informed Mr [REDACTED] that the caravan was situated on land owned by Hampshire County Council and would be required to move. Failure to do so would result in Court action.

I then served them with a Notice To Quit effective for 12pm Thursday 21<sup>st</sup> December before leaving the site.

**Environment:** - Although the encampment was generally free from rubbish I suspect that in time the nearby bushes may become used as toilet facilities.

**Observations:** - The presence of the caravan may discourage people from using the layby for temporary parking

I suggest that now a short period of toleration has been allowed that serious consideration be given to authorising repossession action under Para 2.1 (a) (c) (d) and (h) of the Hampshire County Council Policy in relation to Unauthorised Encampments.

### The Legal Framework

There is a statutory definition of 'Gypsies' which is contained in the Caravan Sites and Control of Development Act 1960 (as amended by the Criminal Justice and Public Order Act 1994) namely, "persons of nomadic habit of life, whatever their race or origin". The term does not include members of an organised group of travelling show people or circus people travelling together as such.

Case Law has excluded from the definition those people who move from place to place, without any connection between their movement and their means of livelihood.

### Site Provision

The Caravan Sites and Control of Development Act 1960 (as amended by the Criminal Justice and Public Order Act 1994) permits local authorities (including County, Borough and District Council) to provide and manage sites for caravans and to provide in or in connection with Gypsy caravan sites working space and facilities for the carrying on of such activities as are normally carried on by Gypsies. Following the enactment of the 1994 Act, Hampshire County Council is no longer under a duty to provide such sites.

### Unauthorised Encampments – Council Powers

Hampshire County Council may employ any of the following powers to move unauthorised traveller encampments:

1. Section 77 of the Criminal Justice and Public Order Act 1994 which gives local authorities the power to direct persons to leave land and remove any vehicles or property. If a direction is not complied with a Magistrates Court Order can be obtained, under Section 78 of the 1994 Act, requiring the removal of any persons on the land together with their vehicles and property.  
  
If a person fails to comply with such a direction or if he complies but then re-enters the land within a period of three months, an offence is committed under the 1994 Act.
2. Section 143 of the Highways Act 1980 gives power to a highway authority to remove, on one month's notice, any structures set up on a highway. The definition of structures includes a caravan or vehicle and a Court Order is not necessary under this section. Hampshire County Council, as the highway authority, can therefore exercise this power.
3. A possession order may be obtained in the civil court requiring the removal of any trespasser from Council land or land in their management. Prior to such application the County Council should make itself aware of all the material facts of the case and undertake such investigations of the occupants.
4. Common Law Eviction – where Council land is occupied by trespassers, the Council is not, at common law, obliged to go to the courts to obtain possession. The Council can lawfully eject such trespassers providing that no more force is used than is reasonably necessary. However, the Government's 'Good Practice Guide on Managing Unauthorised Camping' advises that where appropriate a route which requires a Court Order Should be followed.

**Micheldever Road, Andover, Hampshire**

In approaching the matter, I have sought to have regard to their human rights (balanced with the human rights of others) and, in particular, I have sought:

- i) To act fairly, openly and promptly as possible;
- ii) To explain our procedures and requirements clearly in a language which the Travellers understood;
- iii) To consider all matters raised by the Travellers;
- iv) To consider any representations on behalf of the Travellers;
- v) To explain the reasons for our decisions.

I claim to be entitled to seek restriction of the human rights of the Travellers both on the basis that there is no human right of unlawful trespass and that I am acting in accordance with the law and further in accordance with the following stated qualifications, namely:

- i) Public safety; and / or
- ii) The prevention of disorder or crime; and / or
- iii) The protection of the rights and freedoms of others.

I have approached the question of the discrimination and I am acting on the merits of the matter without discrimination.

**SUMMARY FOR GUIDANCE OF AUTHORISING OFFICER**

I visited the site at 12.30 on Monday 29<sup>th</sup> October 2018

**HAMPSHIRE COUNTY COUNCIL  
GYPSY AND TRAVELLER UNIT  
SITE VISIT REPORT**

I was made aware of this encampment by Test Valley Borough Council on Friday 26<sup>th</sup> October 2018.

As I approached one of the caravans a voice called out saying jokingly "not you again." An adult female then came out of the caravan and walked towards where I was standing. The woman is known to me as Mrs Margaret Bowers, I have met Margaret on a number of occasions at other unauthorised encampment mainly in the Andover area.

Margaret told me that she along with the other 2 residents arrived on Friday having left their encampment on Bramdean Common and that their plan was to stay for "a couple of weeks."

I then asked generally if she or any of the other residents had any welfare issues, in particular, health, housing and education. Margaret told me that there were no welfare issues.

I then informed Margaret that they were encamped on land owned by Hampshire County Council and would be required to move. Failure to do so would result in Court action.

I then served them with a Notice To Quit effective for 12pm Wednesday 31<sup>st</sup> October 2018. After recording vehicle details I then left the site.

**Environment:** - The site was relatively clean and tidy. Although currently there were no signs that nearby wooded areas and bushes are being used as toilet facilities, I suspect that they will become used as such, due to a lack of any facilities in the nearby area.

**Observations:** - The position and location of the vehicles means that they are mostly hidden from view from passing traffic using Churchill Way.

I suggest that now a short period of toleration has been allowed that serious consideration be given to authorising repossession action under Para 2.1 (a) and (g) of the Hampshire County Council Policy in relation to Unauthorised Encampments.

### The Legal Framework

There is a statutory definition of 'Gypsies' which is contained in the Caravan Sites and Control of Development Act 1960 (as amended by the Criminal Justice and Public Order Act 1994) namely, "persons of nomadic habit of life, whatever their race or origin". The term does not include members of an organised group of travelling show people or circus people travelling together as such.

Case Law has excluded from the definition those people who move from place to place, without any connection between their movement and their means of livelihood.

The Caravan Sites and Control of Development Act 1960 (as amended by the Criminal Justice and Public Order Act 1994) permits local authorities (including County, Borough and District Council) to provide and manage sites for caravans and to provide in or in connection with Gypsy caravan sites working space and facilities for the carrying on of such activities as are normally carried on by Gypsies. Following the enactment of the 1994 Act, Hampshire County Council is no longer under a duty to provide such sites.

### Unauthorised Encampments – Council Powers

Hampshire County Council may employ any of the following powers to move unauthorised traveller encampments:

1. Section 77 of the Criminal Justice and Public Order Act 1994 which gives local authorities the power to direct persons to leave land and remove any vehicles or property. If a direction is not complied with a Magistrates Court Order can be obtained, under Section 78 of the 1994 Act, requiring the removal of any persons on the land together with their vehicles and property.

If a person fails to comply with such a direction or if he complies but then re-enters the land within a period of three months, an offence is committed under the 1994 Act.

2. Section 143 of the Highways Act 1980 gives power to a highway authority to remove, on one month's notice, any structures set up on a highway. The definition of structures includes a caravan or vehicle and a Court Order is not necessary under this section. Hampshire County Council, as the highway authority, can therefore exercise this power.
3. A possession order may be obtained in the civil court requiring the removal of any trespasser from Council land or land in their management. Prior to such application the County Council should make itself aware of all the material facts of the case and undertake such investigations of the occupants.
4. Common Law Eviction – where Council land is occupied by trespassers, the Council is not, at common law, obliged to go to the courts to obtain possession. The Council can lawfully eject such trespassers providing that no more force is used than is reasonably necessary. However, the Government's 'Good Practice Guide on Managing Unauthorised Camping' advises that where appropriate a route which requires a Court Order Should be followed.

I visited the site at 10.35 hours on Thursday 20<sup>th</sup> September 2018.

**HAMPSHIRE COUNTY COUNCIL  
GYPSY AND TRAVELLER UNIT  
SITE VISIT REPORT**

**People and Vehicles:** - I saw the caravans and vehicles as described on page 2 of this report.

I approached the caravan and knocked on the door. The door opened and an adult male came out of the caravan followed by an adult female. They identified themselves as [REDACTED] and [REDACTED], [REDACTED] and [REDACTED] are a couple.

Mr [REDACTED] informed me that since being made homeless by the local housing authority, they had purchased a caravan and decided to live in it until such time as they could get rehoused. Mr [REDACTED] also informed me that the reason they were evicted was due to rent arrears.

I asked generally if there were any welfare issues and was told by both Mr [REDACTED] and Ms [REDACTED] were well and did not require any assistance. However Ms [REDACTED] informed me that she was pregnant and expecting a child, the due date for the birth is [REDACTED]

I informed all that I saw that they were encamped on land owned by Hampshire County Council and would be required to move. Failure to do so would result in Court action.

I then served them with a Notice To Quit effective for 12pm Friday 21<sup>st</sup> September. After recording vehicle details I then left the site.

**Environment:** - Although the encampment was generally free from rubbish I suspect that in time the nearby bushes may become used as toilet facilities.

**Observations:** - The presence of the caravan may discourage people from accessing the large green area adjacent.

I suggest that now a short period of toleration has been allowed that serious consideration be given to authorising repossession action under Para 2.1 (a) (c) (d) and (h) of the Hampshire County Council Policy in relation to Unauthorised Encampments.

### The Legal Framework

There is a statutory definition of 'Gypsies' which is contained in the Caravan Sites and Control of Development Act 1960 (as amended by the Criminal Justice and Public Order Act 1994) namely, "persons of nomadic habit of life, whatever their race or origin". The term does not include members of an organised group of travelling show people or circus people travelling together as such.

Case Law has excluded from the definition those people who move from place to place, without any connection between their movement and their means of livelihood.

### Site Provision

The Caravan Sites and Control of Development Act 1960 (as amended by the Criminal Justice and Public Order Act 1994) permits local authorities (including County, Borough and District Council) to provide and manage sites for caravans and to provide in or in connection with Gypsy caravan sites working space and facilities for the carrying on of such activities as are normally carried on by Gypsies. Following the enactment of the 1994 Act, Hampshire County Council is no longer under a duty to provide such sites.

### Unauthorised Encampments – Council Powers

Hampshire County Council may employ any of the following powers to move unauthorised traveller encampments:

1. Section 77 of the Criminal Justice and Public Order Act 1994 which gives local authorities the power to direct persons to leave land and remove any vehicles or property. If a direction is not complied with a Magistrates Court Order can be obtained, under Section 78 of the 1994 Act, requiring the removal of any persons on the land together with their vehicles and property.

If a person fails to comply with such a direction or if he complies but then re-enters the land within a period of three months, an offence is committed under the 1994 Act.

2. Section 143 of the Highways Act 1980 gives power to a highway authority to remove, on one month's notice, any structures set up on a highway. The definition of structures includes a caravan or vehicle and a Court Order is not necessary under this section. Hampshire County Council, as the highway authority, can therefore exercise this power.
3. A possession order may be obtained in the civil court requiring the removal of any trespasser from Council land or land in their management. Prior to such application the County Council should make itself aware of all the material facts of the case and undertake such investigations of the occupants.
4. Common Law Eviction – where Council land is occupied by trespassers, the Council is not, at common law, obliged to go to the courts to obtain possession. The Council can lawfully eject such trespassers providing that no more force is used than is reasonably necessary. However, the Government's 'Good Practice Guide on Managing Unauthorised Camping' advises that where appropriate a route which requires a Court Order Should be followed.

**SUMMARY FOR GUIDANCE OF AUTHORISING OFFICER**

I visited the site at 11.50 hours on Monday 24<sup>th</sup> September 2018.

**HAMPSHIRE COUNTY COUNCIL  
GYPSY AND TRAVELLER UNIT  
SITE VISIT REPORT**

**Location:** From my office in Winchester I took the B3049 towards Stockbridge. At Stockbridge I then took the A3057 towards Kimbridge. I then turned right onto Kimbridge Lane. I then turned right onto Dunbridge Lane. I then turned left onto Lockerley Road. I then turned right onto Lockerley Road. I then turned left onto East Dean Road before arriving at my destination.

**People and Vehicles:** - I saw the caravans and vehicle as described on page 2 of this report.

As I approached the nearest caravan I could see through the window an adult male who I identified as Mr Smith, who was watching television. Mr Smith is known to me through previous unauthorised encampments in the Ashley and Grateley areas of Hampshire.

I knocked on the window and Mr Smith came to the open door of the caravan. Mr Smith said to me that they would not be moving and that "you will have to take us to Court."

I asked Mr Smith if there were any relevant welfare issues that I should be aware of, in particular health education and housing and Mr Smith said there were none and that the children were home schooled.

I informed Mr Smith that I was serving a Notice To Quit effective for 12pm midday on Tuesday 25<sup>th</sup> September 2018 and that failure to move may result in legal action. Mr Smith said "put it under the step, which I did. He then returned to watching the television.

After recording vehicle details and a brief inspection of the site and the surrounding area I then returned to my vehicle.

As I was about to get into my car a vehicle pulled up (as described on page 2 of this report) and I observed an adult female, 3 children and a young adult male get out and walk towards me. I recognised the woman as Mrs [REDACTED], the partner of Mr Smith, I also recognised the 3 children as belonging to Mrs [REDACTED] and Mr Smith. The young adult male I did not recognise but surmised from his behaviour that he was the adult son of the couple.

Mrs [REDACTED] and her 4 children came over to where I was standing and we exchanged pleasantries, Mr Smith then emerged from the caravan and joined us.

Mrs [REDACTED] talked about her and her family's situation in being homeless and her hopes that the local authority, Test Valley Borough Council (TVBC) / the Aster Housing Association would house them soon.

I asked Mrs [REDACTED] if she was in regular contact with TVBC and Aster as regards being housed and Mrs [REDACTED] said that they had not been helpful and that she had not been offered any accommodation. I advised her to keep engaging with both organisations as this would increase her chances of being offered accommodation.

I said that I would make initial enquiries with both TVBC and Aster in order to get an update from both as regards Mrs [REDACTED] request for housing accommodation. I asked if I could take her mobile phone number so that I could let her know the result of my enquiries, Mrs [REDACTED] then gave me her mobile number.

**HAMPSHIRE COUNTY COUNCIL  
GYPSY AND TRAVELLER UNIT  
SITE VISIT REPORT**

Before leaving the site I reminded Mrs [REDACTED] they were encamped on land owned by Hampshire County Council and would be required to move. Failure to do so would result in Court action.

**Addendum Tuesday 25<sup>th</sup> September 2018 – site visit 13.10pm**

I visited the site again in order to ascertain whether the residents had complied with the Notice To Quit and vacated the site. Both caravans were still parked in the lay by. As with my previous visit on Monday 24<sup>th</sup> September I could see Mr Smith sitting in the caravan. Mr Smith saw me and came to the door.

I asked Mr Smith if Mrs [REDACTED] was in and he replied that she was out shopping he then returned to his seat in the caravan and I took that to mean that the conversation was over. I called out that I would call Mrs [REDACTED] on her mobile and left the site.

From my car I called Mrs [REDACTED] but got her voicemail. I left a message asking her to call me as soon as she could to discuss why she has failed to comply with the Notice. To date she has not yet returned my call.

**Environment:** - From my inspection of the encampment and surrounding area I could see domestic rubbish in and around the site as well as dog waste (there is a tethered brown and white spaniel at the encampment). There were also a number of baby wipes that were in the nearby hedge and on the field behind the encampment as well as the smell of urine. From these observations I suspect that the hedges and the field behind the hedge may be being used as toilet facilities.

**Observations:** - The encampment is situated on a lay by in close proximity to a busy road. The presence of the two caravans could cause a distraction to passing traffic. A generator was running on the 2 occasions that I visited the site. I suspect that this will cause a level of noise pollution to the 2 residential properties that are less than 100 metres from the encampment, particularly during the hours of darkness.

I suggest that now a short period of toleration has been allowed that serious consideration be given to authorising repossession action under Para 2.1 (a), (c), (e), (g) and (h) of the Hampshire County Council Policy in relation to Unauthorised Encampments.

Unauthorised Encampment at GREENWICH WAY, ANDOVER.					
Police have attended the location and spoken to Albert BOWERS.					
The location is a dead end public road in an industrial estate and the vehicles have parked on the road. The vehicles are parked on the road and are not blocking and business entrances or junctions.					
Present at the site are the following vehicles:					
NA08 ONP – Ford Transit Panel Van					
SN69 KEK – Ford Tipper Van					
Caravan with reg NA08 ONP					
Caravan with reg LV16 OPK					
Caravan with reg NA08 ONP					
There was a controlled fire lit on the grass area at the side of the road. A washing line set up between 2 trees and a petrol generator was running. There was no rubbish or waste around the site.					
Albert BOWERS was spoken to along with another male who did not provide his details. BOWERS is a regular around Andover and stated that he intends to stay on the site for a few days and then they are planning on heading further north. However, the group were previously by Finkley Down Farm where they stated they were hoping to stay as long as possible. BOWERS said they are still doing gardening work but he leaves it to his sons now.					
BOWERS said that it was the same people from the Finkley Farm site that were in the caravans, although only BOWERS, the other male and a young girl on a scooter were seen.					

There was nothing visible or disclosed to give any concern for the occupiers of the site.

The business premises adjacent to the road is [REDACTED] There are no residential addresses near to or overlooking the site. It is not a through route for pedestrians and as such the community impact should be relatively low provided there are no issues between the businesses and the encampment.

Calls have been made to Paul CASS at TVBC to make them aware as the land owner, but there is currently no answer as it is out of hours – [REDACTED]

Call to the HCC Gypsy and Traveller Liaison Officer is also not being answered.

At this time the community impact appears low, the risk to the public and the occupiers appears low, TVBC (the land owner) has not been made aware and the occupiers have been made aware that regular Police visits will be made.

At approximately 1000 hours today (02/03/2020) police attended the Unauthorised Encampment.

The following vehicles were present.

SN69 KEK – Open tipper truck  
NA08 ONP – Ford Transit Panel van – Green waste could be seen hanging out the bottom of the doors

LV16 OPK – Caravan  
SN69 KEK – Caravan  
Another caravan with no plate

Log entry: Police spoke to a male who identified himself as [REDACTED] who stated that their intention is to remain at GREENWICH WAY for the next few days and then continue onto SOMERSET.

There was a large pile of green waste on the verge beyond the vehicles.

Contact has been made with Lorraine COOPER – Environmental Service Officer re the green waste. Lorraine would like to issue the relevant docs re the green waste. It has been agreed Lorraine will attend Andover Police Station at 1300 hours tomorrow (03/03/2020) and NPT officers will assist Lorraine attending the encampment and issuing the docs.

Intelligence review 03/03/2020 10:37 #17324 PARKER, S. No

Yesterday afternoon 02/03/20 at 1600hrs, I bumped into Albert BOWERS as I left the [REDACTED] He was walking into the exit and clipped my shoulder accidentally. He recognised me from previous dealings. He was with a IC1 male with dark hair in his 20's. Outside was a white Ford Transit NA08 ONP parked in a disabled parking bay.

PNC shows this vehicle has a marker added 15/09/19 by Essex Police in relation to a theft of fuels, driver/occupant details required. I have e mailed PS MACDONALD NPT with details.

Log entry: Checking RMS, we do not hold an image of the vehicle keeper [REDACTED] or the insured parties, both Frank LOVERIDGE one [REDACTED] and the other [REDACTED]

A further visit to the site is planned and some BWV of those present would be beneficial to get some up to date images.

The silver Ford Transit Tipper SN69 KEK is registered to Albert BOWERS at [REDACTED] and he is the only insured party.

LV16 OPK recorded on a caravan is shown on PNC as a blue Mercedes 350 estate no current keeper, prev keeper from [REDACTED] old DVLA he was no longer the keeper. No insurance shown in trade.

Enquiry log 03/03/2020 16:56 #23264 MACKENZIE, H. No  
The following docs have been issued at the encampment today 03/03/2020

Notice to Quit - 1200hrs Friday 6th March 2020  
Requirement to present a waste carrier licence

Log entry: At time of police attendance there were three dogs which were unleashed. Rod MASON (Dog Warden) seized a light coloured greyhound/whippet type and a Jack Russell type puppy. The third dog could not be caught.

Since this time the owners of the dogs have attended Andover Police Station and asked for their dogs. They have been given telephone number for Test Valley Borough Council.

WHAT HAS HAPPENED?

Police were called by [REDACTED] on the Andover business park due to travellers turning up.

The travellers have broken the padlock to the gate that is owned by [REDACTED] business company and have then parked up behind the gates on the land owned by [REDACTED]. They are currently in the process of speaking with the bailiffs to arrange to get them removed from the site.

There is 10 cars and caravans approximately on the site.

Two females who are part of the group have tailgated into the building behind delivery staff. Once they have gone into the building they have both helped themselves to drinks from the fridge which was a can of coke and a bottle of water.

They have then been asked to leave by two different members of staff, a [REDACTED]. They were putting their feet all over the furniture and being obstructive for some time, eventually they agreed to leave and [REDACTED] escorted them out of the building and off of the premises.

During which one of the females wearing a DRESSING GOWN, threw a coke can towards [REDACTED] which did not hit him, and he was not put in fear by them. He has however provided a statement and the occurrence has been linked for common assault. She had also threatened to key the members of staffs car.

Another member of staff [REDACTED] also was asking them to leave the premises and DRESSING GOWN threatened to get her husband to beat him up.

Offences:

Theft of the drinks from the fridge, and non dwelling break having entered a building they had no right to be in. Criminal damage also for cutting the gate

Common Assault and threats to cause criminal damage- [REDACTED] having coke can thrown towards him and threatened for staff members cars to be keyed

Public order- against [REDACTED] being threatened to be beaten up and he feared violence.

At the current time of writing a decision is being made around the action that is likely to be taken but at this time no arrests have yet been made.

### OIC FINAL WORKING SHEET

### INVESTIGATION

Concise summary of the investigation, or location of summary of evidence.

Travellers had made an encampment outside the business [REDACTED] two of them then tailgated their way into the building and refused to leave when staff asked them to and continued to be abusive. Travellers were evicted by police and the help of the Bailiffs, I have re-visited the victim and they do not wish to pursue a complaint further. The business's main aim was to have them removed, which has been done. The business does not wish to pursue a complaint further.

WHAT HAS HAPPENED?

Log entry:

Police were called by [REDACTED] on the Andover business park due to travellers turning up.

The travellers have broken the padlock to the gate that is owned by [REDACTED] business company and have then parked up behind the gates on the land owned by [REDACTED]. They are currently in the process of speaking with the bailiffs to arrange to get them removed from the site.

There is 10 cars and caravans approximately on the site.

Two females who are part of the group have tailgated into the building behind delivery staff. Once they have gone into the building they have both helped themselves to drinks from the fridge which was a can of coke and a bottle of water.

They have then been asked to leave by two different members of staff, a [REDACTED] [REDACTED]. They were putting their feet all over the furniture and being obstructive for some time, eventually they agreed to leave and [REDACTED] escorted them out of the building and off of the premises.

During which one of the females wearing a DRESSING GOWN, threw a coke can towards [REDACTED] which did not hit him, and he was not put in fear by them. He has however provided a statement and the occurrence has been linked for common assault. She had also threatened to key the members of staffs car.

Another member of staff [REDACTED] also was asking them to leave the premises and DRESSING GOWN threatened to get her husband to beat him up.

Offences:

Theft of the drinks from the fridge, and non dwelling break having entered a building they had no right to be in. Criminal damage also for cutting the gate

Common Assault and threats to cause criminal damage- [REDACTED] having coke can thrown towards him and threatened for staff members cars to be keyed

## Witness Statement

Criminal Procedure Rules, r 27.2; Criminal Justice Act 1967, s. 9; Magistrates' Court Act 1980. s.5B

Statement Of: [REDACTED]

URN:

Age (If Under 18): Over 18

Occupation: Technical manager

1 I am the above named person working at [REDACTED] on Pioneer Way Andover Hants.

5 On Monday 28th October 2019 I was lunch in our canteen where the windows face out onto Pioneer Way but where it leads to a dead end. There is wire fence panels across the road prior to the end of the road which I know were padlocked. This road leads to another plot adjacent to my place of work.

There is a footpath that runs through the site and this is not blocked by fencing.

10 The time was just after 12:40 hours when I saw a convoy of three or four caravans travelling towards the metal fencing .

All vehicles stopped one behind another.

The front vehicle was a sign written white panel van. The sign writing said " EAZY GARDENING Tel No 01202 ....."

15 This vehicle turned around and came in to the companies car park and parked up in a space infront of the energy centre on the right hand side of the building.

We continued watching and about four males got out of the vehicles and made their way to where the metal fence panels join and and where they are padlocked.

20 One of them was trying to force the lock. I could not see any tools however after about only 1-2 minutes the padlock had been forced and the wire fence panels were moved back like gates.

25 One of the males had white trainers but other than that I am unable to describe anything else about them.

Once the gates were opened the males got back in the cars and drove them and their caravans attached into the area that had been sectioned off.

30 I then finished my lunch break and returned to my office which is downstairs on the same level as reception still with a view to the car park at the front of our building.

35 I then viewed more caravans moving into the area that had just been accessed by the first group.

## Witness Statement

Statement Of: [REDACTED]

URN:

Shortly after a person in my office said "There are two women walking by one in a dressing gown".

40 I looked outside but didnt see anyone however as I thought that the travellers maybe trying to get into reception I walked to reception to see if I could help if anything was about to happen.

45 When I got to reception I saw two females , one in a light pink dressing gown, tailgating a person who had just entered the reception door. The reception door has an access system to stop any persons not allowed to be here outside however in this case it was clear that the two women had followed someone in closely behind.

50 The two women entered the reception area and went and sat on the sofas that we have for clients and customers.

55 The woman who was wearing the pink dressing gown was a white female with shorter hair than the second woman. She had a strong southern irish accent. I cannot remember exactly what colour or style the trousers were that she was wearing.

The second woman was also a white female she was wearing blue jeans and a black leather jacket . She had dark brown hair which was just passed her shoulders in length. Woman one stated that woman two was pregnant so we couldnt kick her out.

60 Our receptionist asked them who they were here to see and the one wearing the dressing gown said " MY HUSBAND WANTS TO SEE THE SITE OWNER".

After saying that they both got up and walked towards the cold drinks fridge in which we have cans of coke and water.

65 The two women opened the door to the fridge and started helping themselves to cans of coke. The woman in the dressing gown had a can in each pocket of her dressing gown and a third one in her hand.

70 Woman two had a bottle of water from the fridge in her hands.

I said to the women "You are not allowed to help yourselves to the drinks as they are for our customers". The woman in the dressing gown said to me "WE ARE CUSTOMERS".

## Witness Statement

Statement Of: [REDACTED]

URN:

75 I said "I dont think you are" . The same woman then said "I DONT LIKE HOW AGGRESIVE  
YOU ARE BEING I AM GOING TO GET MY HUSBAND TO BEAT YOU UP".

I took this as a threat and not knowing who or where he could be , although I assumed  
nearby, I was worried especially as our site is very open and one way in and one way out.

80 They went back down and sat on the sofa again and put their feet all over the sofas.

My colleagues asked the women to leave but the woman in the dressing gown said "ITS A  
PUBLIC PLACE WE DONT HAVE TO GO".

They also said "WE WANT TO USE THE TOILET".

85 They were told that they could not and that they would have to leave.

This went on for a couple of minutes until they then got up and left through the door that  
they entered.

90 The women were followed by some of my colleagues whilst I went round to the other  
entrance to the building to ensure that they didnt reaccess the building through that door.

95 As they were passing I saw the woman with the dressing gown turn and throw an open coke  
can at one of my colleagues following her . It did not hit him but landed near to him.

The women then continued to walk through the public footpath towards where the caravans  
were parked.

100 That is the last I saw of the women.

The whole incident took place over about 30 minutes. The first I saw the women they were  
about 10 metres away but when I was threatened the woman in the pink dressing gown was  
about two metres away.

105 Visibility was good as it was during the day and in reception we have very good lighting.

There were no obstructions to my view.

110 The pink dressing gown was very distinctive as was the womans accent.

WHAT HAS HAPPENED?

Police were called by [REDACTED] on the Andover business park due to travellers turning up.

The travellers have broken the padlock to the gate that is owned by [REDACTED] business company and have then parked up behind the gates on the land owned by [REDACTED]. They are currently in the process of speaking with the bailiffs to arrange to get them removed from the site.

There is 10 cars and caravans approximately on the site.

Two females who are part of the group have tailgated into the building behind delivery staff. Once they have gone into the building they have both helped themselves to drinks from the fridge which was a can of coke and a bottle of water.

They have then been asked to leave by two different members of staff, a [REDACTED]. They were putting their feet all over the furniture and being obstructive for some time, eventually they agreed to leave and [REDACTED] escorted them out of the building and off of the premises.

During which one of the females wearing a DRESSING GOWN, threw a coke can towards [REDACTED] which did not hit him, and he was not put in fear by them. He has however provided a statement and the occurrence has been linked for common assault. She had also threatened to key the members of staffs car.

Another member of staff [REDACTED] also was asking them to leave the

premises and DRESSING GOWN threatened to get her husband to beat him up.

Offences:

Theft of the drinks from the fridge, and non dwelling break having entered a building they had no right to be in. Criminal damage also for cutting the gate

Common Assault and threats to cause criminal damage- [REDACTED] having coke can thrown towards him and threatened for staff members cars to be keyed

Public order- against [REDACTED] being threatened to be beaten up and he feared violence.

At the current time of writing a decision is being made around the action that is likely to be taken but at this time no arrests have yet been made.

The business main interest at this current time is to have them removed from the site

#### Summary

Report of two traveller females trespass into [REDACTED] ANDOVER BUSINESS PARK and steal several drinks. When discovered by staff and asked to leave they refused and became abusive. Whilst eventually being escorted from the building [REDACTED] had a can of coke thrown at him however it did not hit him.

[REDACTED] has then had threats of violence made towards him.

An illegal encampment is then realised where at the time of writing at least 9 cars and 9 caravans remain.

The landowner is [REDACTED] sent bailiffs from [REDACTED] to the encampment and served them a notice to vacate the land by 21:00 28/10/2019 otherwise they will exercise their right to removal under common law. They have bailiffs onsite who are remaining overnight.

44190386641 - Non-dwelling burglary + criminal damage (Victim = [REDACTED])  
No statement from the company as yet however staff have provided statements detailing non-dwelling burglary.

44190386731 - Assault: Non injury + Threats to cause criminal damage (Victim = [REDACTED])  
MG11 obtained

44190386750 - s4 Public order (Victim = [REDACTED])

#### 44190386829 - OP QUEBEC

S61 not in place currently (damage to access the site has been witnessed and in the statement of [REDACTED] required number of persons/vehicles are present)  
Notice to leave has been given by landowners who have bailiffs remaining on site.

The victims of all offences were not keen to pursue action against the females responsible as they were concerned about retaliation towards themselves and towards the business.

INSP 1904 ORD was consulted and the decision was made that due to limited resources and the early indication that those present would be very resistant towards Police requiring a protracted L2 deployment that the crimes will be recorded and inline with the victims wishes

further investigation or action will not be taken as thankfully the offences that had been committed were minor in nature.  
This is an initial flash review and the circumstances and outcomes may change as the incident develops.

OIC FINAL WORKING SHEET

### INVESTIGATION

Concise summary of the investigation, or location of summary of evidence.

Male has been assaulted whilst at work by the travellers when he has challenged them by being in the building. Police have worked with the bailiffs to remove them and the aggrieved is more than satisfied that they have now left, he does not wish to pursue anything further. Suspect is seen on CCTV however further details for them had not yet been established.

Filed outcome 14.

Has the Victims Code been complied with and is there a Victim Contract Agreement recorded on the occurrence? Yes

Has an outcome officer been added to the Current police tab? - Yes <If not - link here>

Have any other crimes been mentioned during the course of this investigation i.e. on the ALTARIS, in statements, risk assessment etc? No - If so ensure they are recorded and quote crime number here.

If Not recorded why not? i.e. already recorded (quote crime number), same victim/ offender relationship and reported at the same time, facts as reported do not meet points to prove for recording an offence and state what is missing etc.

### OUTCOME

Log entry: Outcome 14 - Evidential Difficulties: Suspect not Identified

The victim either declines or is unable to support further police investigation to identify the offender, this would include circumstances where the victim is under 18 and the parents do not allow the child to ID the offender, or where the victim knows the identity of the offender but declines to support police to identify the offender.

Where is the rationale recorded, detailing why victim is declining or unable to support? in the oel

Has the victim, or in the case of a child, their parent / guardian (unless not appropriate) been informed that the case will be dealt with in this way? Yes - Who informed them?

If the victim tries to identify the suspect without success and the suspect is never identified another Outcome (Outcome 18) should be used.

#13083 TAYLOR, B. No T1901829768 Submitted for filing Closed

This occurrence has been classified as: Common Assault & Battery

Log entry: It is clear from [REDACTED] statement that he was not fear of being subjected to unlawful force. However his statement does include evidence of threats to commit criminal damage:  
"I escorted them off the site with [REDACTED] and followed them across the car park. DRESSING GOWN then stated "I AM GOING TO BE BACK AND KEY THE CARS" and made a gesture to key the cars. DARK HAIR did not say anything. During this time DRESSING GOWN kept saying "STOP FOLLOWING ME, STOP FOLLOWING ME". As we got to the edge of the premises the coke can that DRESSING GOWN had in her hand she threw behind her. This did not make contact with me and she did not look at me, it was more her just chucking it behind her in my direction. The coke can was half full. She was within an arms reach when she threw this. I did not fear for my own safety at any point but it was more annoying and disruptive to my working day.

Thanks CIMU

## Witness Statement

Criminal Procedure Rules, r 27.2; Criminal Justice Act 1967, s. 9; Magistrates' Court Act 1980. s.5B

Statement Of: [REDACTED]

URN:

Age (If Under 18): Over 18

Occupation: HEAD OF PROCESS DEVELOPMENT

1 I am [REDACTED] and I am making this statement to Hampshire Constabulary due to an incident that has happened at my place of work this afternoon Monday 28th October 2019.

5 I will be referring to two people throughout this statement one female I will refer to as DRESSING GOWN as this is what she was wearing at the time and one female DARK HAIR because she had dark hair. I do not know either of their names.

10 On Monday 28th October 2019 at approximately 13:00 hours I was at my place of work and some of the girls in the office asked whether I could provide some assistance to the receptionist because travellers had arrived at the reception and would not leave. I went out to the reception with my colleagues [REDACTED] and initially did not see DARK HAIR and DRESSING GOWN, but then was directed to them by the receptionist [REDACTED]. I approached DARK HAIR and DRESSING GOWN who were sat on the sofa's drinking some  
15 soft drinks that they had got from the reception. I said to them "YOU ARE ON PRIVATE PROPERTY PLEASE COULD YOU LEAVE", they both then went on to say "WE ARE PREGNANT, WE NEED TO USE THE TOILETS", I have refused to allow them to use the toilets and have asked them again on more than one occasion to leave.

20 They still were refusing to leave and [REDACTED] was also with me, who is another person that works on site. He reiterated what I was saying and they still refused to leave. DARK HAIR and DRESSING GOWN then proceeded to sit on the sofa's and started to put their feet onto the chairs and I asked them both to take their feet of the chairs. DARK HAIR then took her shoes off and put her feet onto the table that was in front of them and my  
25 colleague [REDACTED] removed this from her.

They then eventually decided that they were going to leave after reiterating that they were on private property and that they could not stay. Neither of the girls were rude to me, just refusing to do as asked.

30 I escorted them off the site with [REDACTED] and followed them across the car park. DRESSING GOWN then stated "I AM GOING TO BE BACK AND KEY THE CARS" and made a gesture to key the cars. DARK HAIR did not say anything. During this time DRESSING GOWN kept saying "STOP FOLLOWING ME, STOP FOLLOWING ME". As we got to the edge of the  
35 premises the coke can that DRESSING GOWN had in her hand she threw behind her. This

did not make contact with me and she did not look at me, it was more her just chucking it behind her in my direction. The coke can was half full. She was within an arms reach when she threw this.

40 I did not fear for my own safety at any point but it was more annoying and disruptive to my working day.

45 The whole incident lasted approxiamtley ten minutes. The closest they were to me were right in front of me, and the furthest away would of been in arms reach. The visibility was clear and there were no obstructions to the view of the two females. I do not know these females and have never seen them before and I have no reason to remember them.

50 DARK HAIR I would describe as white female, thin face and of a slim build and of approxiamtley 5'2-5'6 in height. DARK HAIR, had straight DARK HAIR of shoulder length. I cannot remember what she was wearing apart from white trainers. She did not have any distinguishing features that I remember. She was carrying a bottle of water.

55 DRESSING GOWN was also a white female, of a slim build and approxiamtley between 5'2 and 5'6 in height. She had blonde hair and was wearing a dressing gown and I cannot remember what else she was wearing. She did not have any distinguishing features and was only carrying a coke can.

This statement is true to the best of my knowledge and belief and I make it knowing that, if it is tendered in evidence, I shall be liable to prosecution if I have wilfully stated in it anything which I know to be false, or do not believe to be true

Officers attended this group of travellers at Charlton Athletics Ground. Insp was attending with a view to invoke s61 due to the impact their encampment was having on the public. They had also caused substantial damage to the running track and grounds whilst there.					
On Insps attendance they moved to Saxon Fields, Andover.					
The group consists of 10 caravans and 10 accompanying vehicles. There are some children on the site – approximately 10 seen aged between 4-15 years. They have not made any representations regarding their welfare.					
The travellers have stated they intend to stay for about a week.					
Log entry:	Intel on the vehicles in relation to making off without payments. Whilst dealing with the group, [REDACTED] have called in say that travellers attended (with the vehicle reg matching one of this group) who have taken over £7 worth of food without paying through the drive through.				
The site chosen is the playing field that travellers regularly set up on camp on and is well known. It was reported they have caused damage to a bollard in order to gain entry on to the site but on our attendance it was dark and difficult to make this assessment.					
The site is amongst a residential area and will cause much concern to the local residents who were already approaching attending officers to say as much.					
[REDACTED] from TVBC has attended with PC Penkethman & PC Hayward and informed the travellers they do not have

permission to be on the land and they will start their process to get them evicted.

Insp Smith has made her assessment on the site that this is tier 2 at this time. Task sent to NPT at Andover for their management.  
Placed on R&P handover for on-going monitoring.

Inspector review 29/09/2019 22:35 #507 SMITH, B. No

I have reviewed this encampment from the point of view of ascertaining if there is sufficient reason to require the travellers to leave the site. I have visited the site.

- 1) There are 10 caravans and 10 vehicles, so 20 vehicles in total.
- 2) There has been no damage caused in order to encamp at this site.
- 3) No threats made to the land owner
- \*\* Land owner is [REDACTED] who have attended and told them that they are trespassers and to move. Their further intentions will need to be clarified tomorrow.

I have used the National Decision Making Model to assist in my decision making.  
Information and Intelligence:

- In reviewing this matter, I have considered the following issues:
- i) Local amenities are deprived to communities or significant impact on the environment - Nil
  - ii) There is local disruption to the economy - Nil
  - iii) There is other significant disruption to the local community or environment - Nil
  - iv) There is a danger to life - Nil
  - v) There is a need to take preventative action - No
  - vi) There are sufficient vehicles to consider S61 at this time.

Assess Threat and Risk: Develop Working Strategy.

At this time the threat caused by this group is LOW - there has NOT been crime and disorder reported as yet a result of their habitation of this site.  
By moving on the group, there is a possibility that they will choose a site that is less desirable for them to be at than the one they are currently at.  
The working strategy would be to look to develop a response whereby the needs of all are met - prevent any damage occurring to this site and enable the Landowner to prevent this site being re-used again.  
Powers and Policies:

Op Quebec is the current Hampshire Police operation to deal with this issue.  
S61 Criminal Justice and Public Order Act 1994 relate to the issue of unlawful encampments on land by trespassers - this legislation provides police with powers to deal with this issue.  
Human Rights Act 1998 to be considered with regards to all police actions.  
Identify Options and Contingencies:

The first option is to allow the landowner to consider eviction process and for police to monitor the site.  
Second option is for police to do nothing further.  
Third option is for police to issue a notice to the travellers on the site to quit after a reasonable period of time in line with S61 Criminal Justice and Public Order Act 1994. (If more vehicle arrive or other elements of S61 CJPO Act are met.  
Consideration needs to be given to where the travellers could end up. We also need to consider where they will go to and the effect on the land they are currently at and the future land that they move to.  
If they move to a new piece of land that is less suitable, then there will be a need for police and the landowner to discuss this issue all over again and consider the need to take further action.

Action and Review:

- Regular patrols in the area evidencing any build up of waste, extra vehicles
  - Confirm Landowner intentions.
  - Reassure residents near the area, as I see that calls of concern have already been placed to the council and this is not the first time that there has been an encampment in this area.
  - If any aspects of this current assessment changes then this is to be brought to the attention of the District Command Team or Duty R&P Inspector.
  - Early intervention by traveller liaison needs to be done.
- This matter will be reviewed via the District DMM  
At present use of S61 powers not appropriate and this will be managed as a tier 2 encampment as agreed by Force Silver.

CIMU review.

Log entry: There are crimes reported in the CAD but it is not clear if they have been confirmed by any aggrieved. There is damage reported and [REDACTED] has reported that [REDACTED] has been abused and caused HAD, please can you clarify if she has been spoken to? If confirmed then further occurrences will be required.

Thanks.

Log entry: Call received from [REDACTED], stating that she has been informed by her daughter that "GYPSIES" have arrived on SAXONS FIELD again. She does not know how access has been gained, she doesn't know if any damage has been caused, she doesn't know how many vehicles there are and she doesn't know what time they arrived.

Sergeant review 30/09/2019 13:10 #20881 LYONS, G. No

I attended the scene this morning and attempted to communicate with the group who are there; they were particularly uncommunicative.

I managed to speak to one of the younger males who claims the group only intend to be on this site for a few days.

The Man appears to be one of the McDonagh who was with a caravan at the edge of the group; large man with receding dark hair aged in his 50s

Log entry: Despite me being directed to him, as the man to speak to he refused to engage.

TVBC have been updated and will be serving sec 77 papers today with the aim of getting a court date on 1 October.

I could see no signs of damage and it appears, from tracks, that this group entered the land via the dropped kerbs at the pathways.

OEL noted.

I spent most of my time dealing with the travellers themselves and not any of the persons caused HAD due to the travellers return.

Log entry: I was one of several officers who attended so they may have spoken to the person who was caused HAD but I cannot speak for them.

call from [REDACTED], concerned about the encampment- I have explained the process and that NPT and RNP are keeping an eye. She was under the impression police escorted them onto the land when arrived. I advised this is not the case and we attend to take details and will support land owners etc.

Log entry: she wanted to advise as they were coming back home today they saw a black van from the playing field just parked up looking around. concerned they were casing the area. they got no vrn's. advised I would update for officers dealing and to report any further issues.

Enquiry log 02/10/2019 11:54 #16626 SMITH, S. No

Phone call from [REDACTED]. Police are in attendance at [REDACTED] following a burglary (286 of today). [REDACTED] was argumentative, stating that it doesn't take a genius to work out that this is linked to the travellers on Saxon Fields'. [REDACTED] was demanding a phone call from an Inspector today as to what we are going to be doing about the encampment. Any attempt to advise regarding the civil nature of trespass and the responsibilities between council and the police were dismissed, and I was accused of fobbing him off. He made many intimations that he would 'take matters into his own hands' to protect his family. States if they are still there tonight there may be a public order issue and he intends to take this incident as far as is required, as he feels police are not taking enough action.

Log entry: I have liaised with TVBC at the site this morning. They have been to court, obtained the eviction order and served notice on the travellers to leave the area within 24 hours.

Sergeant review 02/10/2019 12:04 #3664 MACDONALD, C. No T1901580914 Follow up Closed

Some of the persons present stated that they will leave this evening and some stated that they would stay under the bailiffs attended

They will be instructing bailiffs to attend the site tomorrow around 11hrs and enforce the eviction.

There are no NPT on duty at that time so they have been advised to call 101 to notify that they are attending the site for the purpose of eviction and then 999 should any aggression or threats be used.

Log entry: NPT are on duty from 1400hrs ( PCSOs) and 1500hrs ( PCs ) so can assist from that point if necessary.

It is anticipated that the site will clear once the bailiffs attend following previous experiences in the area.

I have also spoken to CMC in relation to the previous OEL and will contact [REDACTED] this afternoon. In relation to the Burglary incident, there is nothing other than prejudicial speculation that the travellers are involved. Descriptions were provided and the offenders made off in a sky blue mondeo which does not match the description of any of the vehicles attached to the site. I was attending the site at the time the call was received for the burglary and whilst conducting an area search for the vehicle and offenders, I circled the site and there were no vehicles matching the description from the burglary.

 Summary: PR [REDACTED] states that as she was waiting for her son to get off the school bus, her daughter, [REDACTED] noticed that at the traveller site near the bus stop, there was a dog near the gate of the site and [REDACTED] got out her phone to zoom in on the camera to see what sort of dog it was. A traveller male approached [REDACTED] and demanded that they delete the picture. [REDACTED] told the male that no picture had been taken but the male did not believe her and his tone became very aggressive and repeated to [REDACTED] to delete the picture. Once again, [REDACTED] showed the male that no picture had been taken. The school bus arrived [REDACTED] collected her son and they started to drive home. [REDACTED] noticed that the male was now in a car with another male and was following [REDACTED] home. [REDACTED] took a detour and lost sight of the 2 males following her. [REDACTED] are extremely upset and shaken at this episode.

Police called to travellers setting up on the running track at Charlton Sports Grounds.					
On attendance PC Potter has located 10 vehicles and 10 caravans scattered around the running track.					
There has been damaged caused to the piping to the inside of the track and a set of stairs has been thrown over a barrier. The caravans were also set up on the rubber running track and would cause damage to this.					
The travellers have initially stated they intended to stay for a night but some admitted they intended to stay for a week.					
Within 10 minutes of being at the site, at least 6 persons have attended to use the track and have left due to the presence of the travellers. A group of persons training have also left the site on their attendance.					
PC Potter informed myself and Insp Smith that the track is regularly used and indeed in the hour I was on scene there was a constant stream of people coming to the track and then turning around to leave upon seeing the travellers.					
The chairman for the sports club also stated that multiple clubs use the track and they had a meeting their on 30/09/2019 at 1800. He has made representations regarding the damage caused.					
Log entry:	A member of TVBC (details known by PC Potter to be updated) has attended and stated she was at the site at 2pm running and confirmed that none of the damage had occurred at that point. She has also made it clear to the travellers that they are not permitted to be on the land.				
	PC Potter and I have continued to liaise with Insp 507 Smith regarding the site and the concern it raised. We have began to consider using s61 due to the impact this was going to have on the community (and already starting to have).				
	24/7 were tasked to gather intel regarding the vehicles and persons on site. The warning markers that came back were in relation to making off without payment				
	PC Potter and I have informed the travellers that we were considering a s61 due to the fact where they had based themselves was causing an impact on local residents and the Insp was on her way to continue the assessment.				
	They kept asking where they could go and threatening to split the camp up into multiple sites of 2 in supermarket car parks.				
	Within 40 minutes they were leaving and reports were coming in for the Saxon Fields site where they relocated too. 44190348268 refers – currently run as tier 2.

## Official

Police were made aware of travellers entering an area of ground near to Casterbridge Lane Weyhill Nr Andover at approx midday on 20th Sept 2019.

Three vehicles plus caravans entered the area.

They situated themselves approx 120 metres from the nearest residence. It was impossible to tell if damage had been caused to enter the site.

The most adults seen at any one time was three males, two females and one child. That is not to say that there were not more however no more made themselves visible had they been there.

The site appeared tidy plus the intention to keep it tidy as bin bags were being used to collect rubbish.

Log entry:

There were two dogs present that could be seen both in reasonable order and appeared in good order.

The head of the group Mr Louis AYRES, stated that they intended to stay over the weekend and move on Monday.

A sign had been placed on a bollard near to the site indicating that the TVBC legal department had issued a Section 77(1) warning to the travellers that day.

Advice was given to the informant who [REDACTED] ref if further vehicles arrive / anti social behaviour etc etc.

Sergeant review 21/09/2019 11:43 #3664 MACDONALD, C. No

TVBC emailed me on rest days in relation to this site and I have added the map that was supplied of where the site is. Test Valley District will monitor this site and will be discussed at DMM on Monday morning.

Log entry:

Sc61 does not apply. S77 notice has been served on the occupants - TVBC to be contacted on Monday to ascertain next steps. Any related incidents to be linked to this occurrence.

For information only- Altaris 545 of today. Call from [REDACTED] the owner of [REDACTED]. The Fairground raising concerns at the presence of some of the members of the site attending his [REDACTED]. No criminal offences alleged or apparent. In fact some of the group purchased goods from his customers making them a profit. Potentially a case of the informant being a little overzealous. Reassurance and crime prevention advice given.

Site attended this evening.

The site is starting to look untidy, with rubbish stacking up and tools/generators lying around. One noisy lurcher type dog.

Only females and children on site: children = around 6 from age around 6 to 13 years.

Log entry:

Spoke to one female [no details provided] who acknowledged they were at court tomorrow [24th]. From comments made they clearly intend to push the boundaries of time limits from that.

No welfare issues raised.

The site is close to a small playground associated with a relatively new housing development.

#### Occurrence / intelligence enquiry log:

Type	Entry time	Event time	Author	Link	Task
Enquiry log	17/09/2019 20:30		#16608 STRICKLAND, D.	No	
Log entry:	Call from [REDACTED] - she has noticed that there are 6 caravans on the playing field. There is a hill and she reports that the travellers have been standing on the hill looking into peoples rear gardens - it was clarified that this is being done from a distance on land that is public access.				
Inspector review	17/09/2019 21:36		#3747 FANCETT, M.	No	
I have added this review prior to the C58 being completed, but have discussed with APS Carne, and there are no aggravating factors involved in this encampment.					
I attended the encampment in person at about 1530hrs on 17/9/19, on my way to the previous encampment whereby they had had some conflict with bailiffs.					
I have reviewed this encampment from the point of view of ascertaining if there is sufficient reason to ask for authorisation to require the travellers to leave the site.					
I have used the National Decision Making Model to assist in my decision making.					
<b>Information and Intelligence:</b> In reviewing this matter, I have considered the following issues: i) Local amenities are deprived to communities or significant impact on the environment. ii) There is local disruption to the economy. iii) There is other significant disruption to the local community or environment. iv) There is a danger to life. v) There is a need to take preventative action. Point (i) is not met at this time - this site is a field containing a play park. The encampment are on a grassed area. They are not disrupting use of the park, although their presence may discourage use of the park. Point (ii) is not met Point (iii) is not met - there is no environmental damage to the site at this point. At my time of arrival, the encampment had only just arrived, having been evicted by bailiffs from the Wimpey site nearby. There is no mention of environmental mess at recent sites, other than bagging up rubbish. Point (iv) is not met - no danger to life. Point (v) is not met - The group have been moving around the Andover area and not causing problems. Until today, they were on the Wimpey site, and only moved on upon bailiffs arriving with common law powers. I am not aware of any offences committed, or issues. Info - There are about 6 vehicles and 6 caravans in total. I did not speak to the group upon my visit, as they had only just re-located, so asking about durations of stay etc would be meaningless at this time.

There were children in the previous location.  
The site was clean and tidy at this stage.  
No reports of ASB have been identified in relation to the group.  
No damage has been caused.  
There are houses in the vicinity and no community tension or impact has been noted.  
I have checked RMS for a random vehicle at the site, which shows 4 occurrences:  
44190328228 relates to previous encampment at Wimpey from 14/9.  
44190325300 relates to encampment at Saxon Fields from 12/9  
44190314300 relates to encampment at Saxon Fields from 3/9/19.  
44190313510 relates to encampment at River Way on 3/9. A sec 61 was served on this occasion but appears to be specifically due to concerns of waste entering water supply at Southern water site.

At this stage, the travellers have not been asked to leave by the landowners, who will be [REDACTED]

### Assess Threat and Risk: Develop Working Strategy.

- Risk to travellers – low
  - Risk to residents – low
  - Risk to tasked police – low
  - Risk to users of site - low
- At this time the threat caused by this group is low - there has been no crime and disorder reported as a result of their habitation of this site. The risk posed is that anti-social behaviour may be caused at the site and the local community will be unhappy about the lack of action taken. This will result in a loss of public confidence of the police. Evidence needs to continue to be collated in relation to S61.

### Working Strategy

- Minimise need to use police powers by encouraging landowner to seek legal recourse.
- Use police powers when assessed as being proportionate, lawful, appropriate and necessary
- Open and maintain dialogue with all communities involved.
- Monitor community tension.
- Maintain the confidence of our communities through good communication, explanation & balancing rights of all involved.

Log entry:

### Powers and Policies:

Op Quebec is the current Hampshire Police operation to deal with this issue.  
S61 Criminal Justice and Public Order Act 1994 relates to the issue of unlawful encampments on land by trespassers - this legislation provides police with powers to deal with this issue.  
Human Rights Act 1998 to be considered with regards to all police actions.

### Identify Options and Contingencies:

The first option is for police to do nothing further.  
The second option is to allow TVBC to proceed with their eviction process and for police to monitor the site.  
The third option is for police to issue a notice to the travellers on the site to quit after a reasonable period of time in line with S61 Criminal Justice and Public Order Act 1994.  
Consideration needs to be given to where the travellers could end up and their current housing issues. We also need to consider where they will go to and the effect on the land they are currently at and the future land that they move to.  
If they move to a new piece of land that is less suitable, then there will be a need for police and the landowner to discuss this issue all over again and consider the need to take further action.

### Action and Review:

The group have not been asked to leave and thus Sec 61 cannot apply at this stage.  
In any case, there are no reported incidents to-date. No crimes have been identified. The site is clean and tidy and there is limited environmental or community impact. There is no intel suggesting any specific risk factors. Giving consideration to where the travellers may go if moved, I consider that the current position is best at this time.  
I consider that sec 61 is not appropriate at this time.  
The group have caused no issues, so TVBC should be updated to request the group to leave and invoke any legal proceedings.  
I consider this to be a tier 2 encampment at this time.  
The encampment should be raised at next DMM to discuss progression.  
NPT to enable communication with group to check on site and ascertain any plans for moving.  
Silver updated at GRIP.

*Log entry:* At approximately 23.50 hrs whilst on general patrol police observed a convoy of travellers leaving Andover heading onto the A303.

The site was visited and police spoke to a few remaining occupants of the site who were also in the process of leaving the site. The occupant stated that they were leaving the Andover Area, this was due to their group being targeted by locals letting off fireworks and also social media threats towards their group.

The occupants stated that the earlier group who had left were heading down to the Brighton area, the remaining occupants would be heading towards London, however explained that they would be spending the night at Tesco's car park before moving off in the morning, this was due to concerns for their safety at the current location.

Name:	Time:

Any other factors which may influence decision making process (see Op Quebec intranet pages for Human Rights information)
Travellers were previously camped on private land owned by [REDACTED] approximately 300 metres away, due to heated confrontation between travellers and private bailiffs employed by [REDACTED] police became involved resulting in Level 2 mobilisation. Situation was resolved following police intervention hence travellers moving onto nearby public land.

Are Police Powers going to be used? <i>If yes, please record basis for decision.</i> (Statement landowner, consider statements from local community in terms of impact, EGT of site, contact public order TA)

If no, please record basis for decision (consider communicating with trespassers expected standards of behaviour, community reassurance to advise of Police actions, schedule of patrols on site, amenities from local authority – skips etc)

Enquiry log	17/09/2019 19:01		#16623 BLACKWELL, V.	No	
Inft was walking to Tesco in Cricketers Way from his home address . At the back of Venice Court is the field where the travellers have set up. Inft was walking through and he noticed 4 dogs tied up . He worked his way round them . They were barking and straining at their ropes which were about 2 metres long but inft was not troubled by that. There was a 5th dog running loose . It came out of a caravan and ran towards inft and was biting at the back of infts heel. Inft told the dog to " fuck off" . There was no one trying to control the dog There is no skin broken . Inft managed to get he dog off and walked away . The dog returned to the caravans. When inft returned from Tesco, the same dog came out and started biling his ankles again . This was a blonde/ brown mixed breed - possibly chihuahua and terrier .					
Log entry:	Inft is angry because this is right next to a playground and skate park  inft does not require victim support .  Inft does not require this to be looked into from his point of view as he sustained no injuries . However he felt it important to report from a public safety point of view .

#### Summary

Offence/Evidence available/reason for screening in

#### TRIAGE HUB REVIEW

DANGEROUS DOG - [REDACTED] reporting he was walking to Tesco through where a travellers site is currently and saw several dogs tied up, and another came running out of one of the caravans and bit at [REDACTED] heels. He was not injured. He did not see who or where the dog came from - the dog was not on a lead or its owner near by. When he walked home later, the same dog tried to bite him again, again no injury.

No suspects, no CCTV, not believed to be any independent witnesses. No similar reports made

This will be screened out - outcome 18. NPT will be tasked to make aware as the encampment appears to be recent and potentially further issues may arise from it.
