Section 61 of the Criminal Justice and Public Order Act 1994 allows the senior police officer attending the scene of an incident involving a trespass or nuisance on land to order trespassers to leave the land and to remove their vehicles as soon as reasonably practicable.

61(1) If the senior police officer present at the scene reasonably believes that two or more persons are trespassing on land and are present there with the common purpose of residing there for any period, that reasonable steps have been taken by or on behalf of the occupier to ask them to leave and-

(a) that any of those persons has caused damage to the land or to property on the land or used threatening, abusive or insulting words or behaviour towards the occupier, a member of his family or an employee or agent of his, OR

(b) that those persons have between them six or more vehicles on the land, he may direct those persons, or any of them, to leave the land and to remove any vehicles or other property they have with them on the land.

Threat & Risk:

Risk to community & local residents - Medium. Members of the public have called in when they arrived reporting they had made various threats to do peoples houses in if police were called. Also tried to break into local football ground before settling in their chosen location.

Risk to confidence in police and local authority if we are not seen to take action to address the encampment - Medium at this time given the threats that they made when they arrived, they have created a hostile environment already and it was noted by the attending officer that the site is starting to get untidy already. There may well be some community tensions.

Risk to travellers group themselves from residents - Medium. Risk of tensions with tourists and risk of hate incidents towards the travellers. There have been threats made towards property if the police were called and this may well create some tensions between the travellers and local residents.

Risk to police when dealing with this group - Low. All interactions so far have been civil and there has been no conflict.

Powers / Policy / Law:

-Sections 61-62 Criminal Justice and Public Order Act 1994

-Section 62A-E Criminal Justice and Public Order Act 1994 (alternative site - N/A)

-Section 77-78 Criminal Justice and Public Order Act 1994 (Can only be used by Local Authority)

-Common Law and Part 55 Civil Procedure Rules. (Can only be used by Landowner).

-FPP 25800 - UE policy

-ECHR articles 8, 9, 10. All Police activity is considered within the context of the European Convention on Human Rights (ECHR), and this includes both the travelling and local community too. A balance will need to be achieved in all cases when dealing with an occurrence.

HUMAN RIGHTS TESTS - Use of S61

• Legal - are the elements of Section 61 present? - Yes

• Necessary - is it necessary to evict the group? Not at this time as they intend to move on after a few days. They are currently on [REDACTED] land.

• Proportionate - is the decision balanced? Proportionate approach at this time but will need review if the public become inconvenienced and tensions build.

• Accountable - is the rationale behind the decision recorded. Yes

Options

1. Do nothing - bearing in mind the location nothing isn't appropriate.

2. Regular visits to monitor tensions and concerns by either public or travellers and to wait and see if they leave tomorrow as agreed.

3. Encourage Test Borough Council to consider requesting them to leave and consider Sec 61.

Working strategy

1. Limit the impact on the community and maintain access to amenities.

2. Partners to assess and maintain the welfare, health and educational needs at site if they do stay 5 children.

3. Engage with the site users and encourage reporting of hate incidents or difficulties with community.

4. Limit any effect on the owners land.

Actions

1. To be raised at the DMM in the morning of 1300618 - it is recommended that this is dealt with as a TIER two. Has been flagged to force silver 16.15 29/06/18

2. Visits to liaise with tourists/other interested parties around impact.

3. Liaise with Test Borough Council on the 17/09/2019.

4. GRT liaison HCC if they stay

5. Reassess risk levels with new information.

6. Assess use of Sec 61 power if they stay

7. The site is regularly visited and checked by local officers. It has been agreed that they will visit regularly during every tour

of duty and are to engage with the site users, where reasonable, and will take note of any new vehicles attending the site. Record any offences committed.

Inspector review 17/09/2019 02:40 #23238 HEARD, R. No

I am the night turn duty Inspector and have been made aware of this encampment which has been set up during the late shift. Due to the reported low impact I will not seek to visit the site overnight.

Information and Intelligence:

The encampment relates to 3 caravans, 2 vans and 1 car and approximately 6 adults and 5 children based on a grass verge off Picket Way, Andover. It has been confirmed that no damage has been caused to gain access and the site is currently clean and tidy.

The group have stated their intentions to stay for a few days and not disclosed any specific welfare issues.

In reviewing this matter, I have considered the following issues from ACPO guidance on the management:

- i) Local amenities are deprived to communities or significant impact on the environment – At this time the threat caused by this group is low. The grass verge borders farming land and is not used for any other purpose. There are no environmental concerns.
- ii) There is local disruption to the economy – None.
- iii) There is other significant disruption to the local community or environment – There have been some third party reports of threats being made to residents.
- iv) There is a danger to life – No identified risk.
- v) There is a need to take preventative action – Nothing identified.

Assess Threat, Risk and Develop a Working Strategy:

I assess the risk the site poses to be low.

The working strategy is to ensure that the community are reassured, crime is prevented and ongoing consideration is given to the use of police powers.

Powers and Policies:

Op Quebec is the current Hampshire Police operation to deal with unauthorised encampments.

Log entry: S61 Criminal Justice and Public Order Act 1994 relates to the issue of unlawful encampments on land by trespassers - this legislation provides police with powers to deal with this issue.

Human Rights Act 1998 to be considered with regards to all police actions and the rights of the travellers.

Civil Trespass powers invoked through the land owner

Identify Options and Contingencies:

Do nothing and allow them to reside on the site

Develop Tier 2 Partnership management plan with action & ownership driven through DMM process

Use of S61 Criminal Justice and Public Order Act 1994 may be a tactical option

Action and Review:

C58 details have been obtained and imported to RMS.

All vehicle details have been obtained

The land owner has been identified [REDACTED] but they are yet to be advised and have not yet given a direction to leave.

At present the legal criteria have not yet been met for S.61 as the landowner has not made the request. Even when they do, I do not believe there is a necessity to use police powers as the risks associated to the site in line with ACPO guidelines are low.

Information and intelligence must be frequently reviewed – if there is a change in circumstances – particularly if the site grows significantly in size.

NPT to be advised and consider at DMM for Tier 2 management. Patrols will be required to reassure the local community and monitor for any issues.

T/Insp 23238 HEARD

Having not previously attended this site and not knowing the area as well as I arguably should, when I went to check the site today I couldn't find it.

Log entry: From the description given, I think I was in the right place and there are some black rubbish bags along the hedge line suggesting a site has been there.

It's conceivable that the group have moved, but then I might have been looking in the wrong place!

I understand there is a new Quebec site at Casterbridge Lane, Weyhill, which may be this same group: Altaris 298/20th refers.

Sergeant review	14/09/2019 19:41		#27223 HAMMOND, B.	No	
Log entry:	Section 61 of the Criminal Justice and Public Order Act 1994 allows the senior police officer attending the scene of an incident involving a trespass or nuisance on land to order trespassers to leave the land and to remove their vehicles as soon as reasonably practicable. 61(1) If the senior police officer present at the scene reasonably believes that two or more persons are trespassing on land and are present there with the common purpose of residing there for any period, that reasonable steps have been taken by or on behalf of the occupier to ask them to leave and- (a) that any of those persons has caused damage to the land or to property on the land or used threatening, abusive or insulting words or behaviour towards the occupier, a member of his family or an employee or agent of his, OR (b) that those persons have between them six or more vehicles on the land, he may direct those persons, or any of them, to leave the land and to remove any vehicles or other property they have with them on the land. Information: Location is Smannell Road/Finkley Farm Road in Andover. It is unclear at this time who owns this land but we suspect that the land is owned and being developed by Taylor Wimpey. There are approximately 20 people plus (not all present and details refused) and 7 vehicles and 6 caravans in attendance at 15:20 hours 14/09/19. No damage caused on gaining entry to this believed public land. At this time the landowner has not been contacted as we need to confirm who owns this site. No abuse, environmental issues or dangerous position. The encampment is next to a children's play area but does not obstruct

the facilities to be used.

Incident 44190325300 relates to the same group. They were moved on from Saxon Fields Pavillion. They have in essence remained in the area but relocated to the current site.

Threat & Risk:

Risk to community & local residents – low. These vehicles are recorded as being at other Hampshire Sites recently and weren't a concern.

Risk to confidence in police and local authority if we are not seen to take action to address the encampment – Medium At this time the group are stating that they intend to remain on site until Tuesday 17th of Sept or Wednesday 18th 2019. At this time its impossible to know the impact that this will have because we do not know for definite who owns the land. If this is land belonging to Taylor Wimpey then the question will need to be asked about the disruption that this will have on their business and developing the land.

Risk to travellers group themselves from residents – Medium. No issues at this time but risk of tensions with tourists and risk of hate incidents towards the travellers.

Risk to police when dealing with this group – Low. All interactions so far have been civil and there has been no conflict.

Powers / Policy / Law:

-Sections 61-62 Criminal Justice and Public Order Act 1994

-Section 62A-E Criminal Justice and Public Order Act 1994 (alternative site – N/A)

-Section 77-78 Criminal Justice and Public Order Act 1994 (Can only be used by Local Authority)

-Common Law and Part 55 Civil Procedure Rules. (Can only be used by Landowner).

-FPP 25800 – UE policy

-ECHR articles 8, 9, 10. All Police activity is considered within the context of the European Convention on Human Rights (ECHR), and this includes both the travelling and local community too. A balance will need to be achieved in all cases when dealing with an occurrence.

HUMAN RIGHTS TESTS – Use of S61

• Legal - are the elements of Section 61 present? - Yes

• Necessary - is it necessary to evict the group? Not at this time as they intend to move tomorrow and there are no other aggravating features other than the number of vehicles.

• Proportionate - is the decision balanced? Proportionate approach at this time but will need review if the public become inconvenienced and tensions build.

• Accountable - is the rationale behind the decision recorded. Yes

Options

1. Do nothing – bearing in mind the location nothing isn't appropriate.

2. Regular visits to monitor tensions and concerns by either public or travellers and to wait and see if they leave tomorrow as agreed.

3. Encourage Forestry Commission to consider requesting them to leave and consider Sec 61.

Working strategy

1. Limit the impact on the community and maintain access to amenities.

2. Partners to assess and maintain the welfare, health and educational needs at site if they do stay 4 children.

3. Engage with the site users and encourage reporting of hate incidents or difficulties with community.

4. Limit any effect on the owners land.

Actions

1. To be raised at the DMM in the morning of 1300618 – it is recommended that this is dealt with as a TIER two. Has been flagged to force silver 16.15 29/06/18

2. Visits to liaise with tourists/other interested parties around impact.

3. Liaise with Forestry commission if they are still there later on Sunday 30/06/18

4. GRT liaison HCC if they stay

5. Reassess risk levels with new information.

6. Assess use of Sec 61 power if they stay

7. The site is regularly visited and checked by local officers. It has been agreed that they will visit regularly during every tour of duty and are to engage with the site users, where reasonable, and will take note of any new vehicles attending the site. Record any offences committed.

No

I have now attended the site this evening. There are no new vehicles or caravans. Female at the site said that they intend to stay until Tuesday at the latest. They are not obstructing the play equipment and there are no apparent risks where they are.

Log entry:

I am unable at this time to confirm who owns this land. I have been trying to contact Taylor Wimpey but they are shut down for the weekend and there is no out of hours contact information for them. This is an enquiry that will have to wait for days but someone will need to contact the council so that they can carry out land registry checks to see who owns the land. It may possibly even be Thames Valley council land.

Enquiry log

I have let APS BEMBRIDGE also know about this site for passing attention this evening.

No

Due to commitments in custody I have been unable to attend the site this morning. From the most recent update I am satisfied that the site is not posing any particular problems that require immediate policing attention and I have not been made aware of any criminal activity associated with their presence.

Log entry:

As of tomorrow morning the land owner can be contacted with a view to them attending and giving notice to leave in order to comply with Section 61.

Lates inspector to be advised of the site with a view to attend if possible. At this time the C58 has been completed and I am satisfied that this fits the criteria of a Tier 2 encampment.

Any changes or updates to the situation please ensure that the duty sergeant/inspector are made aware.

<p>Police were called by residents reporting that travellers has gained access to Saxon Fields Playing Fields, St Birinus Gardens. The playing fields are owned by [REDACTED] they have not been informed yet as their officers are now closed.</p> <p>We attended at 2315hours and there are 12 Caravans and 9 vehicles in total. We were approached by a group of males who did not want to provide their details but stated that they would be staying until the weekend. They stated that there was children on the site but there was no pregnant females or anyone with any additional needs that we needed to be aware of. They had only just arrived on the field in the last hour or so.</p> <p>The vehicles and caravans are located as far away from houses as they can be on the playing field. Generators were being used by some caravans but the occupants stated that they would be turning them off over the next hour, and they could barely be heard next to the houses by officers. There was no signs of any rubbish, and they were advised to keep the area clean and tidy.</p> <p>As we were leaving the site we were approached by concerned residents. They stated that the travellers had caused damage by removing a wooden post from the ground to gain access. We were unable to locate this as it was very dark and there was no lighting around. This will need to be revisited in the morning in the light.</p> <p>We did not knock on every caravan due to the time of night and most had the lights off and appeared that everyone was turning in for the night so are unsure of the exact number of occupants and children on site.</p> <p>Some occupants stated that they couldn't remember where they had come from when asked, however RMS shows most vehicles were linked to a previous op Quebec from the 03/09/19- 44190313510 at The Waterworks River Way. This area was for sale and unoccupied but the land was used to gain access to the waterworks. Staff from the waterworks were concerned that the travellers being on site would contaminate the waterworks. Log 478 03/09 refers and Inspector Douglas attended the site and told them due to the risk he would use S61 powers if necessary and would return at 1900. When he returned at 1900 they had left and have now moved to Saxon Fields.</p>

- Proportionate - is the decision balanced? Yes, woman & children present, no damage or disruption.
- Accountable - is the rationale behind the decision recorded. Yes

Options

Use of s61 has been considered, but at this time does not appear proportionate, damage is restricted to means of entry, no abuse has been offered, no ASB or crime incidents in local area at this stage but principally S61 cannot be invoked until they have been asked to leave by landowner.

TV Borough Council need to decide on their views.

Ongoing

NPT have managed this site on a number of previous occasions and this would be appropriate for that again.. It is appropriate that the site is managed at Tier 2 level –ownership with NPT.

ACTIONS:

1. Please review previous Saxon Field encampments for community impacts.
2. Please review Waterways occurrence for this group
3. Revisit am for numbers of people and educational/health needs.
4. Liaison with TV Borough Council.
5. Speak to community representatives and business for impacts.

I am aware of this Op Quebec Site

Log entry:

The group were quickly moved on by bailiffs yesterday from a site in River Way

Allocated to Pc STINSON and RITCHIE to visit the site this AM and access if there is any damage to any poles, if this is the same group from Tesco, if they are still planning on staying until Saturday, what if any are there welfare needs, and to contact TBVC to let them know about the encampment

I am aware of this group and their movements in and around Andover over the past 4 weeks.

They have been moved on last night and have set up on a field near to a large residential estate. It is likely that damage has been caused to get on site but this has not yet been confirmed.

I am not aware of any associated reports of ASB / Nuisance but this will be monitored as last time there was a travellers site on the field, there were tensions at the local shop.

Log entry:

I have notified [REDACTED] who own the land and will update with their actions. It is likely that they will seek to gain an eviction notice but not sure of the timing of this.

R&P tasked to attend the site this morning and to be discussed at this mornings DMM.

Log entry:

Call from [REDACTED] He wanted to report that there have been travellers appear overnight in the rec ground. I have advised that we are aware. Inft has been near the site and states that the travellers have used a chainsaw or similar to cut down large wooden pillars which were previously put up by the council to stop unauthorised access. Inft is also concerned as his children cannot play on the equipment because there are lots of dogs running around wild and off lead.

Officers have attended the site, TBVC were also on site, they have confirmed that they were will be serving order on them to move on, this may not be this side of the weekend, which may well mean that the travellers move on before such orders as they stated their intention was to leave at the weekend.

Log entry:

Site was neat and tidy and no issues reported

Poles had been damaged - two wooden struts had been cut to ground level for entrance - this is exactly the same entry as the previous time travellers attended this area

No more vehicles than those noted already on RMS

No current reports of any ASB etc.

[REDACTED] attended station concerned re travellers at above location. He has also reported to Council.

Log entry:

He is the proprietor of [REDACTED] and is closing the premises until they leave – apparently shoplifting goes through the roof when travellers around.

[REDACTED] has been spoken to and updated that the notice to leave has been served. He is going to remain closed until they leave due to the issues with shoplifting last time they were on site. He has not had any issues this year, this is a precautionary measure.

Please provide as much detail as you can. It's useful to include any relevant reference numbers, names of staff, relevant department and so on.: We have travellers on our playing field as Saxon Fields they sawed through 2 wooden fence blocks to access the field we cannot use this playing field and grounds so the park and playground cannot be used as they are blocking our accesses for the facilities

Residents on Saxon Fields are feeling intimidated and worried we are locking our selves in

This is not a campsite it is residential area and therefore want action by the police and council who will need to clear the area up again.

This is the second time they have come here and left mess and we have had to have bollards put up last time

I would like them to be moved on ASAP

Kind Regards

I have noticed this incident and made the duty inspector aware. There is mention of damage however due to the time of night and the fact that officers attended in darkness this has not been confirmed. Officers will have to re-attend in the morning in daylight hours to assess any damage.

Log entry:

There is mention that facilities are blocked by the vehicles however it is not clear the impact that this will have on the wider community. It is unlikely that we will get a chance to assess this over night as we are extremely short due to abstractions to scene guards/sickness. I can see no issues with this waiting until the morning.

The site remains on Saxon Fields and work will be done by TVBC this week to ensure that the eviction order is obtained and served on the encampment.

Over the course of the weekend there have been two reports of ASB related behaviour linked in with the site.

44190320462 - 08/09/19 1915rs - Person Reporting that whilst walking his dog across the field (and through the site) he asked for the travellers dog to be leashed but was abused in reply.

44190320003 - 07/09/19 1530hrs - Small dog from the site reported as being aggressive towards a MOP and trying to bite his trousers. No damage or injuries caused.

Log entry:
I am also aware of a complaint that has been emailed to the local MP regarding lack of police action in both responding to incidents related to this site as well as allowing the travellers to remain in the area. The reporting in relation to the site has been minimal and there are still not enough grounds at this time to utilise Sc61.

I have updated TVBC on these reports and am hopeful that they are still planning on obtaining an eviction order tomorrow. I will update if there are any changes to this.

I will also request that an NPT officer attend the site today to advise about ensuring the dogs are leashed on the site as well as checking in with the shop keeper who reported last week that he was going to close whilst they are still on the site.

Police patrols to continue around the site to ensure a visible presence to reassure local community.

There have been no further reports of ASB or linked incidents to this site overnight.
No change to police position on Sc61.
NPT and dog warden visited the site yesterday and advice given. At time of attendance, TVBC were giving notice that they were attending court on 10/09/19 at 1400hrs to obtain the eviction order.
At time of writing, I have not had any update from TVBC in terms of this although I suspect that they will be seeking assistance to serve the order once obtained.

I have attended and liaised with the shop near to the site. They are open and trading and have no reported issues with the travellers. I have updated in terms of progress and action and they are not too concerned at this current time.

Log entry:
The site is still in situ. There does not appear to be that much rubbish or litter on the site. The site gives the impression of being tidy and organised - possibly as a precursor to moving?
There were families utilising the playpark without issue and no signs of any loose dogs.

Update from TVBC:

Log entry:
The travellers have been issued with their court notice which order for the removal of persons and vehicles unlawfully on land (section 78) they have until 4.20pm today in which to leave which is the 24 hour notice period issued from court.

Should they fail to leave we will be looking to instruct bailiffs for their removal.

Visit to the site tonight. Did not knock on any doors due to the late hour. They haven't left.

Log entry: Counted 9 vehicles (cars and vans)
4 caravans
1 campervan

Enquiry log 12/09/2019 02:40 #3280 POTTER, M. No
This travellers encampment appears to have now split into two groups, the initial encampment has the following vehicles remaining on it:

VHZ8481
KXZ2943
WHZ5657
MM13OZN
SJ12XBC
2 Caravans

The new encampment is over the other side of Kiel Drive at the junction with Elbe Way.

5 Caravans (plus one of the above is a campervan *)

This group have indicated they have moved as the court order instructed they move today. They intend to stay at this location until Monday and believe the other encampment will be leaving today (Thursday).

Sergeant review 12/09/2019 09:35 #3700 ROBINSON, P. No T1901449292 For action Closed

I have spoken to [REDACTED] who is at the site with three bailiffs.

He has confirmed the site split with 2 caravans remaining on the original site and the rest moving across the road onto another green area. This is not covered by the eviction order.

Log entry:

The site is being cleared with little or no green waste being an issue. PC HUGHES and PC COOK have been deployed to visit the site to get an up to date assessment. Once done a new Occurrence will be generated and a C53 completed for review.

Media 12/09/2019 13:05 #16353 GREGORY, C. No

Media enquiry from BBC South Today, asking if we were aware of a travellers encampment in Saxon Fields. Following response given, in line with Op Quebec comms strategy:

Log entry:

We are aware of a travellers encampment in Saxon Fields, Andover and are working with the landowner to seek a suitable resolution.

Group have moved from previous sight but are still in area. Council have been spoken to and are applying to court for further eviction notice.

Log entry:

New occurrence raised and linked to related tab.

Enquiry log 14/09/2019 10:16 #3893 LARK, N. No

I visited the area at approx 09:45. There were 8 caravans and associated vehicles on the grassed area at the junction of Kiel Drive with Elbe Way, this seems to be accessed from Elbe Way. The site was tidy with sealed bin bags looking as if they are ready for collection as if the site was about to be vacated, although no caravans were hooked up to vehicles.

Log entry:

This is the first time that I have visited the site so I am unaware of the original site or vehicles contained on it, although I could not locate any other encampment.

Aggd, [REDACTED], reporting that a male at the traveller encampment on Saxonfields has verbally abused him and threatened to assault him.

[REDACTED] was walking his dog at the playing field at around 1925 today. There are several dogs on the site but a couple of them were off the lead and were coming up to [REDACTED] and his dog, sniffing around and barking at them. [REDACTED] said to the male that it would be better if they were on a lead. The male then replied that he wasn't going to put them on a fucking lead, and continued 'fing and blinding'. He then threatened to punch [REDACTED] face in. All this was done in front of [REDACTED] 2 children, aged 8 and 10. [REDACTED] then walked off and the male called out 'oi baldy, oi baldy, stop there'. [REDACTED] kept on walking.

Log entry: [REDACTED] said that he felt intimidated and uncomfortable. Says he should be able to walk around a communal area. He says the boys were a bit scared. Victim support declined.

[REDACTED] says there may be CCTV at the shop which is close by, but doesn't think it will cover the area.

The male is described as white, 5ft10, chunky around the middle, short brown hair, possible Irish accent, wearing a white t shirt and grey jogging bottoms.

CT explained that this would be logged but that there were no further lines of enquiry. However also said that it would be noted in relation to the encampment.

Aggd said he was shock and angry that the dog was not kept under control and that nobody from the travellers site came out. Aggd said that it was a scary situation and his young sister was also scared. Aggd states that there is no injuries or marks on him or his sister and no clothing damaged. I spoke to mum and advised her to contact the Council dog warden and the council for departments of parks to report that the dog can gain access into the childrens play area. I explained that the chances of the owner coming forward is very unlikely. I have also tasked this to NPT for their information.

The main issue with this incident will be to try and identify which dog it was and who owns the animal. It is likely we will be unable to do both. Contact needs to be made with the aggrieved and see what evidence if any we have to work with. If we do not have video evidence of this then we will not be running the investigation.

Realistically the travellers will move on and this will be one of many complaints made by MOP in the area. The best course of action would be for the aggrieved parties to make complaints to the council and MP. That way pressure can be put on to change how we deal with unauthorised encampments next year.

Please point out the evidential difficulties in dealing with travellers and what we would need to do get it through a court process.

Log entry:	<p>Summary -</p> <p>Police advised that Travellers had set up in a field at the rear of Tesco on River Way Andover. On attendance access has been gained to the old waterworks area which is currently in the process of being for Sale. Access has been gained through 2 front gates and allegedly padlocks have been cut off, but this has not been witnessed. 13 vehicles and 8 caravans on site, most are from previous OP QUEBECs in Andover area. No hostility on site on initial attendance and they state intention is to stay until Saturday when they will be moving on from the area. They will not stop or hinder any utility that needs access and will situate their vehicles so that access can be gained 24/7. The site is a derelict area of old work buildings which has access to the main pumping station adjoining it. [REDACTED] down the site and have Bailiffs in attendance at this time along with Utilities to gain access. It not thought that any threats have been made or any hindrance to workers attending the site. [REDACTED] will keep police updated as to what is happening. Unsure if being asked to move on. Travellers have asked if they can be provided with Bin bags and they will then bag up and leave rubbish outside of the gate for collection by Council.</p> <p>BWV of the site by 21310 as PMS/BWV/01 of the 03/09/19</p>

Call from [REDACTED] - asking fro Police to act upon their Section 61 Powers.
I have confirmed from [REDACTED] that the site is owned by [REDACTED] and they sublet it it back.
They have not yet spoke to [REDACTED] and unaware what the Bailiffs are in the process of doing and their intentions.
[REDACTED] has explained the area is a main borehole for the Andover area and they are concerned that there could be contamination issues.

Log entry: They have a meeting in 45 minutes as to how to proceed and will then be able to send through their risk assessment for the site which may help us to form our assessment if Section 61 can/could be used.
I have advised that they need to speak to the Landowner - [REDACTED] - and ascertain their course of action.
Chris has all the contact details for Hampshire and will need to send through an e-mail when he calls back in. An officer or call management will hopefully be able to assist in providing an address for the e-mail to come through and add to RMS.

Log entry: The information we have currently indicated this is a Tier 2 site that can be monitored and managed by local NPT. Awaiting risk assessment from water board. 24184

Inspector review 03/09/2019 16:00 #3664 MACDONALD, C. No

Log entry: This is the same group that have been in Andover for the past 3 weeks - Babbage House, Walworth and now River Way. There have been no calls of ASB or disorder associated with the previous site at Walworth and left of their own accord once they new TVBC were going to have an eviction order put in place.
The site is at the edge of a residential area and next to a large superstore but no reported issues so far. It is fairly secluded and out of the way and although there is the possibility of an impact on the area, this remains low at this time.
The landowners are aware and [REDACTED] who sublet the land are also aware. They are concerned about the possibility of contaminates getting into the water supply through the travellers on the site. They are going to complete a risk assessment and forward this on - this will be the main issue with the site as it remains. The travellers have been informed that access needs to be allowed 24/7 to the water works and there did not appear to be any issues with this on initial attendance
I have spoken to TVBC who are aware of the site and any welfare needs - they have left 100 rubbish bags at the site for use and subsequent collection. No other welfare need raised.
It is requested that lates and nights patrols are made today to monitor the site and report back if caravans, vehicles or other equipment is being stored or kept near to the actual water works.
It is currently a Tier 2 site and district are aware and will review and raise on the DMM 04/09.

PADLOCK CUT OFF ENTRY GATE

Name the Landowner:	██████████
type of land use:	Private

Has the landowner been contacted? What are the landowner's views? Request to leave made or permission to stay given?
Original call made to Police from ██████████ and they were going to speak to main office and arrange for Baliffs. I have called back ██████████ and inft has said that baliffs are on site in support of the ██████████. They are not aware if they will be moved on or what is happening, but have stated that if ██████████ can not gain access then they will need to switch of the pub units on site. Unknown of what issues that would cause and no calls at this time from ██████████ I have advised of our reference number and asked for them to keep Police updated.

Have the trespassers used threatening/abusive/insulting words or behaviour to the occupier of the land or a member of his family or employee or agent
No

Is the encampment in a dangerous/unsuitable position?(side of a busy road, hazards etc)
Not dangerous, but access is required through the area to access the watwerwoks site. Travellers have advised they will not hinder any access for any utility to attend.

Other environmental issues (potential for disorder, interference with use of land/amenity).

Op Quebec - District Inspector's Review - Unauthorised Encampment - Car Park, Babbage House, Anton Trading Estate, Andover, Hampshire

I have reviewed this encampment from the point of view of ascertaining if there is sufficient reason to require unauthorised persons to leave the site under S61 CJPO Act 1984. I have used the National Decision Model to assist my decision making.

Information and Intelligence: The encampment is in a small unused car park belonging to Babbage House which is a derelict building in a trading estate. The land is owned by [REDACTED]. There are no dwellings which overlook the encampment, but hedges back onto the Suffolk Road Area which is residential. I attended the site at around 12.00 hours today. The site had not grown. There were no males present, and the majority of cars / vans were not present. I spoke to Ann McDonagh (no DOB). She confirmed they were on their way to a Fair - but could not remember the name. She said they would keep the site tidy. There were 2 other female adult present and 3 young children, and a small dog. It is probable that the damage was caused to enter the land, at this time there are no known witnesses to this. Some litter but this may have been there before. I have not been able to raise the Landowner via phone- this need to continue.

Working strategy To develop a response whereby the needs of all persons are met, and the area is returned to normality.

Powers and Policies: Op Quebec is the current Hampshire Police operation to deal with this issue. S61 Criminal Justice and Public Order Act 1994 relate to the issue of unlawful encampments on land by trespassers - this legislation provides police with powers to deal with this issue. Human Rights Act 1998 to be considered with regards to all police actions. Additional legislation to be considered - Criminal Damage Act 1971 and various pieces of legislation to deal with anti-social behaviour.

I have tasked PC GWILLIAM to try and make contact with the landowner this afternoon.
Lates NPT to be made aware and pay passing attention to the site.
It is a small confined site so do not expect the site to spread.
I will monitor any reports coming in that would be linked to the travellers on the site but at this time, there do not appear to be any other issues reported.

0905hrs - I visited the site today and spoke to two people staying there, Anne MCDONOUGH and [REDACTED] no other details given.

- They both confirmed that there are no pregnant women on site, approximately 10-12 children (not seen as asleep) and no welfare issues.

- Their intention is still to leave at the weekend and travel to the Dorset Steam Fair.

- I have made them aware that they are likely to be issued with a notice to leave at some point today, by the landowners.

- There is a small dog onsite and two puppies, all appear healthy and cared for.

Log entry:

- There is some rubbish strewn around the car park, this was pointed out to the residents and a request made to keep the area tidy. They blamed local youths, saying they had come onto the site and thrown beer cans around, but have said they would clean it up. I have advised them to call Police if this happens again and they are concerned for their safety.

- Vehicles were checked, several changes from yesterday, see below, although residents said no vehicles had arrived or left since last checked

Call to police (altaris 729) at 1907hrs from a [REDACTED] stating that there was a large white van in the grounds of Babbage House. There was said to be two male travellers who were 'looting the site'. [REDACTED] is understandably keen to remain 'anonymous' in any reports compiled by the police.

[REDACTED] has previously reported numerous issues and concerns to police in relation to the travellers.

Upon arrival on scene 5 caravans and 5 associated vehicle seen by police. The travellers stated they were from the McDonald family and would be leaving after the weekend. There is a small scattering of random items of property / litter scattered around the site which the traveller's stated was present upon their arrival. The travellers were generally amicable and co-operative with police.

Log entry:

The Babbage House building itself, which is immediately next to the traveller's site, is derelict, insecure and in a very dilapidated / seemingly unsafe state. The travellers stated there have been other youths and squatters in the building and stated they had not been inside the building at all. Officers did not enter the building as it was unknown how safe this would be and did not appear a proportionate / justifiable risk.

The side access to the Babbage House building had a gate which was unlocked with no obvious signs of damage or forced entry. From here there are numerous scattered broken & ripped debris around the building on the floor which appears to be old items and property from the warehouse building. None of this appears to be specifically identifiable to Babbage House other than its proximity.

I liaised with [REDACTED] who explained that one of the traveller's van had been seen reversing into the side gate area around 1 hour prior to police arrival. [REDACTED] did not actually witness any theft taking place but thought they may be reversing the van

in preparation for doing so. Travellers on site claimed they were simply moving the van to create space on site for other vehicles / caravans.

██████████ is clearly exasperated and suffering impact from the traveller's site due to the ongoing anti-social behaviour she describes. ██████████ states that since the travellers moved onto the site on Sunday evening generators have been making noise at all hours along with dogs 'yapping' and barking. Additionally, ██████████ has had one of the travellers climbing up her garden fence and has also had a nappy thrown over ██████████ fence and ██████████ garden (photo of nappy seen on ██████████ phone). ██████████ husband has also seen males inside the Babbage House, but could not be definitely sure that they were from the traveller's site. This is not uncommon for the site and ██████████ described that even before the travellers arrived that the Babbage House building was 'regularly rampaged' by youths.

Reassurance has been provided to ██████████ and she has also been encouraged to report any future issues via 101. ██████████ has been made aware that an ongoing Op Quebec incident is being managed by police with regular visits by NPT / R&P and reviews by senior officers.

I have read the updates. I note the ASB concerns from ██████████ - we have had no other like complaints. At this time Section 61 is not made out - please see my original NDM review. I spoke to TPS Robinson yesterday. The landowner would like us to action and also deal with "squatters". We have to be clear we will attend to support the landlord and ensure the peace is kept only when any notices are served or enforcement action is taken.

Log entry:

We have also visited ██████████. She appeared very stressed over this and is obviously in fear. She was kept awake most of the night due to the generator and is being disturbed by the constant barking. She has witnessed a young male climbing ██████████ garden fence and ██████████ nappies thrown into ██████████ garden. Words of advice were given to her and she has already spoken with the relevant people at TVBC. She would very much appreciate another visit tomorrow if someone is available.

I have encouraged ██████████ to ask her neighbours to report these matters to police via 101.

Attended at 1930hours. There were four females present and many children. ██████████ stated that someone attended at 1230 in a white van. At first they stated the male was asking for directions and then he threw the court paperwork at a 6 year old child. They stated that he then reversed rapidly and nearly knocked over the 6 year old. It doesn't appear that they have accepted the court order because it was not handed to an adult. The first page of the court order had been ripped off so it's unknown when they have asked to leave by. There was a lot of rubbish at the site.

Log entry:

On our way out two males were retuning and stated that they would be going to the Steam Fair and stated that half of them would be leaving on Sunday and the other half would be leaving on Monday.

I then attended ██████████ and spoke to ██████████. He is annoyed about the travellers ██████████. They have had a dirty nappy thrown over their garden and have spoken to the land owner regarding their concerns.

Op Quebec - District Inspector's Review -

Unauthorised Encampment - Car Park, Babbage House, Anton Trading Estate, Andover, Hampshire
I have reviewed this encampment from the point of view of ascertaining if there is sufficient reason to require unauthorised persons to leave the site under S61 CJPO Act 1984. I have used the National Decision Model to assist my decision making.

Information and Intelligence:

The encampment is in a small unused car park belonging to Babbage House which is a derelict building in a trading estate. The land is owned by [REDACTED]

The site has been regularly visited and these visits have been documented. There has been no increase in the number of vehicles and persons present.

The site is based on a disused premises which is well known for being unoccupied and in a general state of disrepair. The building is insecure and there are frequent reports of persons unknown gaining access and causing damage / stealing items from the site.

There is nothing to confirm that the building itself has been occupied by these travellers - the building is in a state of disrepair and unsure as to how safe it would be. On police attendance, the travellers have been occupying their caravans.

Police have been in contact with site owners who are expecting police to be taking more robust action under Sc61. Owner has been advised to service notice to quit and follow civil legal proceedings to evict the travellers from the site.

There has been one local resident complaining about ASB and noise nuisance from the site, but [REDACTED] is the only listed complainant in the local community. There are a number of residential premises that back onto the car park - there are about 10 houses in total - but no further reports.

Working strategy To develop a response whereby the needs of all persons are met, and the area is returned to normality.

Powers and Policies: Op Quebec is the current Hampshire Police operation to deal with this issue. S61 Criminal Justice and Public Order Act 1994 relate to the issue of unlawful encampments on land by trespassers - this legislation provides police with powers to deal with this issue. Human Rights Act 1998 to be considered with regards to all police actions. Additional legislation to be considered - Criminal Damage Act 1971 and various pieces of legislation to deal with anti-social behaviour.

The third option is for the police to issue a notice to the travellers on the site to quit after a reasonable period of time in line with S61 Criminal Justice and Public Order Act 1984.

Actions and Review:

My view is that S61 CJPOA 1984 is still not made out. This is a compact contained sight and the impact on the local community is minimal.

The responsibility at this time remains with the landowner to follow eviction proceedings and police will assist only to prevent a breach of the peace when notice is served or eviction is taking place.

Landowner to also be advised regarding target hardening of the site when they leave.

Action

1) Regular visits to the site are being completed by NPT & R&P and documented on this occurrence

2) Any linked reports of ASB connected to the site to be related to this master occurrence

3) [REDACTED] to be contacted on Tuesday 27/08 to confirm that notice has been served and to clarify what their next actions are.

4) Site to be reviewed by [REDACTED] after eviction to target harden the site to prevent further issues towards the end of the summer.

I met with the neighbour [REDACTED] yesterday who gave me a run down on the impact this is having on her. She described some incidents i.e. nappy on her lawn and dog barking and rubbish and noise that have been logged before on OEL's so there is nothing significantly new being reported. I sympathise with [REDACTED] as she has to see the rubbish and hear the general noise that is occurring on the site. [REDACTED] also reports that last night (27th) there was the noise of vans being unloaded and rubbish being thrown into hedging.

Log entry: [REDACTED] has sent a link <https://photos.app.goo.gl/rvX1r2wD9165eji2A> that shows rubbish and a recording of noise of a dog barking and children shouting (during the day).

I am of the view that grounds for a section 61 notice to be served by the police has not been met. The landowner is in court tomorrow morning seeking a court order to remove those unlawfully camping on this site.

Log entry: We were aware of a travellers encampment in the Anton Trading Estate in Andover. Officers visited the site and worked with the landowner to seek a suitable resolution.

The travellers arrived on August 19 and left the site on August 28.

For guidance, you will have to speak to the landowner about their eviction. Unauthorised encampments on private land don't always require the police to use eviction powers.

What happened?

Please tell us what happened, and the events leading up to it, to help us identify if an offence has been committed.
At 10pm on the 18th August myself and my Daughter witnessed 2 men in a car, shining headlights on to the padlock, bollards. AT BABBAGE HOUSE. Andover, And they cut through the padlock, With a skill saw, and threw it towards our fence. Took about 15 minutes . The noise was unbelievable. We were very scared. But next day actually thought it may be the travellers returning. Was about to report to police, as it was first opportunity I had, when they all came in.

Do you feel race, ethnicity, sex, gender, sexuality, disability or religion were a factor in this crime?
No

Enquiry log 09/08/2019 20:53 09/08/2019 20:53 #3422 GOOK, V. No
Pc 3422 Gook and Pc 3672 Pugh attended the location late this afternoon which is located effectively in the middle of a roundabout at top end of Chilworth (M3 and the A27), this is classed as just inside Romsey's area.

We spoke with the adults there, the males gave conflicting views, some said they were leaving this evening due to the hazardous location whilst others stated they would be there for a couple of days.
This is a fast section of road with vehicles going past in all directions, potentially a dangerous location from them driving on and off of this location and the fact that there are 5 young children (not believed to be any more than this) staying in fairly close proximity to these roads

All index numbers taken of the vehicles on the site when we attended, also details of the adults and children have also been taken

Log entry: TVBC have been contacted, [REDACTED] was spoken to who stated that this does not fall within their remit but with Hampshire County Council

The GLO (HCC) [REDACTED] has been spoken to, he is not working over the weekend, will look at this on Monday when he returns to work, he did suggest that the land may belong to Hampshire Highways

R&P inspector [REDACTED] has been contacted and advised about the unlawful encampment, S61 has been considered using the gateway of safety concerns in respect of the young children, number of vehicles at this location and the proximity of their encampment.

As the landowner remains unknown at this time, they cannot be contacted to request the unlawful encampment to leave which is a prerequisite of S61

Contact with Gypsy Liaison Officer - [REDACTED]
24/7 made aware. R&P Inspector MILLS contacted with information on unlawful encampment:

From: [REDACTED] Sent: 09 August 2019 21:15 To: [REDACTED] Subject: FW: Unlawful encampment - 44190281929

Dear GLO [REDACTED],

Log entry: Thanks for speaking with me on the phone.
I have attached the location of the encampment.
I have concerns about the location given the young children on site and the vicinity of the M3 slip road and the A27, both of which are very busy. As explained we cannot use police powers under S.61 unless the landowner has requested that the trespassers leave. In this case the landowner is unclear – possibly [REDACTED]

I will continue to make efforts to speak with someone from Highways who may be able to assist.
The Response Inspector will conduct a visit to review the site.

Kind regards,

Police Constable 3672 Tristan Pugh

I have recently sent the following email to Inspector Mills, Sgt Lyons, Pc Pugh and [REDACTED] of HCC

Sir,

Myself and PC Pugh have recently been up to the Chilworth location to check on the encampment.

Log entry:

We can confirm that they have all left prior to our arrival, no idea where they have moved on to.

Regards

PC 3422 Gook

Decision Making guide in relation to unauthorised encampment

Time:	1733
Date:	09/08/2019
Location:	A27, Chilworth roundabout - between petrol station and M3 junction slipway

Number of Persons on Land:	At least 5 adult males, 5 adult women and 5 children.
----------------------------	---

(include if 2 or more and intention is to reside on land)

Number of Vehicles:	3 Transit Vans, 2 cars and 3 Caravans
---------------------	---------------------------------------

Conduct PNC checks of vehicles and list in the 'vehicles details' section at the end of this form.

Damage caused to gain entry (include details and any evidence of identity of offenders) or damage to land or property on it:
Vehicles have pulled off of the carriageway onto the grass area next to the M3 slipway. no obvious damage as no gates to get through. There is a meadow which has had an small element flattened at this stage to park one of the Transit vans

Name the Landowner:	[REDACTED]
type of land use:	Public

Has the landowner been contacted? What are the landowner's views? Request to leave made or permission to stay given?
[REDACTED] contacted and message left on their out of hours service [REDACTED]

Have the trespassers used threatening/abusive/insulting words or behaviour to the occupier of the land or a member of his family or employee or agent
No

Is the encampment in a dangerous/unsuitable position?(side of a busy road, hazards etc)
Yes. Contains young children and is next to the motorway and a main A road with no major barriers to prevent access to either roadway.

Other environmental issues (potential for disorder, interference with use of land/amenity).
The land is immediately next to the A27 and M3 slip road on a site and has been set to meadow flowers

Decision Making guide in relation to unauthorised encampment

Emergency number contacted and message left (out of hours)
[REDACTED] from TVBC directed Police to HCC to deal.

Have HCC Gypsy and Traveller Liaison Officers been contacted?

[REDACTED]
Call made to both numbers above plus [REDACTED] and [REDACTED]. No one is manning the phone numbers at this time. No option to leave a voice message for Gypsie Liaison officer.

[REDACTED] GLO – [REDACTED] contacted and message left on his mobile number with information of this encampment and a request for him to call me back.

Contact made with GLO - [REDACTED] - on [REDACTED]

He is not back at work until Monday and has no access to mapping to determine the landowner - possibly Highways.

E-mail being sent to [REDACTED] with information on site and detailed location

Has a welfare assessment been made by Local Authority? No

Number of children on site, include ages:

[REDACTED]
[REDACTED]
[REDACTED]
[REDACTED]

Number of persons with welfare needs include names and details (e.g. *pregnant, elderly, infirm*)

Nil - all adults were asked.

What is the intention of the group
(Proposed duration of stay)?

Group gave conflicting information - at one point saying they did not intend to stay because of the youths and motorway nearby, but then said they would stay for a few days as they intended to stay until Dorset

Force Silver must be advised, if the criteria is met for an unauthorised encampment. (See Appendix D of Quebec Management Process guidance document on the intranet for full details.)

(see Op Quebec intranet pages for Human Rights information)

60. Similarly, swift action should be taken where the encampment is located on contaminated land or where the encampment is very close to a busy highway, potentially endangering the health and safety of the campers and others, or on land of a particularly sensitive nature, a Site of Special Scientific Interest (SSSI) for example.

61. In the above circumstances, Section 61 of the CJPOA is likely to be the most appropriate power, provided that the conditions for its use are met. The police can act immediately without reference to the courts, and can direct travellers to leave the site within a matter of hours. Clearly, this course of action will be more effective if there is an alternative site to which Gypsies and Travellers can be directed, either pitches on an authorised transit site, or a location which is deemed to be a more "acceptable" unauthorised site.

Are Police Powers going to be used?

If yes, please record basis for decision.

(Statement landowner, consider statements from local community in terms of impact, EGT of site, contact public order TA)

Section 61 considered as over 6 vehicles on site - however still contacting landowner for them to make request to leave first.

At this stage, no damage caused to gain entry (beyond to part of the meadow for parking), no violence\HAD offered. See above for consideration factors

If no, please record basis for decision

(consider communicating with trespassers expected standards of behaviour, community reassurance to advise of Police actions, schedule of patrols on site, amenities from local authority – skips etc)

Group spoken to and were pleasant enough. They gave details freely. CWUN running Op Quebec on Altaris and RMS generated for R&P / NPT patrols.

2019-08-05 14:05:56: ZW04E- NOTED. WE AWAIT CONFIRMED REPORTS FROM FIRST ATTENDING POLICE UNITS. IF WE HAVE WITNESSES THAT WILL GIVE EVIDENCE TO THE FACT THAT THEY WITNESSED DAMAGED BEING CAUSED BY INDIVIDUALS WE WILL CONSIDER SECTION 61 WITHOUT DELAY. LOCAL LANDOWNER [REDACTED] TO BE ADVISED PLEASE. 24184

2019-08-05 14:29:46: TA1BP - THERE ARE A NUMBER OF VEHICLES HERE APPROX 6 IN TOTAL. SOMEONE FROM TVBC ALSO ON SCENE WILL GIVE A PROPER COUNT SHORTLY AND CALL BACK

2019-08-05 15:00:36: TA1BP - THIS IS A LARGE ENCAMPMENT. THERE ARE 40 -45 VEHICLES MOSTLY CARAVANS. A FEW QUAD BIKES AND LOTS OF ANIMALS. THEIR PLAN IS TO STAY UNTIL THE WEEKEND AND THEN THEY ARE GOING TO A STEAM FAIR. THEY HAVE ALL BEEN VERY POLITE AND NOT CAUSING ANY PROBLEMS THERE ARE STAFF HERE FROM TVBC ALREADY AND ARE MAKING EFFORTS TO GET THEM REMOVED THIS IS CLOSE TO THE PICKET TWENTY HOUSING ESTATE AND MAY CAUSE PROBLEMS FROM LOCAL RESIDENTS

2019-08-05 15:03:13: ZW04E - CAN WE LEAVE A POLICE PRESENCE AT THE LOCATION UNTIL SUCH TIME AS THE COUNCIL HAVE FINISHED SERVING NOTICES WE WILL ALSO NEED A SGT EITHER R&P OR NPT TO ATTEND AND COMPLETE C58 ASSESSMENT.

2019-08-05 15:20:36: [REDACTED] called reporting the same. [REDACTED] is called from the new build estate and said he can see the land out of his window and is very worried.

2019-08-05 15:31:15: ZW08E - WE HAVE BEEN DOWN AND ASSESSED THE DAMAGE. TVBC HAVE NOW LEFT AND IT IS ONLY POLICE ON SCENE

2019-08-05 15:32:54: TA1BP - HAVE A LIST OF VEHICLES WILL ADD THEM TO THE LOG

2019-08-05 15:44:59: MYSELF AND 16346 COMPLETED A WALK ROUND OF THE SITE, BODY WORN VIDEO OF 16346 CURRENTLY BEING UPLOADED. VRMS WERE TAKEN FOR 43 VEHICLES, ALTHOUGH MORE WERE ARRIVING AS WE WALKED AROUND. ALL PERSONS WERE POLITE AND HAPPY TO CHAT. THEY INFORMED US IT WAS THEIR

INTENTION TO STAY UNTIL THE WEEKEND WHEN THEY WERE PLANNING TO ATTEND A STEAM FAIR IN DORSET. STAFF FROM TEST VALLEY BOROUGH COUNCIL WERE ALREADY AT THE SITE ON OUR ARRIVAL. WE SPOKE WITH [REDACTED] WHO WAS LIAISING WITH THOSE PRESENT.

2019-08-05 15:45:36: THERE WERE APPROX 20-25 CARAVANS ON SITE.

2019-08-05 15:46:42: VRMS TAKEN AS FOLLOWS:

1.RE61EEU2.NC57WCW3.SN67TYU4.FH18XVF5.FL58AUP6.MJ13VAE7.BJ11NFF8.SN15XOW9.NX11BDE10.HV14KUF11.FJ63KNC12.PE63NWP13.FP60FNL14.YK61HDY15.NJ64YXP16.SL13UWJ17.HF67XCT18.SN17OGS19.GM17VEP20.CK65KCV21.GY16HZZB22.KS65FEH23.LO09BJF24.EU13MSX25.NU63SBZ26.SN16YAX27.WN67AUF28.NU17XGO29.BA66CXW30.NU17XGO31.SP17HHF32.FT62WMZ33.HF14RGZ34.SP16PXC35.AF65XWL36.HY65AOB37.LM62YSY38.SK65KFW39.YX62UEM40.SH62XAW41.FD55EUU42.SF13PTX

2019-08-05 15:54:43: ZW04E- FROM INFORMATION ON THE ALTARIS IS IS APPARENT THAT THE USE OF POLICE POWERS ARE NOT APPROPRIATE AT THIS TIME. CRITERIA FOR USE OF SECTION 61 NOT MET AT THIS TIME. ENCAMPMENT IS TO BE TREATED AS TIER AND WILL BE MANAGED BY NPT. LIKELY ISSUES ARE TO COME FROM LOCAL COMMUNITY AND THIS IS WHERE NPT SHOULD FOCUS THEIR ENGAGEMENT AND REASSURANCE. ALTARIS CAN BE CLOSED TO RMS. 24184

Op Quebec site noted. This has been visited by Shadow Sgt 27223 Hammond with both R&P and NPT officers. BWV has been used.

The group are intending to travel together for the next 2-3 weeks, heading towards the Dorset Steam Fair which is taking place 22nd-26th

August 2019.

This is a large group which have taken occupancy of [REDACTED] playing fields. I am informed there are two or three occupied football playing fields by the group. Two or three football fields are unoccupied and there is a hedgerow segregating the occupied and unoccupied land.

The play park is still accessible by the public, the travellers are not hindering access to this.

There is a sports pavilion on site, this has key-activated roller shutters on the pavilion which is also alarmed. This will be locked overnight however facilities are likely to be open and accessible during the day time. [REDACTED] officer could not confirm opening times for this.

Damage to fence to gain access – this has not been witnessed by anyone so at this time will be difficult to action.

Log entry:

ASB / riding on public land – the quad bikes and off-road motorbikes may be committing offences. This can be noted and evidenced by passing patrols. Users to be educated and warned in the first instance then if further activity is noted by the same users or vehicles, action could be considered. Offence – driving MPV elsewhere than on roads – common land, moor land, other land of any description. S34 RTA.

27223 and 27587 will be revisiting the site this evening to log caravan details and to note any ASB or offences. I have advised them to educate re the driving offences and document and evidence including BWV.

I would recommend advice is given to stay off the remaining playing fields and regarding respectful use of the area whilst they are there.

I have spoken to [REDACTED] from TVBC and he is back on duty tomorrow morning – Tuesday 6th August. Their plan is to give notice to leave tomorrow.

Overnight there is a colleague on-call, I have passed the RMS number to [REDACTED] and his colleague will call in to provide their details in case of any need for contact overnight.

No

I have reviewed this encampment from the point of view of ascertaining if there is sufficient reason to ask for authorisation to require the travellers to leave the site.

I have used the National Decision Making Model to assist in my decision making.

Information and Intelligence:

In reviewing this matter, I have considered the following issues:

ACPO Guidance on Unauthorised Encampments

Forces should consider becoming involved in bringing about the prompt and lawful removal of unauthorised encampments, including the use of police powers under Section 61 or 62 of the Criminal Justice and Public Order Act 1994 where:

Local amenities are deprived to communities or significant impact on the environment. This could include, for example, forming an encampment on any part of a recreation ground, public park, school field, village green, or depriving the public use of car parks. The fact that other sections of the community are being deprived of the amenities must be evident before action is taken.

There is local disruption to the economy. Local disruption to the economy would include forming an encampment on a shopping centre car park, or in an industrial estate, if it disrupts workers or customers, or agricultural land, if this results in the loss of use of the land for its normal purpose.

There is other significant disruption to the local community or environment. This might include where other behaviour, which is directly related to those present at an encampment, is so significant that a prompt eviction by police becomes necessary, rather than by other means.

There is a danger to life. An example of this might be an encampment adjacent to a motorway, where there could be a danger of children or animals straying onto the carriageway.

There is a need to take preventative action. This might include where a group of trespassers have persistently displayed anti-social behaviour at previous sites and it is reasonably believed that such behaviour will be displayed at this newly established site. This reasoning will take on greater emphasis if the land occupied is privately owned, as the landowner will be responsible for the cleansing and repair of their property.....

In all cases, Human Rights must be applied to all decisions and actions, i.e. that the elements of Section 61 CJPO are satisfied AND that it is necessary, proportionate and appropriate to use those powers.

Log entry:

Point (i) is not met at this time – the encampment is within a large amenity area (approx. 500 x 500 meters), which consists of many marked football pitches with plenty of green un designated areas surrounding. It has been frequented by travellers on many occasions before. The site does not infringe on any of the designated pitches.

Point (ii) is not met

Point (iii) is not met – there is no evidence of disruption to the local community. There has been no ASB reported.

Point (iv) is not met - no danger to life.

Point (v) is not met – the encampment is tidy, the group are co-operative, the group is large, and have communicated pleasantly with authorities. They state they are on route to the annual Steam Fair this coming weekend in Dorset.

Removal of travellers from site

I have considered our powers to remove the travellers from the site. Section 61 - Criminal Justice and Public Order Act 1994 allows police to order trespassers to leave land as soon as is reasonable, taking their vehicles and other property, in the following circumstances:

1 Trespassers appear to be intending to reside there for a period; and

2 They have been reasonably asked to leave by the occupier; and

3 They have caused damage to the land/property on the land; or

4 Used threatening or abusive or insulting words/ behaviour towards

occupier or occupiers family/agent/employee; or

5 They have six or more vehicles with them on the land.

At this time it is unclear if they have been asked to leave by [REDACTED] They are in excess of 67 vehicles. There is damage to perimeter fences but no witnesses presenting evidence to support this. There are no reports of abusive behaviour or words- in fact the contrary.

Human Rights

The European Court of Human Rights (ECHR) recognises the rights of all citizens, both of settled and travelling communities. Article 8 (Respect for a private and family life) accepts that a home set up without lawful authority could still be a 'home' for the purposes of Article 8. When a public authority, (e.g. police or local authority) considers interfering with a persons right to a private and family life, they must be content that there is a pressing social need to do so and that it is proportionate to do so. The issue of 'proportionality' would include the welfare and educational needs of those trespassing, the nature of the land on which they were trespassing, the provision and availability of

Official

Official

other alternative temporary transit sites within the local authority area.

The police have only restricted powers to deal with people who breach civil law by trespassing. At all times the police must act within the framework of the law.

There is no power in law to evict trespassers from private land solely on the basis that they have committed a civil trespass. In certain circumstances, a direction to leave may be made and in the event of non-compliance arrests may follow. However, the powers to remove trespassers are discretionary and will not be used by the police unless considered absolutely necessary. Trespass that does not threaten public order is a civil matter and the onus is on the occupier or landowner to take initial action to remove the trespassers. The power may not necessarily apply to all the trespassers present, only those identifiable as responsible for criminal acts.

Actions to be completed

- 1) R&P (from TA) to monitor the site overnight and any significant developments (ie more vehicles) to be brought to attention of Duty Inspector immediately
- 2) NPT (TA and/or TR) to visit the site in the morning to check for any environmental damage and photograph this, to assess whether any fly tipping or rubbish disposal occurs.
- 3) NPT to be responsible for communication with land owner.
- 4) CIA to be completed by local NPT sergeant and any change or rise in community tension to be considered as to further actions required.
- 5) Occurrence to be linked to Op Quebec
- 7) Officers to speak to the HCC Gypsy and Traveller Liaison Officer, make them aware of this encampment, document their response and intended actions

Op Quebec - District Commander's Review - Proposal to Remove under S61 Criminal Justice & Public Order Act 1994 - Unauthorised Encampment Picket Twenty, Andover, Hampshire.

I have reviewed this encampment from the point of view of ascertaining if there is sufficient reason to require unauthorised persons to leave the site under S61 CJPO Act 1984. I have used the National Decision Model to assist my decision making.

Information and Intelligence: The encampment is in a large grassed with 2 football pitches a joining Picket Twenty which is a large housing development build in the past 5 years. The land is owned by [REDACTED] There are no dwellings which overlook the encampment. The area is surrounded by fencing and hedges. There is normally no vehicular access to the site. There are joint cycle and footpaths at the perimeter of the area which leads into Andover Town Centre. There have been up to 43 vehicles (mainly flatbed garden services commercial trucks and cars), 24 Caravans and around 10 quad bikes present. It is unclear the exact number of people present, but I would estimate around 100 of all ages including children. There are a large amount of dogs and a horse.

I have visited the site myself and shadowed TVBC officials whilst they visited each caravan, and person present, and completed a welfare & housing assessment, and formally asked them to leave the land. There were no significant welfare or housing needs highlighted and the people present were signposted to local healthcare centre for support. There were no concerns with the animals. Some members of the group were part of an unauthorised encampment (18/09/18 44180353659) last year. We had several Op Signature garden services offences frauds at the time and one male was arrested. Although there were less vehicles last year, Section 61 was used. The group refused to leave and were verbally abusive to myself. 2x L2 PSU were mobilised, and only when the group saw police resources did they move off.

Damage to a fence has occurred to allow the entrance and exit of vehicles to and from the site. A chainsaw appears to have been used to do this. TVBC Grounds Maintenance Supervisor, [REDACTED] was present soon after and witnessed members of the group throwing section of the fencing into the hedge. There are tyre tracks from the point of entry across the football pitches. To gain access the vehicles are having to drive along a single track Bus only road in breach of the road traffic act. They then have to drive cross tarmac the footpath/cycle lane. Several caravans have been pitched directly on the cycle path and also have various dogs and animals, thus stopping use of the path. The caravans and vehicles are spread out around the periphery of the football pitches, although the goal posts are forming part of the encampment and items are being hung on it. TVBC have also observed quad bikes being ridden at speed along the footpaths and across the field, I believe this a danger to the riders and residents. Two disabled members of the public living in Picket Twenty approached me whilst on site [REDACTED] They said they felt intimidated and had to divert with their mobility scooters to get into town and services. They also said there was a lot of noise at the site last night.

Official

Official

I have photographed human waste and toilet paper being deposited in open grass area, littering and fly tipping of garden waste. The encampment is less than 24 hours old and I expect this to increase significantly if they are allowed to remain on the sites.

The group have indicated that they will be remaining on site until after the weekend when they will move towards the Dorset Steam Fayre which does not start until 22nd of August.

Working strategy To develop a response whereby the needs of all persons are met, and the area is returned to normality.

Powers and Policies: Op Quebec is the current Hampshire Police operation to deal with this issue. S61 Criminal Justice and Public Order Act 1994 relate to the issue of unlawful encampments on land by trespassers - this legislation provides police with powers to deal with this issue. Human Rights Act 1998 to be considered with regards to all police actions. Additional legislation to be considered - Criminal Damage Act 1971 and various pieces of legislation to deal with anti-social behaviour.

Options and Contingencies:

- 1) The first option is to allow the landowners to commence an eviction process and for the police to monitor the site and review information regularly to determine if S61 would need to be applied.
- 2) The second option is for the police to do nothing further and wait for the travellers to move on.
- 30 The third option is for the police to issue a notice to the travellers on the site to quit after a reasonable period of time in line with S61 Criminal Justice and Public Order Act 1984.

Consideration needs to be given about where the travellers could end up and their current housing issues. I also need to consider where they will go and to the current impact they are having on the land where they are currently residing and any future land they may move to. Resourcing is currently challenging for the Constabulary, my assessment is a Tier 3 (Force Level) is required and at minimum 1 PSU and a POPS structure will be required to enforce the Section 61.

Actions and Review: My view is that S61 CJPOA 1984 should at this stage be issued immediately by police and Option 3 above is followed.

Log entry:

- 1) Two or more persons (approximately 100) are trespassing on this land and are present there the common purpose or residing there for any period, and reasonable steps have been taken by, or on behalf of the occupier to ask them to leave and one or more of the following applies.
- 2) One or more of them has caused damage to the land, or to property on the land (damage to fence, fly tipping garden waste, littering and human waste), and / or*
- 3) That they have between them six or more vehicles on the land (67 vehicles).
- 4) Loss of amenity to local community - Football pitches, foot and cycle paths. I believe this poses a danger to the riders and members of the public.
- 5) Road traffic offences to enter and exit the site (bus only route).
- 6) At this time there has been not been any threats made to the landowner.

I have also considered public confidence in the Police is no actions is taken, and highlight this is a repeat location. I believe this will be negatively affected if no prompt action is taken

Regular visits to the site are being completed by NPT & R&P

Continued dialogue is being maintained with the landowner (TVBC)

Hampshire County Council Gypsy and Traveller Liaison officer has been consulted and has noted the presence of this group and is happy for the police and Local Authority to conduct needs assessments.

Police will give occupants of the site the opportunity to make representations about the intention to evict.

Force Silver Commander T/Supt Taylor briefed - in principal Section 61 agreed.

TA Advice:

I have spoken with Insp Taylor and reviewed all the information and working strategy. The Sect 61 has been authorised by Silver and is ready to be executed.

Consideration to the welfare of children and others on the site has been taken into account with the plan to deliver the Sect 61 early this evening allowing time to leave by 09:00hrs on the 7th August 2019. There are issue around the availability of resource's due to the force high demands at present with Boomtown and Cowes Week, however for officer safety and a swift resolution the following are required to enable the Sect 61 to be implemented without issues:

Log entry:

POPS Structure
2 x L2 PSU
1 x Dog unit
1 x RPU unit

If these resources can not be mobilised and it is not safe to action then consideration and further discussions should be had as to if the Sect 61 is to be served at this time.

I am awaiting a further update once the bid for resources has been made.

Sect 61 NOTICE SERVED

At approximately 2004 hrs, Officers attended the site to serve the Sect. 61 Notice. From the list of vehicles documented on the C82, the following vehicles were NOT located on site, so have not been served the notice;

HF67 KCT Ford Transit, CK16 XJV Ford Transit, FD55 EUU Peugeot 206, SN16 YAX Ford Transit, SL13 UJW Kia Sportage, FP60 FNL Vauxhall Combo, SN15 XOW Ford Tipper, BJ11 NFF Peugeot 207, FM18 KVF Fiat 500, MD65 OAP Ford, SW18 XBW Ford Tipper, PE65 OJJ Mercedes A Class, KT54 UWD Caravan, SN67 TWF Caravan

In addition to the list, the following vehicles were located and served the Notice;

Log entry: NU63 SBZ Ford Tipper, LK16 XJZ ?, LM62 YSY Caravan, AF65 XLW Caravan.

When speaking to residents it became apparent that the Council had visited the site this morning and issued a Sect. 77 Direction to Leave Land - the paperwork stipulated the residents had until 1400hrs on 7 Aug 19 to leave. This and the subsequent serving of the Sect. 61 has caused confusion amongst the residents. The situation became even more confusing when initially Officer's were instructed to not give a specific time to leave when serving the Sect. 61, only to advise 'at a time that was reasonably practicable'. However, after serving the Notice and resuming, PC 2194 RITCHE and PC 21310 STINSON were contacted by Insp ORD advising that Gold Command wanted the residents to be informed that Police would be attending the site at 0900hrs on 7 Aug 19.

Officer's resumed at approximately 2130hrs, after informing the residents of the updated information.

A copy of the Sect. 77 Notice has been put onto RMS. BWV was taken of the visit by PC RITCHIE and PC STINSON and has been saved as evidential.

Roman Way Field

Saxon Heights / Augusta Park - land belonging to ██████████

Finkley Farm side of Augusta

Log entry:

All parties were informed to leave the land at various points and eventually, all vehicles left Andover town, along the A303, Eastbound, ultimately heading south. They have fragmented in numbers, whether by design or traffic, but next location is not yet known. Initial site is to be visited by PCSO DUNMALL and PC CURTIS to assess the state of the field in conjunction with TVBC who will return the site to a useable state.

There has been damage caused to enter the site - 2 small wooden posts have been cut and a wooden fence removed. There are no witnesses to this and no names suspects so this matter will be filed as an outcome 18 criminal damage.

Decision Making guide in relation to unauthorised encampment

Time:	13:05
Date:	05/08/2019
Location:	Picket Twenty Sports Grounds, Andover, SP116LF.

Number of Persons on Land:	Approximately 120-150 people however it is likely to be more
----------------------------	--

(include if 2 or more and intention is to reside on land)

Number of Vehicles:	43 cars and 24 Caravans there are approximately 6-7 Quadbikes and Off road bikes on the land as well.
---------------------	---

Conduct PNC checks of vehicles and list in the 'vehicles details' section at the end of this form.

Damage caused to gain entry (include details and any evidence of identity of offenders) or damage to land or property on it:
Damage was caused to a perimeter fence. It would appear that pannels of the wooden fence have been broken and removed from the ground.

Name the Landowner:	████████████████████
type of land use:	████████

Has the landowner been contacted? What are the landowner's views? Request to leave made or permission to stay given?
Yes the landowner has been informed and was on scene at the time of the police attendance. They do not want the travellers to stay and specifically asked for the police to consider powers to remove the travellers. I am not aware that anyone from ██████████ at this time has told the travellers to leave. From speaking to members of the travelling community, no one has said that they have been asked to leave. They are aware that they may be moved on though.

Have the trespassers used threatening/abusive/insulting words or behaviour to the occupier of the land or a member of his family or employee or agent
No the travellers have all been pleasant so far with both the ██████████ and the police. No hostility has been displayed at this time.

Is the encampment in a dangerous/unsuitable position?(side of a busy road, hazards etc)
The site is on football playing fields. I have not been made aware of any football games that are due to be played on the field over the weekend. There are other football pitches that have not been occupied by the travellers. The football pitches are situated away from the housing estate and main roads.
The only identifiable hazards at this time are that the fields are used by dog walkers as there are many footpaths and open spaces. There is also a play park so the risk of young children and families that they may too be walking

Decision Making guide in relation to unauthorised encampment

around. The travellers have a number of quad bike and off road bikes on the back of vans at this time. The risk is that they may collide with pedestrians or alterantively harm themselves, should the fall off or collide.

Other environmental issues (potential for disorder, interference with use of land/amenity).

The sports ground is situated near to a large housing estate so there is a risk that if the site became to noisy then there could be environmental ASB. There are toilet facilities on site which are joined to a sport changing room. I do not know if the council store anything in the pavillion.

**The review period must be updated if there are any significant changes to the incident
- see Section D below**

Summary of events making this impact assessment necessary:

Op QUEBEC Removal under S61 Criminal Justice & Public Order Act 1994 – Unauthorised Encampment Picket Twenty, Andover, Hampshire.

This incident relates to RMS 4419276133 an unauthorised encampment in Andover which began at 14:00 on 05/08/19. The encampment is in a large grassed with 2 football pitches a joining Picket Twenty which is a large housing development build in the past 5 years. The land is owned by [REDACTED] There are no dwellings which overlook the encampment. The area is surrounded by fencing and hedges. There is normally no vehicular access to the site. There are joint cycle and footpaths at the perimeter of the area which leads into Andover Town Centre. There have been up to 43 vehicles (mainly flatbed garden services commercial trucks and cars), 24 Caravans and around 10 quadbikes present. It is unclear the exact number of people present, but I would estimate around 100 of all ages including children. There are a large amount of dogs and a horse.

Welfare & housing assessment completed TVBC who has formally asked them to leave the land. There were no significant welfare or housing needs highlighted and the people present were signposted to local healthcare centre for support. There were no concerns with the animals. Some members of the group were part of an unauthorised encampment (18/09/18 44180353659) last year. We had several Op Signature garden services offences frauds at the time and one male was arrested. Although there were less vehicles last year, Section 61 was used. The group refused to leave and were verbally abusive but no violence was used. 2x L2 PSU were mobilised, and only when the group saw police resources did they move off peacefully.

At this time there are no reports criminal offences which have been reported to the police. Although there have been reports of ASB to us and TVBC.

Section 61 has been authorised and is being served now, with a direction to leave by 09:00 on 07/08/19. The intention is to enforce the Section 61 at this time with level 2 public order resources.

Date / Time: **06/08/19 1930 hrs**

Immediate Community Impact Issues to be addressed: (Click and press F1 for help ☐)

Wider Community - Various complaints of ASB have been reported by the community and a general feeling of feeling vulnerable. Lack of police action could undermine community confidence.

On Site Community - There are around 100 people of all ages present including children. A welfare and Housing assessment has been completed by TVBC. No significant concerns.

The group have been given until 09:00 tomorrow to move. This will give the families time to pack up and not disrupt the children.

Wider Community Impact Issues that need taking into account: (Click and press F1 for help ☐)

If the group move off they may set up another unauthorised emcampment.

Action to be taken by outside agencies to assist / reduce impact: (Click and press F1 for help ☐)

TVBC have visited and will continue to do so. They will also undertake target hardening at the location after it is cleared. Gypsy Traveller liason has been notified.

Date / Time: 06/08/19 1930 hrs

Proposed Police action to reduce Impact in respect of identified implications:
(SIO, Area Commander, ACPO) (Click and press F1 for help ☐)

Silver POPS - Supt Annabelle Berry

Bronze POPS - Insp Mark Foster

Community - A/CI Chris Taylor

NPT resorces will be deployed in the area during and after the event to provide reassurance.

The over assessment of the community imapct is LOW if police action is taken within a reasonable period of time. If action is not taken this will have to be reassessed. ACI Taylor.

Probability of risk occurring: (Click and press F1 for help ☐)

There is a low risk of disorder. The police are acting within their lawful powers which the travelling community are familiar with. The deployment has been risk assessed by a POPS Gold structure and the appropriate resources are being deployed to ensure officer safety and public safety.

Potential impact on community: (Click and press F1 for help ☐)

If police action is not taken there is risk of dissatisfaction, increasing ASB and possible disorder between the groups.

NPT resources will be deployed in the area during and after the event to provide reassurance.

**Notice of Direction to Leave Land
and to Remove Vehicle(s) and Other Property**

Section 77(1) of the Criminal Justice and Public Order Act 1994

To: all the occupant(s) of land at Picket Twenty, Andover

TAKE NOTICE that

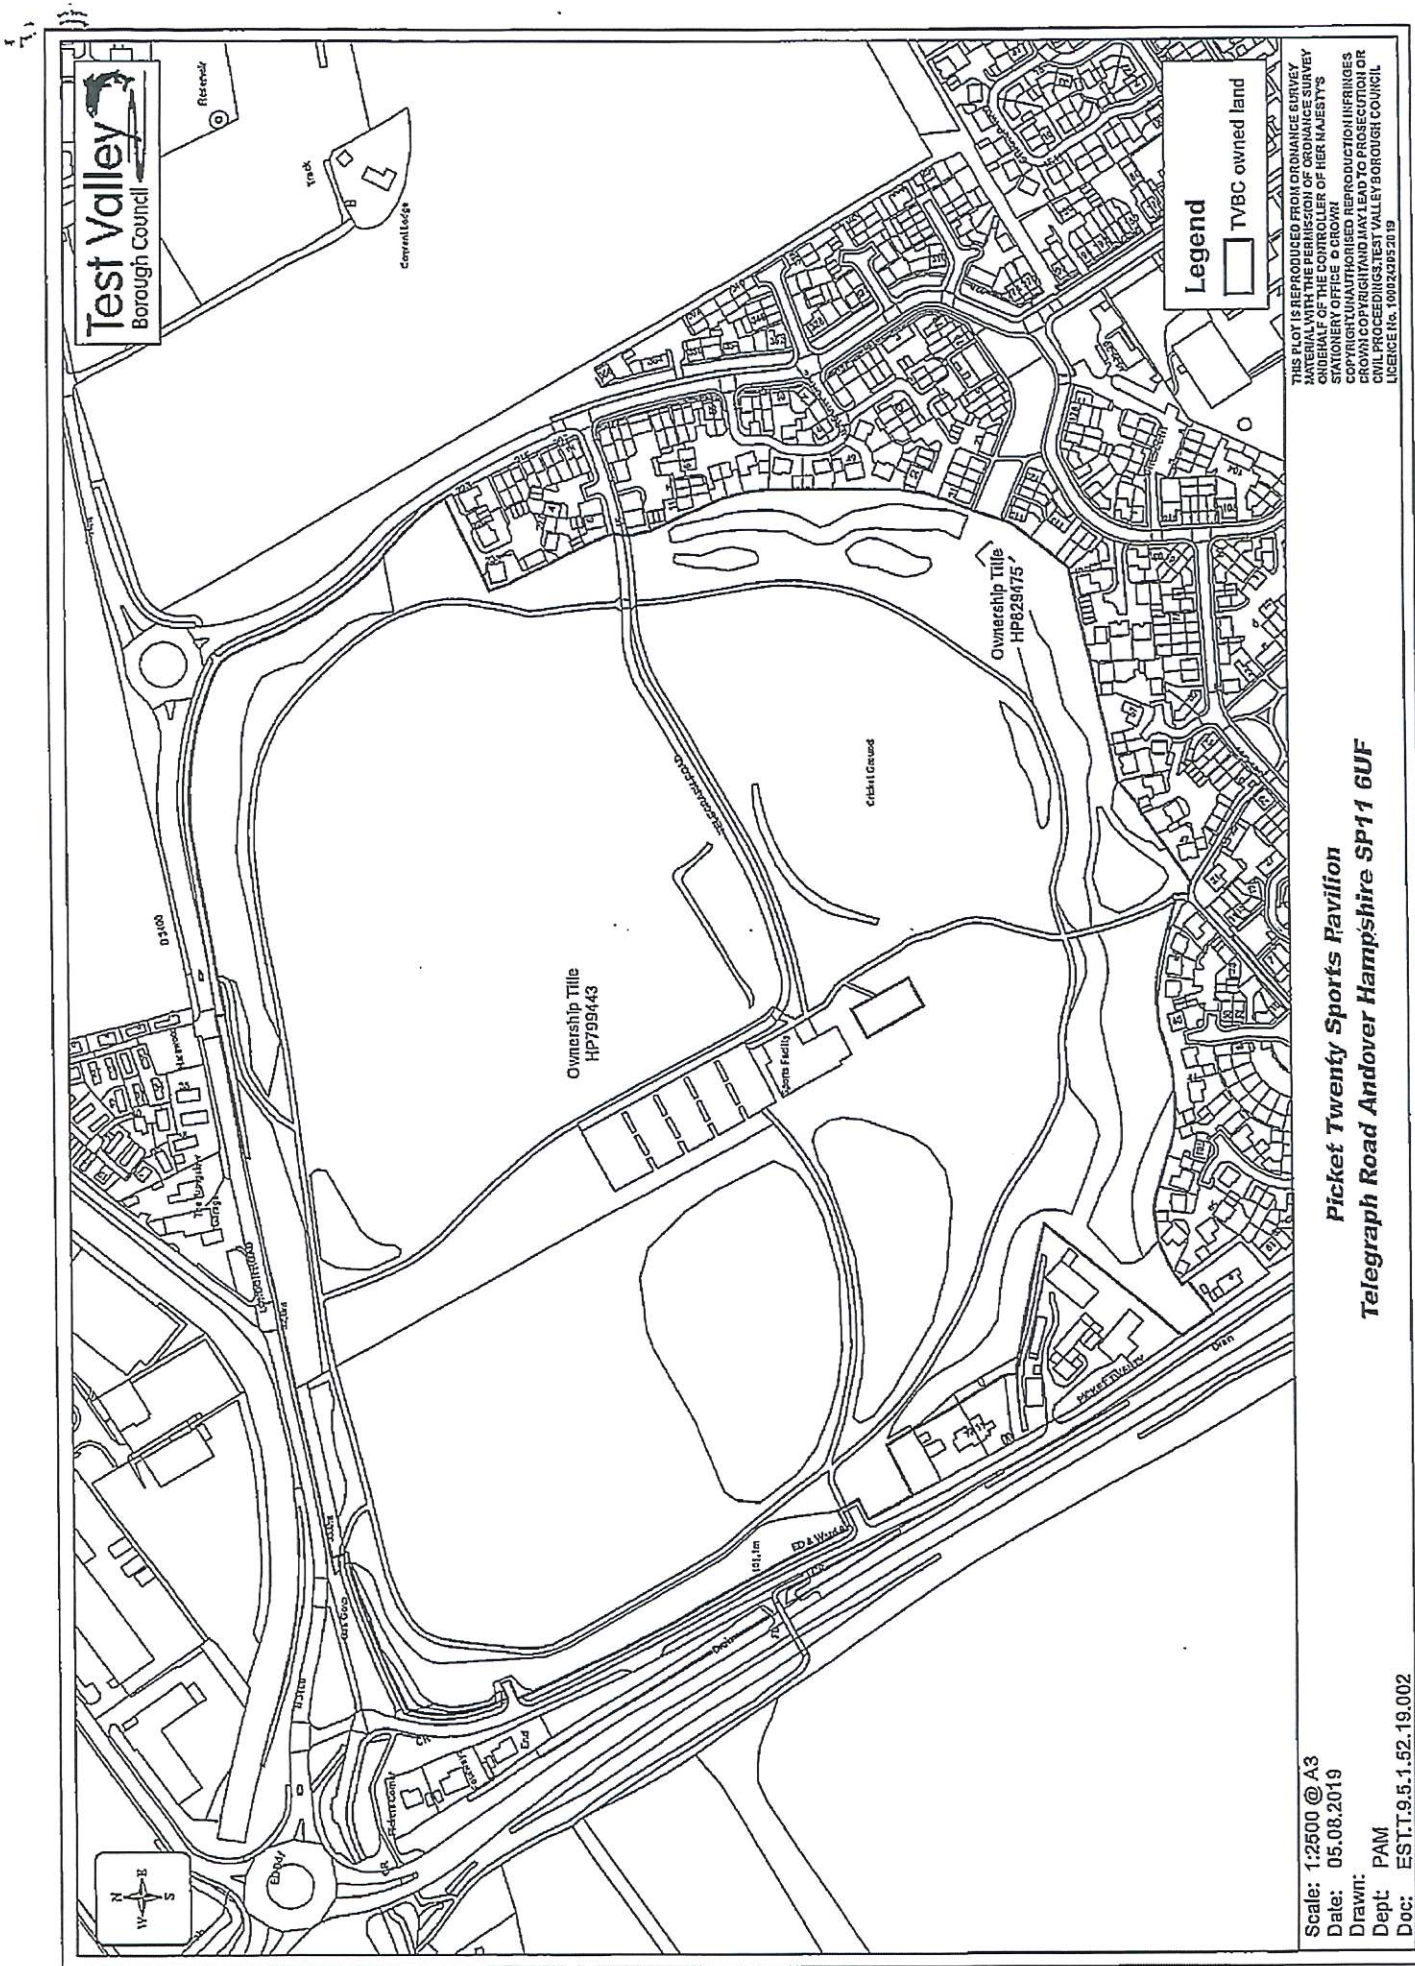

1. IT APPEARS to Test Valley Borough Council ("the Council") being the local authority, that you are for the time being residing in a vehicle or vehicles within their area on unoccupied open space land at Picket Twenty, Andover, (which is marked for indicative purposes hatched in red on the attached plan), without the consent of the owner.
2. In accordance with their powers under section 77(1) of the Criminal Justice and Public Order Act 1994, the Council DIRECT that you and any other persons with you are to leave the land and remove the vehicle(s) and any other property which you have with you or they have with them on the land.
3. If you fail to leave the land and/or to remove the vehicles(s) and any other property which is the subject of this Direction as soon as practicable and in any event by 2pm on 7th August 2019 or having removed any such vehicle or property, you again enter the land with a vehicle within the period of THREE MONTHS beginning with 6th August 2019, you will commit an offence and will be liable on summary conviction to a fine not exceeding level 3 on the standard scale.
4. The Direction operates to require persons who re-enter the land within the said period with vehicles or other property to leave and remove the vehicles or other property as it operates in respect to the person and vehicles or property on the land when the Direction was originally given.

INVESTIGATION PLAN

Circumstances:

Victim was walking in a field not too far from her home address, she noticed that a wooden gate had been damaged (did not witness this). The victim was walking along when a small white terrier type dog has come running along and grabbed hold of her foot with it's teeth. The victim has tried to shake the dog off, and then wrapped some clothing around her arm to push it off. The victim managed to get the dog off and pushed it away, as the victim carried on walking past a number of caravans the dog stopped. The victim asked a child in the area if they knew who's dog it was, the child said no. The victim took a photo of a van in the area, however this was because the dog stopped close by so nothing to tie the dog in with the vehicle. The area where the dog incident took place was also the location of a large Op Quebec site. The victim not give any further information to assist and as such has been advised that there are not further lines of enquiry. The victim didn't expect there to be, however she was pleased be called back at which point the RMS was passed to her

Classification:

This has already been classified as a 8/21 in relation to a dangerous dog out of control

Log entry:

Identification and assessment of THOR and Vulnerabilities:

There are no THOR concerns in relation to the victim. The victim will not be walking in the area of the OP QUEBEC site whilst it is in situ. Risk to VICTIM is LOW.
This task will be linked to the OP QUEBEC RMS this will likely assist with the ASB side of the encampment

Victim Code:

Not a priority victim, has been advised of her rights and has declined a VPS. RMS passed to victim who is aware this is not going to be investigated due to the fact the owner of the dog is not known, it is on a large OP QUEBEC site and the likelihood of identifying the owner of the dog is very unlikely

Assessment of the victim:

This will be filed without any further investigation with no lines of enquiry

Suspect management: Grounds for arrest, Code G compliant, Risk Assessment (Victim, Public, Police & Suspect)

No identified suspect

Method of investigation:

Official

Official

Enquiries completed:

Obtain details from victim, victim understands the difficulty of trying to investigate with limited information and as such told this will be filed

Enquiries outstanding:

Enquiry log 19/06/2019 13:16 #27403 HUGHES, E. No

I have spoken to [REDACTED] TVB environmental services. There is a Community Protection Order against some of the vehicles which may be seized if they do not leave TVBC area. Some of the vehicles are also carrying scrap metal which they do not have licenses to carry.

Waste carriage licences must be carried at all times and if they do not have the license there is a power to seize vehicles. I have attached the email trail from TVBC which contains the powers to be used.

From: [REDACTED] Sent: 19 June 2019 09:52 To: [REDACTED]

RE: CPN

Dear [REDACTED]

Indeed, the persons/vehicles on the previous CPN are in breach of that CPN which is still 'live.' They are committing a criminal offence by breaching it. We had a seizure warrant issued by the District Judge. But that was only valid for 14 days. If instructed, I can return to court and get a new seizure warrant.

Log entry: The police can inform those subject to the CPN that they are committing a criminal offence and are at risk of having their vehicles and caravans seized without further notice. That may cause them to go.

As to persons/vehicles not on the old CPN, it is easy for me to draft a new one to include the newbies. However, the relevant department would need to instruct me.

Also any vehicles that are being/ have been used unlawfully in the commission of waste offences (s33/s34) can be seized forthwith under s34B of the Environmental Protection Act 1990. As can vehicles being used to transport waste without a license contrary to s1 of the Control of Pollution (Amendment) Act 1989, as provided for by s5 of said Act.

I hope that is of some assistance.

Kindest regards

Log entry: NIGHTS RESPONSE AND PATROL, INSPECTOR 19-20.6.2019
Inspector review 20/06/2019 10:52 #507 SMITH, B. No

I am the Days Inspector for Winchester Andover and the New Forest.

Please accept my apologies on behalf of Response and Patrol, this incident should have had an Inspectors review on lates of 18th June 2019.

In the absence of such a review, I have contact APS Pugh for information and update. I am not able to attend the site, however, I am satisfied that I have an understanding from that conversation.

I have reviewed this encampment from the point of view of ascertaining if there is sufficient reason to require the travellers to leave the site.

- 1) There are 6 vehicles and 6 caravans in total
- 2) There has been no damage caused in order to encamp at this site.
- 3) No threats made to the land owner

** Land owner is confirmed as APS Pugh will be seeking confirmation that the travellers have been told that they are trespassers and that they are not welcome on the site.

I have used the National Decision Making Model to assist in my decision making.

Log entry:

Information and Intelligence:

In reviewing this matter, I have considered the following issues:

- i) Local amenities are deprived to communities or significant impact on the environment - Nil
- ii) There is local disruption to the economy - Nil
- iii) There is other significant disruption to the local community or environment - Nil
- iv) There is a danger to life - Nil
- v) There is a need to take preventative action - Nil
- vi) There are sufficient vehicles to consider S61 at this time.

Assess Threat and Risk: Develop Working Strategy.

At this time the threat caused by this group is LOW - there has NOT been crime and disorder reported as a result of their habitation of this site.

By moving on the group, there is a possibility that they will choose a site that is less desirable for them to be at than the one they are currently at.

The working strategy would be to look to develop a response whereby the needs of all are met - prevent any damage occurring to this site and enable the Landowner to prevent this site being re-used again.

Powers and Policies:

Op Quebec is the current Hampshire Police operation to deal with this issue.

S61 Criminal Justice and Public Order Act 1994 relate to the issue of unlawful encampments on land by trespassers - this legislation provides police with powers to deal with this issue.

Human Rights Act 1998 to be considered with regards to all police actions.

Official

Official

Identify Options and Contingencies:

The first option is to allow the landowner to consider eviction process and for police to monitor the site.

Second option is for police to do nothing further.

Third option is for police to issue a notice to the travellers on the site to quit after a reasonable period of time in line with S61 Criminal Justice and Public Order Act 1994. (If more vehicle arrive or other elements of S61 CJPO Act are met.

Consideration needs to be given to where the travellers could end up. We also need to consider where they will go to and the effect on the land they are currently at and the future land that they move to.

If they move to a new piece of land that is less suitable, then there will be a need for police and the landowner to discuss this issue all over again and consider the need to take further action.

Action and Review:

There is insufficient grounds to consider use of S61 at this time.

- Regular patrols in the area evidencing any build up of waste, extra vehicle

Maintain contact with Landowner about their intentions and impact.

This site will be managed as a TIER 2 and will be managed by NPT

Police will attend the site at reasonable intervals to provide community reassurance and monitor community tensions and affected residents/businesses in the area.

If any aspect of this current assessment changes then this is to be brought to the attention of the NPT Inspector or in their absence the duty Inspector.

Early intervention with the traveller liaison officer is required.

This matter will be reviewed on the morning TV DMM.

Log entry: On consulting with PC HUGHES, she was told the Travellers had been spoken to by TV Landowners, however I am seeking confirmation of this from [REDACTED] who work in their prosecution and litigation department. I have asked:

Have they been told that they are trespassing by the Landowners?

Has a new seizure notice been obtained for the vehicles?

Have any seizure of vehicles taken place (or need to take place) regards the Waste management legislation?

Sergeant review 20/06/2019 12:26 #3672 PUGH, T. No T1900954636 Init rpt Closed

I have now spoken with [REDACTED] from Test Valley Borough Council. They have issued notices to leave to the vehicles / caravans and women on the site at 1300 hrs on 19/06/2019. All persons and vehicles were either spoken to or had notices attached.

[REDACTED] were present from TVBC. Their aim was to try and disrupt this encampment using Waste Carriers powers and alike. The women initially told the staff that the men were away at a funeral.

Log entry: When one of the men came back to the site in his tipper van, wearing work clothes yesterday, he was challenged to produce his waste carriers licence as he was carrying garden waste on his tipper. The male was quite abusive and aggressive with the TVBC staff present and caused them to retreat from the site. Not an assault but may be a public order which will be crimed and linked to this occ when statements confirming any HAD are collected from the TVBC staff.

TVBC attended court this morning, but the Judge was too busy to hear the case and so there is a scheduled hearing at Aldershot tomorrow regards getting an eviction notice for the unlawful encampment.

Flytipping in the area has increased according to TVBC staff and they believe that this encampment may be responsible for at least some of this.

[REDACTED] said it is unlike this group of Travellers to be as aggressive as they were. The Travellers were frustrated with being moved on from place to place and also being assertively challenged regards the waste and other matters.

The male on site refused to identify himself to TVBC staff or accept a producer for his Waste carriers licence and so the TVBC staff are progressing through normal DVLA channels for potential prosecution.

Log entry: [REDACTED] will try to get warrant for Travellers on their site tomorrow (21/06/2019). If this is successful then Bailiffs will be instructed that day to effect removal. At this time [REDACTED] is not providing a statement regards any complaint of public order as she wishes the matter resolved through the above civil process as a primary option. APS 3672 Pugh

Updates noted in relation to the hearing planned for tomorrow 21/06 at Aldershot.

At this time this continues to be Tier 2 managed by NPT with support from R&P where required and overnight.

Log entry: I note that there have been further reports relating to fly tipping and there has been some aggression exhibited by a male on the site towards council staff.

Log entry: There appears to have been no change in the configuration of the encampment and the level remains at Tier 2.

I note the court hearing at 14:00hrs today.

This is being monitored by NPT but given the rising tensions it may be that flashpoints may occur at the point of eviction/evacuation.

The site continues to be present and as far as I am aware, remains in its previously reported size and numbers.

It still remains a Tier 2 site being managed by NPT.

TVBC are planning on getting the eviction order at court today and will be instructing Bailiffs to assist in clearing the site. We are unclear on timings but if any form of extended police response is required, TVBC to be informed that this would not be possible this evening due to limited numbers on R&P and NPT. Consideration for this to be Monday if required.

Log entry: APS PUGH will be in touch with TVBC later in the day to discuss this plan.
There was one report of firearms at the site yesterday but this is unconfirmed following an ARV deployment yesterday.
There is no reported heightened community tension of reports of ASB linked to the site at this time.

Update from TVBC

Log entry: Test Valley officers have already attended Court on Thursday 20th and Friday 21st June in an effort to get a new CPN and eviction notice for those on the site. Both times the Judge has not heard the case as more pressing complex cases were on their docket.

Currently the next hearing is set for Tuesday 25th June 2019 and so the Travellers are likely to remain until at least this date when more assertive action may be taking place.

Log entry: The site will remain over the weekend as per previous OEL, the eviction order has not been heard by the court.
All reports of ASB or related incidents to be linked into this master occurrence for review prior to Tues 26/06.
NPT reassurance visits to be conducted by PCSOs over the course of the weekend but there are no NPT officers on this weekend so any incidents will need to be deployed to by R&P.
Further district review to be completed Mon 25/06.

COMMUNITY PROTECTION NOTICE

(In accordance with Section 43 of the Anti Social Behaviour Crime and Policing Act 2014)

CPN Ref Number: TVBC/ODW/AP/002

TO: PERSONS UNKNOWN

& OWNERS/OCCUPIERS OF THE VEHICLES
ON SAID LAND

OF: OLD DOWN ROAD, ANDOVER, Hampshire

You have been given a written warning on, 07 August 2018 that a Community Protection Notice will be issued unless your reasonable behaviour, as detailed in the written warning, ceases. Test Valley Borough Council is satisfied that, despite having had enough time to deal with the matter, your unreasonable behaviour continues.

You are hereby required to comply with the following IMMEDIATELY:

1. Cease keeping unauthorised vehicles and caravans within the Borough of Test Valley on land belonging to Test Valley Borough Council or others without permission.
2. Cease defecating in a public place and/or on land belonging to others.
3. Cease unlawfully depositing controlled waste

If you fail to comply with these requests without reasonable excuse is an offence and may result in the following:

- You may be issued with a fixed penalty notice.
- You may be prosecuted. If you are prosecuted and convicted the maximum penalty is a fine not exceeding level 4 on the standard scale (currently £2,500 for an individual and up to £20,000 for a business or organisation).
- The court may make whatever order the court thinks appropriate to ensure that what the notice is requires to be done is done.
- A court order may require you to:
 - a) Carry out specified work, or
 - b) Allow specified work to be carried out by or on behalf of Test Valley Borough Council.
- The court may require you to surrender possession of any item used in your failure to comply with the Notice, to a Constable or to a person representing the Local Authority. The court may require this item to be destroyed or disposed of. A Justice of the Peace may issue a warrant, authorising a constable or authorised person to enter your premises to seize the item.

Breach of a Community Protection Notice is a Criminal Offence.

You are advised to refer to the extract from the ASB Crime and Policing Act 2014 provided.

YOUR RIGHT OF APPEAL

4. In accordance with Regulation 46 of The Anti-social Behavior, Crime and Policing Act 2014, if you disagree with all or part of this notice, you can appeal to the Magistrates' Court. You must appeal within 21 days of the date of the notice or the period ending with the date stated in paragraph 4 of the notice, whichever ends earlier.
5. If you decide to appeal, the time set out in the notice is suspended and you do not have to carry out the work described until the appeal is heard. However, if you are not complying with the Regulations mentioned in the notice, you may still be prosecuted for failure to comply with those Regulations.
6. When the appeal is heard, the Magistrates' Court may confirm, cancel or vary the notice.
7. Appeals should be made to:
Basingstoke Magistrates' Court
The Court House
London Road
Basingstoke
RG21 4AB

NOTES

Sec 46. Appeals against notices

(1) A person issued with a community protection notice (CPN) may appeal to a magistrates' court against the notice on any of the following grounds. 1 That the conduct specified in the CPN did not take place; has not had a detrimental effect on the quality of life of those in the locality; has not been of a persistent or continuing nature; is not unreasonable, or is conduct that the person cannot reasonably be expected to control or affect. 2 That any of the requirements in the notice, or any of the periods within which or times by which they are to be complied with, are unreasonable. 3 That there is a material defect or error in, or in connection with, the notice. 4 That the notice was issued to the wrong person. (2) An appeal must be made within the period of 21 days beginning with the day on which the person is issued with the notice. (3) While an appeal against a CPN is in progress (a) a requirement imposed by the notice to stop doing specified things remains in effect, unless the court orders otherwise, but (b) any other requirement imposed by the notice is of no effect. For this purpose an appeal is "in progress" until it is finally determined or is withdrawn. (4) A magistrates' court hearing an appeal against a CPN must (a) quash the notice, (b) modify the notice (for example by extending a period specified in it), or (c) dismiss the appeal.

Sec 47. Remedial action by local authority

(1) Where a person issued with a CPN ("the defaulter") fails to comply with a requirement of the notice, the relevant local authority may take action under subsection (2) or subsection (3) (or both). (2) The relevant local authority may have work carried out to ensure that the failure is remedied, but only on land that is open to the air. (3) As regards premises other than land open to the air, if the relevant local authority issues the defaulter with a notice (a) specifying work it intends to have carried out to ensure that the failure is remedied, (b) specifying the estimated cost of the work, and (c) inviting the defaulter to consent to the work being carried out, the authority may have the work carried out if the necessary consent is given. (4) In subsection (3) "the necessary consent" means the consent of (a) the defaulter, and (b) the owner of the premises on which the work is to be carried out (if that is not the defaulter). Paragraph (b) does not apply where the relevant authority has made reasonable efforts to contact the owner of the premises but without success. (5) A person authorised by a local authority to carry out work under this section may enter any premises to the extent reasonably necessary for that purpose, except that a person who is only authorised to carry out work under subsection (2) may only enter land that is open to the air. (6) If work is carried out under subsection (2) or (3) and the relevant local authority issues a notice to the defaulter (a) giving details of the work that was carried out, and (b) specifying an amount that is no more than the cost to the authority of having the work carried out, the defaulter is liable to the authority for that amount (subject to the outcome of any appeal under subsection (7)). (7) A person issued with a notice under subsection (6) may appeal to a magistrates' court, within the period of 21 days beginning with the day on which the notice was issued, on the ground that the amount specified under subsection (6)(b) is excessive. (8) A magistrates' court hearing an appeal under subsection (7) must (a) confirm the amount, or (b) substitute a lower amount. (9) In this section "the relevant local authority" means (a) the local authority that issued the CPN; (b) if the CPN was not issued by a local authority, the local authority (or, as the case may be, one of the local authorities) that could have issued it.

Sec 48. Offence of failing to comply with notice

(1) A person issued with a CPN who fails to comply with it commits an offence. (2) A person guilty of an offence under this section is liable on summary conviction (a) to a fine not exceeding level 4 on the standard scale, in the case of an individual; (b) to a fine not exceeding £20,000, in the case of a body. (3) A person does not commit an offence under this section if (a) the person took all reasonable steps to comply with the notice, or (b) there is some other reasonable excuse for the failure to comply with it.

Sec 49 Remedial orders

A court before which a person is convicted of an offence under section 48 in respect of a CPN may make whatever order the court thinks appropriate for ensuring that what the notice requires to be done is done. (2) An order under this section may in particular require the defendant (a) to carry out specified work, or (b) to allow specified work to be carried out by or on behalf of a specified local authority. (3) To be specified under subsection (2)(b) a local authority must be (a) the local authority that issued the CPN ;(b) if the CPN was not issued by a local authority, the local authority (or, as the case may be, one of the local authorities) that could have issued it.(4) A requirement imposed under subsection (2)(b) does not authorise the person carrying out the work to enter the defendant's home without the defendant's consent. But this does not prevent a defendant who fails to give that consent from being in breach of the court's order. (5)In subsection (4) "the defendant's home" means the house, flat, vehicle or other accommodation where the defendant--(a) usually lives, or (b) is living at the time when the work is or would be carried out. (6)If work is carried out under subsection (2)(b) and the local authority specified under that subsection issues a notice to the defaulter (a) giving details of the work that was carried out, and (b) specifying an amount that is no more than the cost to the authority of having the work carried out, the defaulter is liable to the authority for that amount (subject to the outcome of any appeal under subsection (7)).(7) A person issued with a notice under subsection (6) may appeal to a magistrates' court, within the period of 21 days beginning with the day on which the notice was issued, on the ground that the amount specified under subsection (6)(b) is excessive. (8) A magistrates' court hearing an appeal under subsection (7) must (a) confirm the amount, or (b) substitute a lower amount.

Sec 50. Forfeiture of item used in commission of offence

(1) A court before which a person is convicted of an offence under section 48 may order the forfeiture of any item that was used in the commission of the offence. (2) An order under this section may require a person in possession of the item to hand it over as soon as reasonably practicable (a) to a constable, or (b) to a person employed by a local authority or designated by a local authority under section 53(1) (c). (3) An order under this section may require the item (a) to be destroyed, or (b) to be disposed of in whatever way the order specifies. (4) Where an item ordered to be forfeited under this section is kept by or handed over to a constable, the police force of which the constable is a member must ensure that arrangements are made for its destruction or disposal, either (a) in accordance with the order, or (b) if no arrangements are specified in the order, in whatever way seems appropriate to the police force. (5) Where an item ordered to be forfeited under this section is kept by or handed over to a person within subsection (2) (b), the local authority by whom the person is employed or was designated must ensure that arrangements are made for its destruction or disposal, either (a) in accordance with the order, or (b) if no arrangements are specified in the order, in whatever way seems appropriate to the local authority.

Sec 51. Seizure of item used in commission of offence

(1) If a justice of the peace is satisfied on information on oath that there are reasonable grounds for suspecting (a) that an offence under section 48 has been committed, and (b) that there is an item used in the commission of the offence on premises specified in the information, the justice may issue a warrant authorising any constable or designated person to enter the premises within 14 days from the date of issue of the warrant to seize the item. (2) In this section "designated person" means a person designated by a local authority under section 53(1) (c). (3) A constable or designated person may use reasonable force, if necessary, in executing a warrant under this section. (4) A constable or designated person who has seized an item under a warrant under this section (a) may retain the item until any relevant criminal proceedings have been finally determined, if such proceedings are started before the end of the period of 28 days following the day on which the item was seized; (b) otherwise, must before the end of that period return the item to the person from whom it was seized. (5) In subsection (4) "relevant criminal proceedings" means proceedings for an offence under section 48 in the commission of which the item is alleged to have been used.

Op Quebec - 10 Vehicles and 6 caravans have formed an encampment on the green between Roman Way, Smannel road and St Paul's church. These vehicles and people are the same as those detailed in 44190176124					
Log entry:	There has been no damage to get on site and there are no reports of any disorder or complaints from local residents at this time. One female is pregnant, Jade Loveridge, she will be attending NHH tomorrow for a midwife appointment, this has been given as the reason for the group staying one more night, however they have all said that they plan to stay until Bank holiday Monday. I had no concerns for Jade, the caravan looked clean, she looked healthy and had no concerns.

This encampment contains 6 caravans and 10 other vehicles. The site is on open land owned by [REDACTED] no damage has been caused to gain access to the site which is grass land set back from the main road (Smannel Road.) The group contains 5 families whose intention is to remain until Monday when they look to move towards Devon.					
The same group were previously on the Taylor Wimpy site and have moved to this new site after being removed by the land owners.					
The site itself is set back from the road, there will be little to no impact on passing members of the public, there is a play area on the

opposite grass area to the encampment however it is some way from where the encampment is.

I have spoken to the group, they were very open and honest with police and know to keep the land tidy and ensure rubbish is collected. They are aware it is [REDACTED] (who have been notified by PC Carpenter). There is one vulnerable person on site who is pregnant, she is in good health and states she has a midwife appointment tomorrow.

Log entry: I have little concern in relation to this encampment, they have encouraged police patrols and engagement and seem happy to work with council and police.

- PC Carpenters C58 for some reason saved blank, she is currently re-adding this as I speak.

No

I have reviewed this encampment from the point of view of ascertaining if there is sufficient reason to require the travellers to leave the site. I have not visited the site but have received a comprehensive update from PS WHIPPY who has visited this evening.

- 1) There are currently 10 motor vehicles and 6 caravans - encompassing 6 families. This is the same group that moved on from another location close by earlier in the day - 44190176124 refers.
- 2) There has been no damage caused in order to encamp at this site.
- 3) No threats made to the land owner - who is yet to attend.

Land owner is [REDACTED] whose out of hours service have been notified. It is anticipated that they will attend in the morning. I am aware that groups of travellers have used the same piece of land in the past.

I have used the National Decision Making Model to assist in my decision making.

Information and Intelligence:

In reviewing this matter, I have considered the following issues:

- i) Local amenities are deprived to communities or significant impact on the environment - Nil
- ii) There is local disruption to the economy - Nil, local neighbours have called in and are unhappy but nothing beyond that at this time.
- iii) There is other significant disruption to the local community or environment - Nil
- iv) There is a danger to life - Nil
- v) There is a need to take preventative action - Nil
- vi) There are sufficient grounds to consider S61 at this time.

Assess Threat and Risk: Develop Working Strategy.

At this time the threat caused by this group is MEDIUM- there has been a report of a young male shooting a pigeon out of a tree with a catapult but nothing further at this time. By moving on the group, there is a possibility that they will choose a site that is less desirable for them to be at than the one they are currently at.

The working strategy would be to look to develop a response whereby the needs of all are met - prevent any further damage occurring to this site and enable the Landowner to prevent this site being re-used again.

Log entry:

Powers and Policies:

Op Quebec is the current Hampshire Police operation to deal with this issue.

S61 Criminal Justice and Public Order Act 1994 relate to the issue of unlawful encampments on land by trespassers - this legislation provides police with powers to deal with this issue.

Human Rights Act 1998 to be considered with regards to all police actions.

Identify Options and Contingencies:

The first option is to allow the landowner to consider eviction process and for police to monitor the site.

Second option is for police to do nothing further.

Third option is for police to issue a notice to the travellers on the site to quit after a reasonable period of time in line with S61 Criminal Justice and Public Order Act 1994. (If other elements of S61 CJPO Act are met - at present they are not.)

Consideration needs to be given to where the travellers could end up. We also need to consider where they will go to and the effect on the land they are currently at and the future land that they move to.

If they move to a new piece of land that is less suitable, then there will be a need for police and the landowner to discuss this issue all over again and consider the need to take further action.

Action and Review:

- Regular patrols in the area evidencing any build up of waste, extra vehicles
- Confirm Landowner and establish their views/ intentions.
- Reassure any residents/business users near the area - this can be considered in daylight hours.
- If any aspects of this current assessment changes then this is to be brought to the attention of the duty R&P Insp or District Inspector.
- Early intervention by traveller liaison is required - Contact ACC.

This matter will be reviewed via the District DMM

At present use of S61 powers not appropriate, no evidence of Significant Serious Harm or Damage. I have discussed this with Force Silver - Supt MASSON and she is content with this decision at this time. Site to be managed at Tier 2 at this time.

ZW40 days actions:

Log entry:

- Multiple patrols conducted of the new site. No change in vehicles present. As of Midday the site was clean and tidy.
- A report was received about a vehicle seen driving along the public footpath near to the site and a MOP being 'forced' off the path. No details were taken by the inf in regards to the vehicle in question so a blanket advice was given to the travellers present at the time to be respectful of MOP who are walking.
- The bailiff who helped to evict the travellers from the Taylor Wimpy site yesterday has been recontacted. He did witness fly tipping however this is confirmed to have taken place on the Taylor Wimpy land which is private. The tipped trees and shrubbery have been discarded into already existing bushes. I have advised [REDACTED] to contact Taylor Wimpy and advise them of this as it will be them as

Inspector review 27/05/2019 20:29 #24184 DOUGLAS, J. No

I have researched all of the incidents. I have referred to the ACPO guidelines for utilising Section 61, and have added my comments -

ACPO Guidance on Unauthorised Encampments
Forces should consider becoming involved in bringing about the prompt and lawful removal of unauthorised encampments, including the use of police powers under Section 61 or 62 of the Criminal Justice and Public Order Act 1994 where:
Local amenities are deprived to communities or significant impact on the environment. This could include, for example, forming an encampment on any part of a recreation ground, public park, school field, village green, or depriving the public use of car parks. The fact that other sections of the community are being deprived of the amenities must be evident before action is taken.- there is no evidence that communities have been deprived of local amenities. As for the significant impact on the environment there is one report of fly tipping, but I note this was on adjacent private land about which there has been no complaint by owners.
There is local disruption to the economy. Local disruption to the economy would include forming an encampment on a shopping centre car park, or in an industrial estate, if it disrupts workers or customers, or agricultural land, if this results in the loss of use of the land for its normal purpose.- there is no evidence of local disruption- the 'large fight' resulted in denial of any victims from the travellers and damage to one of their own vehicles- again no complaint.
There is other significant disruption to the local community or environment. This might include where other behaviour, which is directly related to those present at an encampment, is so significant that a prompt eviction by police becomes necessary, rather than by other means.- no evidence of 'significant disruption'- the incident of Section 4A involved a couple who refused to move out of the way of a moving van containing travellers- believing they had right of way on the path. It is arguable that a more reasonable approach would have been to give way to the vehicle, which they did eventually- which would have prevented the incident.
There is a danger to life. An example of this might be an encampment adjacent to a motorway, where there could be a danger of children or animals straying onto the carriageway.- there is no evidence of any danger to life
There is a need to take preventative action. This might include where a group of trespassers have persistently displayed anti-social behaviour at previous sites and it is reasonably believed that such behaviour will be displayed at this newly established site. This reasoning will take on greater emphasis if the land occupied is privately owned, as the landowner will be responsible for the cleansing and repair of their property.....- the sum of activities at the previous site include, dogs barking during the night, and the fly tip.. At this site they have had a fight, but there are no confirmed victims and no complaint about the damage. I can see no immediate need to move them at this time.
In all cases, Human Rights must be applied to all decisions and actions, i.e. that the elements of Section 61 CJPO are satisfied AND that it is necessary, proportionate and appropriate to use those powers.

I therefore conclude that the grounds for invoking Section 61 are not met. If they had been abusive to us, landowners or landowners agents this would have met one of the criteria. If they had caused damage (generating a complaint ie fly tipping) this would meet the criteria.

There were several pockets of rubbish apparent having been dumped in the hedgerow. Several black bags and some tree cuttings. There is also damage to a large patch of grass 4-5' in diameter where a bonfire has been burnt and a tree being used to hold up a washing line appears to have all of the bark stripped off its trunk.

Log entry: Also, a street lamp on Roman Way on the side of the road of the encampment has had the lens glass smashed.

The Loveridges said that they have not had any tension with the community apart from one local man made a remark about them leaving a generator out near the footpath, saying that they should be careful in case it gets stolen. The generator was still there the following morning so they are not concerned and do not consider it a threat.

	OIC SUMMARY				
	On Saturday 25th May 2019 at 2232 informant reporting a fight on the green at the corner of Cricketers Way where there are some Travellers staying.				
Log entry:	On Police arrival all was peaceful, but one of their vehicles had a damaged windscreen. There were a few of the residents of the caravans on the green area milling around and all were spoken to by attending Officers. All but one declined to provide their details to Police and they all said that nothing had happened and denied there being any fight.				
	The owner of the car stated that she had caused the damage to her own vehicle because she was upset that her dog had gone missing.				
	There were no complaints from any of the people present so this has been classified as NZ and is suitable for filing.

	<u>Crime Incident Management Unit Review</u>				
	I have reviewed this OCC as part of my role within CIMU. Given the information known to me at this time, I have classified this as POA Sec 5.				
	An INFT has contacted police as she has witnessed a male assaulting his partner. This male had a milk urn and was hitting it across the top of a car. The caller moved herself and her children away to a place of safety. The male then was seen to approach the female still carrying the milk urn.				
Log entry:	A second female called police reporting that there was a fight between people and that a chair had gone through a window, which was possibly a car window. This was followed by swearing and children crying.				
	There were no complaints forthcoming from the INFT's, however the offence of POA Sec 5 is still made out. The offence wording is that a person is guilty of an offence if he uses threatening, or abusive words or behaviour, or disorderly behaviour within hearing or sight of a person likely to be caused harassment, alarm or distress thereby.				
	Therefore it is not a requirement for the INFT's to have been caused H/A/D, only that the behaviour displayed was such that it was likely to have caused someone present within hearing or sight H/A/D. Given that there were children present and the INFT moved them away to a place of safety, it is safe to assume that they were likely to have been caused H/A/D from the disorderly behaviour witnessed.				
	Thanks, CIMU

	Please note and address issue raised by CIMU, if a crime has been confirmed, an OIC FWS will need to be completed with the correct outcome code applied.

OIC FINAL WORKING SHEET

INVESTIGATION

Concise summary of the investigation, or location of summary of evidence.

On Saturday 25th May 2019 at 2232 informant reporting a fight on the green at the corner of Cricketers Way where there are some Travellers staying.

On Police arrival all was peaceful, but one of their vehicles had a damaged windscreen. There were a few of the residents of the caravans on the green area milling around and all were spoken to by attending Officers. All but one declined to provide their details to Police and they all said that nothing had happened and denied there being any fight.

The owner of the car stated that she had caused the damage to her own vehicle because she was upset that her dog had gone missing. There were no complaints from any of the people present.

This has been classified as POA Section 5 as behaviour displayed was such that it was likely to have caused someone present within hearing or sight H/A/D. Given that there were children present and the INFT moved them away to a place of safety, it is safe to assume that they were likely to have been caused H/A/D from the disorderly behaviour witnessed.

This can now be filed.

Has the Victims Code been complied with and is there a Victim Contract Agreement recorded on the occurrence? [Yes](#), but no victim contract agreement recorded as only assumption that HAD caused, no victim has presented themselves.

Has an outcome officer been added to the Current police tab? - [Yes](#) <If not - link here>

Log entry:

Have any other crimes been mentioned during the course of this investigation i.e. on the ALTARIS, in statements, risk assessment etc? [No](#) - If so ensure they are recorded and quote crime number here.

If Not recorded why not? i.e. already recorded (quote crime number), same victim/ offender relationship and reported at the same time, facts as reported do not meet points to prove for recording an offence and state what is missing etc.

OUTCOME

Outcome 18 – Investigation Complete

No suspect identified

Crime investigated as far as reasonably possible

Case closed pending further investigative opportunities becoming available

Where is the summary of evidence and rationale to show that the Crime has been investigated proportionately? As above

Has the victim, or in the case of a child, their parent / guardian (unless not appropriate) been informed that the case will be dealt with in this way? [No](#) - Who informed them? Victim hasn't come forward.

S61 Criminal Justice and Public Order Act 1994 relate to the issue of unlawful encampments on land by trespassers - this legislation provides police with powers to deal with this issue.

Human Rights Act 1998 to be considered with regards to all police actions.

Identify Options and Contingencies:

The first option is to allow the landowner to consider eviction process and for police to monitor the site.

Second option is for police to do nothing further.

Third option is for police to issue a notice to the travellers on the site to quit after a reasonable period of time in line with S61 Criminal Justice and Public Order Act 1994. (If more vehicle arrive or other elements of S61 CJPO Act are met.

Consideration needs to be given to where the travellers could end up. We also need to consider where they will go to and the effect on the land they are currently at and the future land that they move to.

If they move to a new piece of land that is less suitable, then there will be a need for police and the landowner to discuss this issue all over again and consider the need to take further action.

Action and Review:

- Regular patrols in the area evidencing any build up of waste, extra vehicles
 - Confirm Landowner and establish their views/ intentions tomorrow
 - Reassure any residents/business users near the area
 - If any aspects of this current assessment changes then this is to be brought to the attention of the District or R&P Inspector.
 - Early intervention by traveller liaison is required - Contact HCC
- This matter will be reviewed via the Test Valley District DMM Thursday 22/5/19
At present use of S61 powers not appropriate or proportionate

Inspector 507 Smith

BAILIFF UPDATE.
 He has spoken to the site but there were no males on site so he is not able to confirm any further direction or intentions from the site. He has requested a follow up visit from the police to reiterate and support the message that has been given this morning. They are still keen to enforce the eviction today and have further resources and removal trucks on standby but are keen to avoid this where possible.
 I have stated that I will call him back with an update after a visit in the next couple of hours.

Sergeant review: Site has been attended and the occupants have been reminded of the need to leave the site today. They aren't too happy but understand that it will happen - no update or confirmation of move.
 The Bailiffs are remaining on the building site nearby and monitoring events and movements. They will reattend later, again trying to resolve this peacefully. They anticipate that this will not occur until later this evening as the travellers would prefer to move later at night.
 I have explained the police role and he is aware of this. I have also stated that if violence or threats are used they need to withdraw and consider further attempts on Saturday with a view to drafting additional resources if necessary. Her is hopeful this will not be required and appears to be a level headed guy in terms of safe options.
 I will call him around 4 prior to going off duty.

Log entry: Alt [REDACTED] - an anon male that lives nearby complaining that the dogs are constantly barking so that he hasn't been able to sleep. He has recently been diagnosed with depression.
 He isn't happy that the dogs are constantly barking and that he is wanting them to leave. He has said that he will attend the site to cause trouble and will get others to join him. I have tried to explain that the landowners need to get the relevant paperwork from the courts and that police are attending the site on a daily basis. He was saying that we aren't doing anything and that last time as locals caused trouble that the travellers then left within hours with a police presence. He wasn't listening to any advice that he was being given, refused details and hung up on me.

 Summary: IS THIS THE SAME JOB AS 745? NO - THIS WILL BE FOR CLOSING, AM JUST TYPING LOG. INFT REPORTING AT APPROX 1830HRS THIS EVENING HIS WIFE WAS DRIVING PAST THE TRAVELLERS ENCAMPMENT NEAR THE ABOVE LOCATION. ONE YOUNG MALE WAS HITTING GOLF BALLS INTO THE TRAFFIC USING A GOLF CLUB TO HIT THEM INTO PASSING CARS. HE LAUNCHED ONE USING A GOLF CLUB AND IT BOUNCED OFF OF INFTS WIFE'S WINDSCREEN. NO DAMAGE WAS CAUSED TO THE CAR AT ALL BUT IT DID MAKE HER JUMP. SHE PULLED OVER FURTHER UP THE ROAD TO CHECK THE VEHICLE WAS AIO AND THEN CONTINUED DRIVING HOME. HIS WIFE HAS SAID THE BOY KNEW WHAT HE WAS DOING AS HE THEN JUST RAN BACK INTO THE ENCAMPMENT AS SOON AS IT BOUNCED OFF HER CAR. SHE STATES HE WAS IC1, AGED APPROX 10/12YRS, WEARING A WHITE TSHIRT AND SHORTS. INFT JUST WANTED TO REPORT IT AS HE SAYS IT IS VERY DANGEROUS AND COULD CAUSE AN ACCIDENT IF SOMEONE BRAKED SHARPLY BECAUSE OF IT OR CAUSE DAMAGE TO SOME VEHICLES. ADVISED WE WOULD LOG AS ASB AND PASS FAO OF LOCAL NPT ON AREA SWEEPS WHO WOULD LIKELY ALREADY BE AWARE OF ENCAMPMENT. *** RESULT *** ASB ISSUES WITH TRAVELLERS ENCAMPMENT - LOGGING FAO OF NPT ON SWEEPS.

INVESTIGATION

OIC FINAL WORKING SHEET

Concise summary of the investigation, or location of summary of evidence.

Whilst police were dealing with an allegation of a criminal damage matter whereby two males have caused damage to a motor vehicle and also obtaining details of an unauthorised encampment,

██████████ has reported to police that unknown persons in unknown vehicles have come onto the grass area where they had set up, completed handbrake turns/skids and also shouted out verbal abuse towards him which included "PIKEY, GYPSY BASTARDS" and that other vehicles who had been passing all night long had done a similar thing. ██████████ explained that 2 cars had pulled onto the grass area and contained "YOUNG LADS" and that one of the vehicles was a Silver Vauxhall. No descriptions of persons or VRM of vehicles provided.

Police have spoken with ██████████ also on the encampment. He told police that there was one red car and one white car that had come onto the grass area where they are set up and that one of the vehicles had completed a handbrake turn before going away. He tells police that another person in an unknown vehicle that had driven past on the road, had been recorded them whilst driving past and shouting "GYPSY, PIKEY BASTARDS".

Despite best efforts, ██████████ has declined to support a police prosecution.

The accounts provided that vehicles have entered the grass area and completed handbrakes

Official

Official

turns does not appear to add up with what was seen by police. Having said this there were two straight line skids in the grass.

Unknown offenders in unknown vehicles. No CCTV and No H2H.

No Further lines of enquiry.

Has the Victims Code been complied with and is there a Victim Contract Agreement recorded on the occurrence? [No](#)

Has an outcome officer been added to the Current police tab? - [Yes](#) [If not - link here](#)

Have any other crimes been mentioned during the course of this investigation i.e. on the ALTARIS, in statements, risk assessment etc? [No](#) - If so ensure they are recorded and quote crime number here.

If Not recorded why not? i.e. already recorded (quote crime number), same victim/ offender relationship and reported at the same time, facts as reported do not meet points to prove for recording an offence and state what is missing etc.

OUTCOME

Outcome 14 - Evidential Difficulties: Suspect not Identified

Log entry: The victim either declines or is unable to support further police investigation to identify the offender, this would include circumstances where the victim is under 18 and the parents do not allow the child to ID the offender, or where the victim knows the identity of the offender but declines to support police to identify the offender.

Where is the rationale recorded, detailing why victim is declining or unable to support? FWS

Has the victim, or in the case of a child, their parent / guardian (unless not appropriate) been informed that the case will be dealt with in this way? [Yes](#) - Who informed them?

If the victim tries to identify the suspect without success and the suspect is never identified another Outcome (Outcome 18) should be used.

review

Log entry:

I have reviewed this matter which is a hate related incident. Racially aggravated public order. Gypsy/Travellers are a recognised minority group. Police officers have obtained details of the incident. There are no viable lines of enquiry that can be followed up and the aggrieved is not willing to pursue the matter. It is therefore proportionate to file this matter. An AD356 has been completed. I am not aware of any community tension as a result of this matter.

On 11/04/2019 police were called to the following;

2019-04-11 23:23:25: INFT REPORTING THAT SOMEONE HAS JUST TRIED TAKING HIS VEHICLE - TAKE A LEFT FROM THE WEYHILL ROUNDABOUT BY THE MCDONALDS TWO OF THEM PARKED ON THE SIDE OF THE ROAD - IN A VAN - THEY PUT A CONE IN THE MIDDLE OF THE ROAD AND WHEN THEY GOT OUT TO MOVE IT THEY TRIED TO TAKE INFTS CAR BELIEVED TO STILL BE THERE NOW THEY HAVE DAMAGED INFT'S CAR AS HE DROVE AWAY - HE IS CURRENTLY DRIVING HOME

On police arrival at the location, the aggrieved party had returned to their home address and there was a cone in the middle of the road in the lane which would take you from Andover towards the BRITAX roundabout. There were also two flatbed vans and two caravans parked on the grass verge.

In one of the flat bed vans which was parked closest to the road, Joey BOWERS who was sat in the driver's seat identified himself and his brother Michael BOWERS to police. Due to conflicting reports, details for both males were obtained in order to allow for police to speak with the aggrieved party.

Police spoke with [REDACTED] who has explained the following:

[REDACTED] has told police that he and [REDACTED] were travelling along the A343 from Andover towards the BRITAX roundabout when [REDACTED] noticed that there was a cone in the middle of the lane they were using. No other parties present within the vehicle.

[REDACTED] states that as he stopped to let [REDACTED] get out and move the cone, as he looked back over he noticed two males walking towards his car and they had gotten out of the flatbed truck closest to the road. [REDACTED] states he unwound his window and the larger build male (Joey BOWERS) has said "HAVE YOU GOT A PROBLEM"

Log entry:

[REDACTED] tells police that [REDACTED] replies that they were just moving a cone out the road and asked the males if they had put it there to which they replied "YEAH DO YOU HAVE A PROBLEM"

[REDACTED] states as [REDACTED] gets back into the car he tells [REDACTED] to go and with that attempts to drive away. At this point [REDACTED] states the large build male then reaches towards the driver's door with his right hand and was holding a metal bar in his left hand. [REDACTED] tells police that as he drove away he heard a bang on the drivers door followed by the rear window being smashed.

[REDACTED] is unable to states he caused the damage but states that the larger build male had been standing closest to the car at the time this happened.

DS REVIEW

This is a report of Criminal Damage. I note that in the initial altaris the victim states that some one was trying to take his car however the statements do not reflect this. The aggrieved [REDACTED] has reported that as he was driving he saw a cone in the road. He stopped and his cousin [REDACTED] got out of the car to move the cone. [REDACTED] then notices 2 males who he doesn't know. One of them asks if he has a problem and he says he is just moving the cone. As [REDACTED] drives away MALE 1 attempts to open the drivers door. [REDACTED] also sees that MALE 1 has a metal bar in his hand. [REDACTED] also describes seeing a male with a metal bar in his hand. As they drive away the car is then kicked and the rear windscreen smashed. Neither [REDACTED] see who causes the damage.

Police attend the area where the incident happened and Joey BOWERS and Michael BOWERS are present in a flatbed van. The suspects were described as being in a flatbed van.

Joey BOWERS was raised as a suspect by the attending officer, PC DIAPER, however I cannot see the rationale for this as neither the aggrieved or the witness have named BOWERS. It may be that due to the descriptions provided PC DIAPER has been able to match the description to Joey BOWERS. I would also query why Joey BOWERS has been raised as a suspect and not Michael BOWERS as at this time neither [REDACTED] can confirm who has committed the damage and I would suggest that both Joey and Michael BOWERS should be raised as suspects and interviewed under caution. I have emailed PC DIAPER asking for an OEL to be added explaining his rationale.

Log entry:

[REDACTED] and [REDACTED] have said they would recognise the suspects again so PROMAT is to be considered.

The owner of the vehicle, [REDACTED] auntie, also needs to provide a statement as it is her car that has been damaged.

I have considered THOR and make the below assessment.

T - Low - the suspects do not know the aggrieved/witness or where they live.

H - Low - no injuries caused however substantial damage.

O - Medium - person causing damage not identified however 1 suspect seen with a metal bar and no other people in the area at the time.

R - Low - as per threat.

I have considered the skill set required (PIP1 and PIP2). I have assessed that this required a PIP1 investigator based on the overall complexity of the case. This has been allocated to PC WEBSTER.

HOUSEKEEPING

The OIC must review the investigation for outstanding crimes. I have reviewed this already, but the OIC remains responsible for any additional crimes which they also identify.

CDI - Correctly classified at this time.

The OIC must consider a new Victim Contract with the aggrieved.

INVESTIGATION PLAN

The OIC must add an Investigation Plan within 24 hours of allocation. This must consider the scene, witnesses, the suspect and victim. Additionally, the OIC must consider passive data (phone/CCTV/ANPR) and third party material (e.g. medical evidence is required). The OIC must also consider the points to prove of the offence and specifically the identification of the offender.

The OIC must consider the process and type of interview of the victim/witness is subject to and whether statement or VRI is considered.

The OIC must consider if children have witnessed this incident and if so, document a PPN1.

Enquiry log 16/04/2019 08:03 #27626 DIAPER, L. No

I have been asked by A/Ds 27180 Trigg to add an OEL entry as to why I have raised Joey BOWERS as a suspect for this matter.

Following the initial deployment by CWUN police arrived on scene very shortly after this was reported and the agg'd had been told to go home by CWUN.

On arrival, there were two males in a white transit tipper van. I obtained their details, in the drivers seat was Joey BOWERS and in the passenger seat was Michael BOWERS.

Joey BOWERS was of a larger build than Michael.

Log entry: Following speaking the agg'd and witness, it has been described that the "larger build male" has come out the drivers seat of a white tipper style van and with him was a skinnier build male who was wearing a grey hat.

On my initial arrival Michael BOWERS was wearing a grey hat as can be seen from my BWV. Based on this I suspected Joey BOWERS as being the larger build male.

The reason as to why I have listed Michael BOWERS as a subject at this time is because it has been described that the larger build male (Joey BOWERS) was closest to the car at the time damage was caused and who was also holding a metal bar.

Michael BOWERS was described as being stood slightly behind him.

I have tried calling all of the phone numbers linked to Joey BOWERS, however none of them are recognised - they are all numbers dated back between 2008 - 2014. The Bowers family were part of an unlawful encampment in Andover recently, but have since moved on. It is not known where the BOWERS have travelled to. Last known residential address on PNC and RMS is [REDACTED]

OIC FINAL REVIEW

Circumstances:

On 11th April 2019 at 2300hrs, [REDACTED] and his cousin [REDACTED] were travelling along the A343 from Andover when they noticed that there was a cone in the middle of the lane they were using.

[REDACTED] got out to move the cone when two males got out of a flatbed truck. [REDACTED] wound his window down and the larger build male (believed to be Joey BOWERS) said "HAVE YOU GOT A PROBLEM"

[REDACTED] replies that they were just moving a cone out the road and asked the males if they had put it there to which they replied "YEAH DO YOU HAVE A PROBLEM"

[REDACTED] sees that the male has something metal in his hand so gets back into the car and tells [REDACTED] to go. At this point the large build male then reaches towards the driver's door and was holding a metal bar in his left hand. As [REDACTED] drove away he heard a bang on the driver's door followed by the rear window being smashed.

[REDACTED] and [REDACTED] were unable to say who caused the damage, but the larger build male had been standing closest to the car at the time this happened.

Victim:

- Summary of their evidential account - As above. He also stated that the males came from a white flatbed and this vehicle was in front of a white caravan. There was also another white flatbed vehicle parked in the same location which had trees painted along the side.

- Assessment of credibility and reliability - Nothing to undermine his account.

Witness account:

- Summary of the evidential account(s) - As above.
- Antecedents - No trace PNC / RMS

WITNESS Account: PC DAPIER:

No MG11 provided but on an OEL he states police arrived on scene very shortly after.
On arrival, there were two males in a white transit tipper van. Joey BOWERS was in the driver's seat and in the passenger seat was Michael BOWERS (brothers).
Joey BOWERS was of a larger build than Michael.
The agg'd and witness described that the "larger build male" having come out the driver's seat of a white tipper style van and with him was a skinnier build male who was wearing a grey hat.
Michael BOWERS was wearing a grey hat as can be seen from my BWV. Based on this I suspected Joey BOWERS as being the larger build male.

Suspect descriptions :

MALE 1 -

[REDACTED] White male, in his thirties. Larger build than average and approx six feet tall. He was wearing a grey or black hooded jumper, dark tracksuit bottoms and either dark boots or wellies. Drunk.

[REDACTED] White male, late twenties. Approx 6ft tall, wearing a grey hooded jumper with tracksuit bottoms on. Quite chubby in the face and

Official

had messy brown hair which came half way down his forehead.

MALE 2 -

White male aged in his thirties. I did not take too much notice of this male and I cannot describe him too well. He was of a smaller build. Area not well lit.

White male, mid to late twenties. Skinny build and slightly shorter than MALE 1. Grey beanie hat. Blonde hair on the side of his head.

Other evidence:

No CCTV
No other witnesses
No forensic evidence
Photos of damage to vehicle provided.

Suspect account:

- Summary of the suspect interview
Not interviewed as not located.

- Antecedents

Joey BOWERS (27),
CONV - 2009 battery and S.5, 2013 burglary.
No OOC disposals.

Michael BOWERS (21)

CONV - 2015 TFMV as a juvenile
No OOC disposals.

Issue in the case:

Neither witness actually sees which male caused the damage. They have said that the larger male was closer to the vehicle, but that is not sufficient evidence to prove that he caused the damage to the driver's door and then the rear window.

The two males were located shortly after the incident at the scene by the police and they fit the descriptions given by the VIC and WIT. However it is highly unlikely that the Suspects will make any admissions and therefore PROMAT would be required. However this does not negate the main issue that neither VIC nor WIT can say who caused what damage.

THOR & Vulnerability review:

No known risks, parties not known to each other or likely to cross paths again.
No referrals or other partner agency input.

Safeguarding:

No obvious risk to the Victim. He does not know the Suspects and is unlikely to ever cross paths with them again.

Log entry:

Recommendation/Decision:

NFA

Rationale:

The Suspects have not been located since the incident. They are from the travelling community and their contact details are no longer valid.

I have spoken to the VIC and explained that we have not been able to locate the males due to their lifestyles.

He was aware that they were travellers and was disappointed that they were not arrested at the time of the incident as there was a high chance that locating them again was unlikely.

The VIC is going away next week for 6 months to live in [REDACTED]

He feels that he would not be able to facially identify the males in 6 months' time (would probably struggle now) and from what the WIT has said, it is unlikely that he would be able to do so now or in the future if they were located.

I have discussed the evidential difficulties that we face with VIC, he understands that there is no RCOP due to not being able to say who caused the damage and also not likely to pick out the Suspects in a Promat.

Having looked at previous custody photos / description, Joey BOWERS fits the descriptions given by the VIC and WIT, however this is not so much the case with Michael BOWERS.

He is also aware that it is likely the Suspects would be able to provide numerous 'witnesses' to support their accounts due to the time that has passed.

The Suspects do not have a bad character history with convictions or OOC disposals.

For these reasons I do not feel that it is proportionate to try and locate, then interview either BOWER due to the evidential difficulties listed above.

Request for DS JARRETT to review.

As per the OIC Final Review I agree that no further action will be taken.

Log entry: There is no direct evidence to say who has caused the damage to the vehicle and the victim/ witness has stated they are unlikely to be able to identify the two potential suspects. As such there is insufficient evidence for a realistic prospect of conviction and no further action will be taken.

Please update with FWS and submit for filing.

INVESTIGATION

OIC FINAL WORKING SHEET

Concise summary of the investigation, or location of summary of evidence.

On 11th April 2019 at 2300hrs, [REDACTED] and his cousin [REDACTED] were travelling along the A343 from Andover when they noticed that there was a cone in the middle of the lane they were using. [REDACTED] got out to move the cone and they were approached by two males. [REDACTED] quickly got back into the vehicle and [REDACTED] drove off and whilst doing someone dented the drivers side door and smashed the rear window. The person or persons were not seen. Police attended the location shortly afterwards and took details of the two subjects listed as they fit the descriptions provided. The two Subjects are from the travelling community and have not yet been located however there is no direct evidence to say who has caused the damage to the vehicle and the victim/witness has stated they are unlikely to be able to facially identify the two potential suspects. As such there is insufficient evidence for a realistic prospect of conviction and no further action will be taken.

Has the Victims Code been complied with and is there a Victim Contract Agreement recorded on the occurrence? [Yes](#)

Has an outcome officer been added to the Current police tab? - [Yes <If not - link here>](#)

Have any other crimes been mentioned during the course of this investigation i.e. on the ALTARIS, in statements, risk assessment etc? [No](#) - If so ensure they are recorded and quote crime number here.

Log entry:

If Not recorded why not? i.e. already recorded (quote crime number), same victim/ offender relationship and reported at the same time, facts as reported do not meet points to prove for recording an offence and state what is missing etc.

OUTCOME

Outcome 18 – Investigation Complete

No suspect identified

Crime Investigated as far as reasonably possible

Case closed pending further investigative opportunities becoming available

Where is the summary of evidence and rationale to show that the Crime has been investigated proportionately? PLEASE SEE OIC FINAL REVIEW

Has the victim, or in the case of a child, their parent / guardian (unless not appropriate) been informed that the case will be dealt with in this way? [Yes](#) - Who informed them? 770

Witness Statement

Criminal Procedure Rules, r 27.2; Criminal Justice Act 1967, s. 9; Magistrates' Court Act 1980, s.5B

Statement Of: [REDACTED]

URN:

Age (If Under 18): Over 18

Occupation: Armed Forces

1 I am [REDACTED] and I am making this statement in relation to my cousins car being damaged.

5 In this statement I shall refer to my cousin [REDACTED] who was driving the car and two other males whom I do not know. For the purpose of this statement I shall refer to [REDACTED] by his first name and the other two males as MALE 1 and MALE 2.

10 This incident took place on the A343 near to a roundabout which would take you towards Mcdonalds. We were travelling from the Andover direction towards Mcdonald's WEYHILL. Along the A343 is a green area with runs along the side of the road. From the direction we were travelling this would have been on our right hand side. On this green area there was a parked white flat bed van.

15 On Thursday 11th April 2019 just after 23:00hrs, [REDACTED] and I were on the way back home travelling along the road. As [REDACTED] was driving I noticed a traffic cone in the middle of the road. I told [REDACTED] to slow down and as we got closer the cone [REDACTED] asked whether we should move it. I told [REDACTED] that I would move the cone and with this, when [REDACTED] stopped the car, I got out the car in order to move it. As I did this I saw MALE 1 sat in the white van, He shouted "HAVE YOU GOT A PROBLEM" and then both males got out the van.

20 MALE 1 got out of the drivers side of the van. I then replied "NO IM JUST GOING TO MOVE THE CONE OUT THE WAY, DID YOU PUT IT THERE". MALE 1 then replied "YEAH HAVE YOU GOT A PROBLEM". Both MALE 1 and 2 then started walking closer and again one of them shouted "HAVE YOU GOT A PROBLEM". I was still holding onto the passenger door at this time and as they started walking closer to the car. It was at this point

25 that I noticed that MALE 1 was holding what I would describe as a dark coloured bar. Due to this I decided to get straight back into the car.

30 As both males got closer to the car, MALE 1 reached out for the drivers door area. I did not see whether he actually touched the car or not but as soon as he did this I told [REDACTED] to go. As we went to drive off, I heard a thud noise to the drivers door and there was then a smash which came from the rear window. As I turned around I could then see that there was damage that had been caused to the rear window which was smashed. I did not see how this was caused and could not say which one of the males caused it.

35 The whole incident lasted approximately two to three minutes from when we initially stopped

to move the cone to when we drove away. The furthest we were from the two males was initially five meters away but as they got close to the car they were both within touching distance of the car. It was a clear dark night and the area was not very well lit although there were a few street lights around. There was nothing obstructing my view from seeing both the males and I do not know who they are. Having said this I feel that I would recognise both of them again.

I would describe MALE 1 as a white male aged in his thirties. He is of a larger build than the average person and is approximately six feet tall. He was wearing a grey or black hooded jumper, dark tracksuit bottoms and either dark boots or wellies. He came across as if he was drunk, he was starting straight away and in my opinion he was drunk.

I would describe MALE 2 as a white male aged in his thirties. I did not take too much notice of this male and I cannot describe him too well. He was of a smaller build than MALE 1.

This statement is true to the best of my knowledge and belief and I make it knowing that, if it is tendered in evidence, I shall be liable to prosecution if I have wilfully stated in it anything which I know to be false, or do not believe to be true

Criminal Procedure Rules, r 27.2; Criminal Justice Act 1967, s. 9; Magistrates' Court Act 1980, s.5B

Statement Of: [REDACTED]

URN:

Age (If Under 18): Over 18

Occupation: Part time

1 I am [REDACTED] and I am making this statement in relation to damage that has been caused to my aunties car.

5 In this statement I shall refer to the following persons, My cousin [REDACTED] who was the only other person in my car. For the purpose of this statement I shall refer to him by his first name. I shall also mention two other males who I do not know. For the purpose of this statement I shall refer to them as MALE 1 and MALE 2.

10 This incident took place on the A343 and I was driving along this road in the direction towards the BRITAX roundabout from Andover. It is a large open road and has a speed limit of 50 MPH. Where my vehicle was damaged was just prior to the roundabout on the road. From where the incident took place, if you looked right onto the green area on the opposite side of the road there were some vehicles and caravans parked on the green area. Closest to the road was a white flat bed van which had both MALE 1 and 2 in. I know this as when
15 I first saw the van there was an arm hanging down and when the males were walking to my car, the van was empty. Behind this vehicle was a white caravan. There was also another white flat bed vehicle which had trees painted along the side. This was parked with the front of the vehicle facing away from the roads and facing the bushes. In total I only saw two white flat bed vans and one white caravan.

20 Although the vehicle is owned by my auntie. I am using this vehicle on an informal long term loan. The vehicle is currently taxed and insured by myself. The vehicle is a Ford Fiesta with the registration mark of [REDACTED]

25 On Thursday 11th April 2019 at approximately 23:10hrs, I was driving along the A343. [REDACTED] was sat in the front passengers seat and as we were driving along the road [REDACTED] told me to slow down as there was a cone in the road and I asked if him he wanted to get out and move it. As I stopped the car, [REDACTED] got out the passenger seat to go and move the cone. As I was looking around, I saw MALE 1 and MALE 2 start walking towards us. As they were
30 walking towards the car I wound down the window. MALE 1 said "HAVE YOU GOT A PROBLEM" to which [REDACTED] replied "YEAH WE ARE JUST MOVING THE CONE OUT THE WAY, DID YOU PUT THAT THERE". MALE 1 replied "YEAH DO YOU HAVE A PROBLEM" as if he was addressing us both to which said [REDACTED] said "NO WE ARE JUST MOVING THE CONE".

35

Statement Of: [REDACTED]

URN:

[REDACTED] then got back into the car as both MALE 1 and MALE 2 had at this point got to my car. [REDACTED] told me to "GO" and with that I put my car into first gear and drove off. As I attempted to do this MALE 1 attempted to open my drivers door by reaching towards the car with his right hand. At this point I then noticed he had what I would describe as a dark metal
40 bar in his left hand. MALE 1 placed his right hand onto the door where the window would normally be and I just drove off. As I drove away I then heard a bang on my drivers door as if someone had kicked it and I then heard my rear window smash. I did not see who caused this damage but MALE 1 was closest to my car at this point as MALE 2 was standing slightly behind him.

45 As a result of this incident my car has sustained a smashed rear window and a small dent and marks to my drivers door. I am not currently aware of how much this damage will cost to fix. I can confirm that no one had any permission to damage this vehicle.

50 I would describe MALE 1 as a white male aged approximately in his late twenties. He is approximately 6ft tall and at the time I saw him he was wearing a grey hooded jumper which tracksuit bottoms on, although I cannot remember the colour. He was quite chubby in the face and had messy brown hair which came half way down his forehead.

55 I would describe MALE 2 as a white male aged approximately in his mid to late twenties. He was of a skinny build and slightly shorter than MALE 1. I seem to recall he had a hat on which was a beanie hat grey in colour. From what I saw, he had blonde hair on the side of his head.

60 The whole incident lasted approximately a couple of minutes from the time I first saw both the males to when I drove off. The furthest point both males were from me was initially two car widths away. The closest the both got was right next to the car. It was a clear night although it was dark. Having said this there were two street lamps close by and it was lit up enough for me to be able to see them both. There was no obstructions from stopping me
65 see them and I feel that I would recognise both the males again if I saw them.

This statement is true to the best of my knowledge and belief and I make it knowing that, if it is tendered in evidence, I shall be liable to prosecution if I have wilfully stated in it anything which I know to be false, or do not believe to be true

Landowner [REDACTED] has called police to state that travellers have arrived and set up camp on the private car park belonging to [REDACTED]. The village is a charity run village hall and [REDACTED] is the chair person and point of contact for the land. The car park is a private area and used by people using the village hall.

The car park is not locked and does not have a gate stopping access in and out of the car park. Tonight 4 caravans and 5 vehicles have entered the car park and set up for the evening. They have been very polite to the landowner and stated they were going to stay for a few days. They have not caused any damage to the site nor is there any issues around rubbish etc.

Log entry: They have refused to provide their details to police at this time but were friendly and mostly engaging. One member of the group stated they would not be leaving until they were forced too. There were two young girl present at the camp aged around 5 years old.

C58 completed

[REDACTED] has stated that she is looking to get an eviction order in place and served by 11am tomorrow morning. Please can a days unit phone and provide support.

No other concerns at this time

Inspector review	08/04/2019 01:52	#470 NELSON, J.	No
------------------	------------------	-----------------	----

I have visited this unauthorised encampment overnight, between 01.30 and 01.35 hrs, all vehicles locked and secure, lights on, in one caravan, but no movement seen. In another caravan linked to HD07ABV and elderly female with a traveller accent spoken and confirmed they would not be leaving until there was a court order. She stated they would be keeping the place clean and that the had had no problem from anyone. A C58 has been added with correct details of 6 vehicles and caravans. The travellers have been spoken to by colleagues and present themselves as very polite neat and tidy. No evidence of any damage or deterioration of surrounding area. The group have refused any information regarding who they are or any other details.

As the site is in the car park of a village hall advice has been offered regarding safety etc. There is a low risk presented by this environment to the group.

In relation to Sect 61 I have considered that:

"..... The lead role in the management of Unauthorised Encampments will be with Local Authorities. Forces should consider becoming involved in bringing about the prompt and lawful removal of unauthorised encampments, including the use of police powers under Section 61 or 62 of the Criminal Justice and Public Order Act 1994 where:

1. Local amenities are deprived to communities or significant impact on the environment. This could include, for example, forming an encampment on any part of a recreation ground, public park, school field, village green, or depriving the public use of car parks. The fact that other sections of the community are being deprived of the amenities must be evident before action is taken.

Log entry: The site is on a private owned public car park at this time no persons are suffering a significant impact and at this stage there is also no evidence that sections of the community are being deprived of the amenities.

I have not involved the Critical Incident Cadre at this time regarding the suitability of invoking Section 61 as there should be no use of the power without proper consideration of the proportionality and necessity of the use or a consideration of all the human rights issues we are both of the opinion that it is not suitable to invoke it at this time as the criteria is not met. However this site will need constant monitoring to ensure that this does not change.

I can see that this encampment is having a minimal impact on local community at this time but this may change.

ACTION FOR DAYS

Contact landowner (agents are allowed to request the travellers leave if they wish this to happen) Court action can also be considered.

Contact gypsy / Traveller liaison officer - (local authority).

Ensure RMS is updated and this task is passed from shift to shift to ensure DAILY updates and movements in the site.

Contact Intel, including local forces, to see if they have any intel / info regarding this group of travellers.

Further things to be considered (DMM) are:

JOU tasking to be considered - RPU with ANPR

I have just spoken to [REDACTED] (trustee of the village hall) who confirmed to me that [REDACTED] of the Plaitford parish council will be serving an eviction notice on the unauthorised encampment at 11:00hrs today.

Log entry: Police will be in attendance to support the parish council

[REDACTED] confirmed that as of last night there were still 5 vehicles and 4 caravans at the location

DDM review 08/04/2019 10:16 #20000 TAYLOR, C. No
The encampment is affecting trade, the nearby [REDACTED] pay the parish council to use the car park for their vehicles, there is also an auction at the village hall on a tuesday evening which is very well attended, the car park is always full

This matter will now be managed as a Tier 2 Unauthorised Encampment by Test Valley District. The Rural NPT will manage our engagement.

Log entry: PC Gook has contacted the landowner and will attend this morning when they serve an eviction notice.

I spoke with this group this evening: sat around a large but well managed open fire.
4 male and 2 female - no names provided. very welcoming and respectful. No sign of any children or animals

Log entry: I spoke with the older male, who appears to be the patriarch of the group, who stated they had been served with papers but were waiting to see what happens next.

He asked about waste disposal for their garden maintenance business. The only one I know of is the Green Otter at Otterbourne - number provided.
May be worth a follow up in a couple of days to see if they used it and if details can be obtained.

#20881 LYONS, G. No T1900553201 FYI Closed

The Rural team have been heavily committed dealing with the recent "Scam" offences in and around Romsey and have therefore not been as attentive to this as would normally be the case.

Log entry: The group are still in situ and this evening have moved their vehicles to allow a regular truck driver to park in the car park. No indication they intend to leave imminently though.

I have not been able to get hold of [REDACTED] to ascertain what action the [REDACTED] are taking. That will need to be followed up over the next two days while the Rural team are rest days.

Site visit carried out today: PS Lyons and PC Allen

The family remain in situ.

Evidence of children being on site but not seen. Confirmed to be 3 year old twin girls - not seen by police.

Log entry: Report of youths throwing golf balls at the site last night, from a passing car. No injury or damaged caused. Advised they should call if anything similar happens - they have mobiles with strong signal.

They are planning a reccy on 14 April to look for a new site, with the intention of moving off. Stated they were unlikely to be on this site for more than 1 more week.

I also visited the site following PS LYONS visit.

Log entry: In additional to PS LYONS update, all people there are very approachable and reasonably tidy. They have said they are the 'good' travellers and will ensure the site is left clean before leaving. They are not going to stay any longer than 1 week.

Report received from a member of the public that there was a small encampment of caravans on Churchill Way West. On officers arrival, two caravans and two trucks were located on the verge, tucked away from the main road. It is not immediately obvious from the road and there is no danger to road users from their position. Persons on site have not been spoken to but it is believed to be the BOWERS family again. There have been a number of encampments in the Andover area over the course of the summer involving this family and they have previously been at this site. There have been no reports of damage or ASB as a result of this encampment since their arrival which is believed to have been sometime yesterday. There has only been one known report of this site showing the impact to the community at this time is minimal. The site appeared clean and tidy. The use of S61 CJPO Act is not relevant as there are insufficient vehicles present, at time of initial visit 2 Cars, 2 Caravans only. [REDACTED] but have not been notified as yet. Contact will need to be made to update GLO and HCC.

Further enquiries are to be made 28/10/18 am:

Log entry:

- 1) Contact to be made with occupants and details obtained and added to Occurrence. How long are they intending on staying? What is the purpose of their stay?
- 2) Ascertain if there are any welfare needs for the occupants
- 3) Contact HCC GLO and notify of site as land owners
- 4) To be raised at DMM and managed through the DMM process by NPT.

I have requested a review by Nights Duty Insp in advance of DMM taking ownership of this Tier 2 encampment.

Many Thanks

PS 3664 MACDONALD

Log entry:	Nights sergeant noted.		
Inspector review	29/10/2018 05:42	#2110 BREARLEY, M.	No

I discovered this unlawful encampment during an RMS crime search.

I note the OEL entry from Sergeant Macdonald and in particular that there are currently not enough vehicles present to constitute CJPO Act.

Log entry:

I have not been informed of any community tension and I note that the vehicles are concealed from the main road.

Subject: 44180405603 Traveller Encampment - Churchill Way (near to Britax)

Good Morning Both,

Forgive me if you are already aware of the above encampment.

I understand it consists of 2 vehicles and 2 caravans ? I have a colleague who will visit the location today to ascertain more details of the occupants. Current we suspect this to be the BOWERS again.

Log entry:

Our reference: 44180405603

They are tucked back well away from the road, a bit further in than their usual location.

Log entry:

0850hrs I attend the site and spoke with Margaret BOWERS. She advised that it was herself, her husband Albert BOWERS and Freddy BOWERS who were the only people occupying the site. There were no children present.
Albert and Freddy were out at the time of my visit, Margaret explained that it was a year since Freddy had lost his wife, he was struggling, Albert was keeping a close eye on him.
The site was tidy, there were two dogs present, one was a very young cocker spaniel puppy, the other an older jack russell.
Margaret sated they were hoping to stay a couple of weeks, but hadn't yet received a visit from the council.
There are no welfare issues at this time.

This is an unauthorised encampment of one caravan with one towing vehicle, Nissan 4x4 pickup, YS54HSG, having moved into the green at Lockerley the morning of Thursday 04/10/2018.
They had been on the green at Butts Rd, Lockerley, earlier this week.

[REDACTED] is using the caravan with her partner Darren SMITH, and children:

Hist - RESTRICTED

Hist - RESTRICTED

The caravan belongs to a friend of theirs.
The Nissan belongs to SMITH. The vehicle is legal aside from being SORN. A verbal warning has been given for them to get the vehicle taxed or risk having it seized.

Log entry:

[REDACTED] gave a story that they had moved from Totton and are awaiting a housing assessment by Test Valley Council, therefore are residing in the caravan where ever they can rest it for the time being.
They seemed to be quite civil and amicable to speak with.

They say they are alone, and no one else is due to join them.

There is a generator, and a dog in a cage next to the caravan.

Subject: Caravan - Lockerley Green

Hello,

Log entry:

We have been called today regarding the same caravan that was previously at BUTTS GREEN and then the layby in East Dean Road. The caravan and its occupants have moved to LOCKERLEY GREEN. The occupants were spoken to and said that they were in contact with Test Valley Borough Council and intended to stay at Lockerley Green until permanent housing could be found. I believe that the [REDACTED] are aware as we have had a call to say that the family were served a notice to quit. This email is just an email out of courtesy to let you know that police area aware and have attended. The local Neighbourhoods officers will also be made aware. The reference number to quote for any enquiries regarding the new site is 44180373529; please feel free to contact us by calling 101 if you have any questions or further issues.

Decision Making guide in relation to unauthorised encampment

Number of persons with welfare needs include names and details (e.g. <i>pregnant, elderly, infirm</i>)	
None	
What is the intention of the group (Proposed duration of stay)?	To stay until they are housed by Test Valley Council, they have a housing application in progress.
Where were the group before they moved here?	Butts Green, Lockerley (literally down the road)
Force Silver must be advised, if the criteria is met for an unauthorised encampment. (See Appendix D of Quebec Management Process guidance document on the intranet for full details.)	
Name:	Time:
Any other factors which may influence decision making process (see Op Québec intranet pages for Human Rights information)	
The Test Valley NPT Rural team are well aware of this family and have managed them on two similar sites in the area in the last 12 months without issue.	
Are Police Powers going to be used? <i>If yes, please record basis for decision.</i> (Statement landowner, consider statements from local community in terms of impact, EGT of site, contact public order TA)	
No	
If no, please record basis for decision (consider communicating with trespassers expected standards of behaviour, community reassurance to advise of Police actions, schedule of patrols on site, amenities from local authority – skips etc)	
The site, although in the center of Lockerley village is on a quiet country green. It is next to a row of houses. It is likely that they will interact with locals, however, after speaking with them I'm quite satisfied it is highly unlikely they will cause any alarm, harassment or distress to the locals. I don't suspect anyone else will turn up to join them. The site was clean and tidy. It'll be patrolled to monitor going forward. they have a generator, and a dog in the cage.

Information and Intelligence:

I have attended the site this evening. The group were still arriving at the time. There are currently 10 caravans, and 10-15 vehicles. There is a mixture of adults and children present. All were polite on my arrival. They stated they came from New Milton (44180364266) and will leave on Monday. This is an unauthorised encampment.

The encampment is on a public car park in Romsey town centre used by Waitrose but controlled by [REDACTED]. There was a similar encampment at the location earlier in the year (44180159651). Although there is some loss of space in the car park, this would not be substantial. The [REDACTED] were not previously interested in ticketing the vehicles. We have had no reports of damage or any offences at this time.

Threat Assessment:

Threat to environment? Low? This is a public car park. There is a set of recycling bins and skips next to the group.
Threat to local community? Medium - local communities tend to become apprehensive around what might happen when an unauthorised encampment. This site is near to residential homes. Romsey tends to be a fairly reactive community and we can expect concerns to be raised in traditional and social media and by community leaders. The local community may be unhappy if they do not see any enforcement action. These concerns will need to be managed. Police powers, action taken by the landowner and the issue of

Hist - RESTRICTED

Hist - RESTRICTED

proportionality may need to be explained to local residents.
Risk to police remains the same ? Low ? No know threats to police.

Working strategy:

The working strategy is to reassure the community, prevent crime and manage the removal of the unlawful encampment & avoid problematic displacement to another area. As far as is reasonably practicable, to balance the needs of the landowner to peaceful enjoyment of his land with those of the travellers to have a place to live for a temporary period and the rights of the wider community, bearing in mind our obligations under the Human Rights Act 1998.

Consider Powers and Policies:

Op Quebec is the Hampshire Constabulary response to unlawful encampments. Relevant legislation includes the Human Rights Act 1998 and s61 of the Criminal Justice and Public Order Act 1994.

Options and Contingencies:

Log entry:

- 1) Invoke powers under s61 to require the travellers to leave.
- 2) Manage the site under tier 2 of Op Quebec.
- 3) Do nothing to deal with this issue.
- 4) Allow the landowner to complete the eviction process.

Action

At this time section 61 is not made out. I have notified [REDACTED] (TVBC) on their out of hours number [REDACTED] and she will instruct their environmental services department who will commence the eviction procedures (Sec 77). I have notified Corporate Comms and all relevant officers via e-mail.

Log entry:

I have raised this incident at the 2100 Hours Force Grip so C/I Miller is aware, I note Insp Taylor's NDM and update on the unlawful empampment. There are in excess of 6 vehicles so a Section 61 could apply however I agree with Insp Taylor that it isn't proportionate at this time as there have been no issues of abuse, damage and minimal impact on the community. The decision is to not use Section 61 or Section 62 A-E powers, the lead role should then rest with the local authority who have been notified and are fully aware of the situation. I appreciate there may be some parking issues for Days however these will need to be assessed in the morning.

What's happened

What are expectations from Police

Irish male traveller has been verbally abusive towards the aggd involving other customers which left her feeling H.A.D, there has been two occasions over the last two days during times stated.

The aggd is a manager/owner of the business and was working on her own yesterday and today.

Yesterday a large male Irish traveller who the aggd believes is currently from the traveller camp at Waitrose came into the petrol station.

The aggd authorised the pump, the petrol was dispensed and the male came in and paid purchasing a scratch card at the same time.

While this male as scratching the card another customer approached the aggd and asked her if he could use the wash room. The aggd explained they were not working. The Irish male then advised this customer that the aggd was lying as he had used the wash room earlier in the morning.

The aggd told him that he had not used the washroom today as the fault was discovered on opening. But he continued to disagree with the aggd.

The male then came to the till area with his scratch card, the aggd believes he may have had a win on it. However the aggd decided due to his attitude she refused to serve him and asked him to leave and not to return.

The male started screaming and he was conversing with the other customer in the shop and onto the forecourt. Telling customer that the aggd was lying about the fault and had refused to serve him.

The male eventually left

This morning he returned back to the petrol station and the aggd refused to activate the pump.

The male came into the shop – used his mobile phone and started record the aggd

Asking why she was refusing to serve him. He was very rude screaming at top of voice again in front of other customers telling them that the aggd didn't like travellers and was refusing his sale.

The aggd said that this was not good for her business.

The aggd said she folded/held her hand and repeated I am not serving you I am calling the police.

The aggd called the Police and gave the vrm of the male's van as she did the male left.

Research:

RMS research of the aggrieved's profile and suspect profile/Intel checks for volume crimes to establish if there is a series or ongoing operation.

Log entry:

Vehicle - Known on RMS for recent incidents
Informant - known as person reporting at the garage

THOR criteria assessed:

Threat - Low - no threat

Harm - Medium - impact described

Opportunity - Low - CCTV but not proportionate to view, identify the driver and then speak to him

Risk - Low - offender not known

Assessment of appropriate department to deal and rationale -

Resolution Centre - Buddy File

ACTIONS:

Further lines of Enquiry/actions to be completed

This is a public order offence and therefore will be screened out. I have noted the impact that this has had on the aggrieved, but I don't think that it would be proportionate for the Police to try to identify the male involved and then speak to him, which is what the informant wishes. He probably won't listen to words of advice.

No injuries sustained.

It may be best if the male is denied entry if he returns and the Police called if necessary.

NPT should pick up on daily searches.

	OP QUEBEC SITE - KIEL DRIVE				
	3 vehicles and 2 caravans currently on site having gained access to a large sports playing field by removing a wooden post from the ground.				
	Henry and Lorraine LOVERIDGE spoken to. They have indicated they are going to stay on the site for as long as possible and that they are not expecting any other persons to be joining them.				
Log entry:	No damage has been caused to access the site but a wooden post has been removed from the ground. No damage caused to the post. This would be easily rectified by placing the post back into the ground with no cost. Crime recording standards state not to crime as a criminal damage.				
	The site is a large sports playing field which is at the back of a large residential area. There were members of the public present on the field at the time police were there and this also appears to be a field used by dog walkers.				
	- ZW08D made aware.				
	- Map of site created.				
	- Pictures of site taken added to RMS on word document for ease of viewing.

	I have reviewed this encampment from the point of view of ascertaining if there is sufficient reason to ask for authorisation to require the travellers to leave the site.				

Hist - RESTRICTED

Hist - RESTRICTED

I have used the National Decision Making Model to assist in my decision making.

Use of S61 CJPO Act

There are 5 vehicles present. Insufficient number to utilise S61 in regard to the number of vehicles alone. However if any damage occurs in the future or public order is used against the landowners or agents, then S61 can be considered. Im told that no damage has been occurred to the post that was removed. The travellers have been polite to attending officers.

The owner of the site is [REDACTED] They have not yet been informed so no formal request has been made by them for the group to leave.

Information and Intelligence:

Police were called at 1810 hrs 30/09/18 by a nearby resident - [REDACTED] He provided details of numbers to police and also approached officers in attendance.

Police attended and travellers spoken to. Photos taken of the post that was removed and site. Map provided of location. C58 completed. The travellers stated they intended to stay as long as possible. They have come from a horse fair in Leamington Spa

From RMS the vehicles that we have identified are linked to other unauthorised encampments and appear to move around the Andover area when the council serve court papers on them.

In reviewing this matter and making my decision, I have considered the following issues during the Tier one stage:

- i) Local amenities are deprived to communities or significant impact on the environment. -. Not evidenced.
- ii) There is local disruption to the economy ? Not evidenced.
- iii) There is other significant disruption to the local community or environment. ? Not evidenced
- iv) There is a danger to life. ? Not evidenced
- v) There is a need to take preventative action. ? Not evidenced.

Assess Threat and Risk: Develop Working Strategy.

At this time the threat caused by this group is LOW ?

My working strategy would be

- ? To develop a response whereby the needs of all are met.
- ? To minimise the risk of harm to public/travellers/Police
- ? To develop intel in order to further assess the Threat / Harm / Risk.
- ? To secure and preserve evidence in relation to any offences.
- ? To maintain trust and confidence in Hampshire Constabulary

Log entry:

Powers and Policies:

- * Human Rights Act particularly articles 2 Right to life, Article 8 Right to respect for private/family life, to be considered with regards to all police actions.
- * S61 Criminal Justice and Public Order Act 1994 relates to the issue of unlawful encampments on land by trespassers - this legislation provides police with powers to deal with this issue.
- * Op Quebec is the current Hampshire Police operation to deal with this issue.
- * Criminal Damage Act.
- * SAFER values.

Identify Options and Contingencies:

The first option is to allow the land owner to continue / start their eviction process and for police to monitor the site.

Second option is for police to do nothing further.

Third option is for police to issue a notice to the travellers on the site to quit after a reasonable period of time in line with S61 Criminal Justice and Public Order Act 1994.

If they move to a new piece of land that is less suitable, then there will be a need for police and the landowner to discuss this issue all over again and consider the need to take further action.

If they move to a new piece of land that is less suitable, then there will be a need for police and the landowner to discuss this issue all over again and consider the need to take further action.

Contingency ? should situation change and high level of ASB / Crime start to occur then Insp review required with a view to implementing CJPOA powers once a Public order TACAD has been consulted, appropriate staff sourced and command structure set up.

Action and Review:

I have not attended the site however have been provided a full update by the duty Sgt.

At this time I cannot justify an immediate S.61 dispersal as the elements of S.61 CJPOA have not been met. The act requires one of three triggers for the use of the power, that is either damage to the property AND/OR the use of threatening, abusive or insulting words or behaviour towards the occupier, a member of his/her family or an employee or agent AND/OR or the presence of six or more vehicles on the land;

We do not have the required number of vehicles and the aggravating factors are not present at this time. Nor has the land owner made a request of the group to move meaning a vital part of the legislation has not been met.

The following is to be completed

- 1) The landowner needs to be contacted and consulted as to action they are going to take. I propose that options 1 is the best way

Hist - RESTRICTED

Hist - RESTRICTED

forward and that the land owner starts their own eviction process.

2) HCC GTLO's need to be advised. This is [REDACTED] but HCC need to be informed as they have an overview of the county.

3) Matter to be passed to district to manage. Joint visit with TVBC GTLO so request to leave as well as welfare visit can be carried out.

This is now a tier two operation Quebec to be managed by the District Commander. R+P will support and complete checks on the site each shift to monitor tension, ASB and environmental impact. Should S.61 powers be used R+P will assist with coordination of resources

This has been assessed as T2 by Insp Prior. The following actions should be completed:

Log entry: 1) The landowner needs to be contacted and consulted as to action they are going to take. I propose that options 1 is the best way forward and that the land owner starts their own eviction process. (I appreciate they have been emailed but it would be good to ensure they received this and be aware of intentions before DMM)

2) If possible before DMM visit site to see if this has grown overnight or situation changed which then may trigger S61.

Enquiry log 01/10/2018 08:22 #27517 ROYSTON, O. No

I have attended the site at 08:00hrs. Present were only one car (FL59NRJ Ford Mondeo) and associated caravan, and a flat bed tipper (WP52YJE Ford Transit) and associated caravan - 4 vehicles in total.

Log entry: I spoke to Mr Loveridge Snr who advised that they will not cause any issues for police or local residents. When asked what the group's intentions were he advised that they have no where to go and intend to stay until the relevant paperwork has been served on them to leave.

The site is clean and tidy, one solitary dog is loose but I got within a few feet and it didn't even bark. The caravans have situated themselves in the far corner of the field, which appears as though they are trying to minimise the impact on local residents.

I note that this is in its 2nd day and that S61 is not authorised
There are NPT on duty who under current policy own the Quebec site with support from R&P when required

Log entry: Late turn R&P are aware of the site
As of yet we have not heard back from the Council as to their plan of action
Given the above there are no targeted actions at this stage for R&P late turn.
To be reviewed if anything changes

Inspector review 01/10/2018 14:31 #20000 TAYLOR, C. No

I have attended the site in the last hour. I have explained that under the power of the Warrant under Section 51 of the Anti-Social behaviour crime and policing act I have the power to immediately seize their vehicles & caravans (Warrant attached).

Log entry: I have however told them they have until 9am tomorrow 02/10/18 to leave and not enter any land in the Borough for the purpose of residing, or I will seize their vehicles. When taking this decision I have considered the police resources today which are limited, the cost to the public of seizing the vehicles and making the family homeless including children.

WARRANT FOR THE SEIZURE OF ITEMS USED IN THE COMMISSION OF AN OFFENCE

SECTION 51 OF THE ANTI SOCIAL BEHAVIOUR CRIME AND POLICING ACT 2014

BASINGSTOKE MAGISTRATES' COURT

Date 19 September 2018

To the Accused: Being the unauthorised occupants of vehicles on land within the BOROUGH OF TEST VALLEY who are subject to Community Protection Notice TVBC/ODW/AP/02 issued on 07 August 2018

On the complaint of [REDACTED] Head of Legal and Democratic Services, Test Valley Borough Council, (the council), Beech Hurst, Weyhill Road, Andover SP10 3AJ

Matter of complaint: That you and vehicles, listed at Annex A, in which you are residing are present on land within the Borough of Test Valley in contravention of a Community Protection Notice ref TVBC/ODW/AP/02 issued on 07 August 2018 in accordance with Section 43 of the Anti Social Behaviour Crime and Policing Act 2014 and that you are therefore committing an offence under Section 48 of the Anti Social Behaviour Crime and Policing Act 2014.

And the court having heard the information on oath

IT IS ORDERED:

1. THAT a Designated Person by The Local Authority, or any police constable, may within 14 days from the date of issue of this warrant seize items used in the commission of the offence, being a breach of Community Protection Notice TVBC/ODW/AP/02, in particular those vehicles listed at Annex A AND may take such steps as are reasonably necessary to ensure that this warrant is complied with and in particular to enter upon Land within the Borough of Test Valley and to take, in relation items to be removed in pursuance of this Order, steps for securing entry and rendering it suitable for removal.
2. Any person subject to this Order shall hand over any item in their possession which is subject to this order as soon as reasonably practicable to a constable or a person employed or designated by Test Valley Borough Council.
3. A constable or designated person who has seized an item under a warrant
(a) may retain the item until any relevant criminal proceedings have been finally determined, if such proceedings are started before the end of the period of 28 days following the day on which the item was seized;
(b) otherwise, must before the end of that period return the item to the person from whom it was seized.

Hi [REDACTED]

As discussed. The ref number for the site on CHURCHILL WAY (near to PORTWAY ROUNDABOUT) is 44180355690.

They have indicated they are leaving on Saturday. Site appeared clean and tidy. No damage has been caused as far as we could see.

At the time of our visit, 3 vehicles and 2 caravans on site. It is the BOWERS family.

Kind regards

Lee

APS 27027 WARNER
21/09/2018 17:04 #2873 RAHMAN, M. No

I was informed of this encampment on DMM this morning, I visited the sight at about 14:30 hours today.

On my arrival there was 2 vehicles and 2 caravans, 4 males, 1 child and 2 females present at the site, there was couple of dogs which were secured.

The area appeared tidy. There was no refuge or obvious human excrement.

The use of S61 CJPO Act is not relevant as there are insufficient vehicles present, at time of my visit 2 Cars, 2 Caravans only.

There is no damage, the site is road side open verge land some 20 meters from the carriageway.

The owner of the site was initially thought to be [REDACTED] I have been in contact with them and they update me it? s [REDACTED] I have been unable to speak to the Gypsy Liaison Officer all day and have left a message with [REDACTED] updating them to the situation, [REDACTED] have confirmed they have already informed [REDACTED]

Having spoken to the travellers, they have been there for last 7 days, they advise they have been visited by the [REDACTED] unsure if that is [REDACTED]

They advise that they intend to stay there until Sunday.

In reviewing this matter and making my decision, I have considered the following issues during the Tier one stage:

- i) Local amenities are deprived to communities or significant impact on the environment. - Not evidenced.
- ii) There is local disruption to the economy ? Not evidenced.
- iii) There is other significant disruption to the local community or environment. ? Not evidenced
- iv) There is a danger to life. ? Not evidenced
- v) There is a need to take preventative action. ? Not evidenced.

Assess Threat and Risk: Develop Working Strategy.
At this time the threat caused by this group is LOW ?
My working strategy would be
To develop to a response whereby the needs of all are met.
To minimise the risk of harm to public/travellers/Police
To develop intel in order to further assess the Threat / Harm / Risk.
To secure and preserve evidence in relation to any offences.
To maintain trust and confidence in Hampshire Constabulary

Log entry:
Powers and Policies:
Human Rights Act particularly articles 2 Right to life, Article 8 Right to respect for private/family life, to be considered with regards to all police actions.
S61 Criminal Justice and Public Order Act 1994 relates to the issue of unlawful encampments on land by trespassers - this legislation provides police with powers to deal with this issue.
Op Quebec is the current Hampshire Police operation to deal with this issue.
Criminal Damage Act.
SAFER values.

Identify Options and Contingencies:

The first option is to do nothing

The Second option is to allow the land owner to continue / start their eviction process and for police to monitor the site.

If they move to a new piece of land that is less suitable, then there will be a need for police and the landowner to discuss this issue all over again and consider the need to take further action.

Contingency ? should situation change and high level of ASB / Crime start to occur then Insp review required with further options.

Action and Review:

Site visited, communications with the travellers and the land owners.

The following is to be completed

- 1) Matter to be passed to district to manage. Liaison with HCC and Gypsy Liaison Officer [REDACTED] from HCC, Tel [REDACTED]

This is now a tier two operation Quebec to be managed by the District Commander. R+P will support and complete checks on the site each shift to monitor tension, ASB and environmental impact.
