## **SUMMARY OF VISITING OFFICER**

**I Boyce Jeffery ( Senior Countryside Officer ) visited the site with Jenny Abery ( Countryside Officer) for Test Valley Borough Council at 11.15am hours on 28/05/2019.**

**At the above location on the TVBC owned open space there was vehicles as described above.**

**We approached the site and there was no sign of any occupants at the time of our visit.**

**Environment: - The site has general rubbish and fly tipping. There was no noise whilst on site apart from dogs barking.**

**Observations: - Due to the fact that the vehicles and caravans are situated in a public open space this could lead to possible intimidation from the encampment occupants as the land is used by the public for dog walking and as a play area.**

**As there are no known welfare issues, , I see no reason why the encampment should be allowed to stay.**

**And I can see no reason why TVBC cannot initiate legal proceedings in order to recover their land through the county court.**

**SUMMARY OF VISITING OFFICER**

**I Boyce Jeffery ( Senior Countryside Officer ) visited the site with Charlotte Rimmer ( Countryside Officer) Emma Wykes ( Senior Environmental Enforcement Officer ), Deborah Hughes ( Environmental Enforcement Officer) for Test Valley Borough Council .**

**We were also accompanied by Acting Inspector Chris Taylor of Hampshire Police and Chloe Dunmall PCSO for Hampshire Police Andover at 10.30am hours on 06/08/2019.**

**At the above location on the TVBC owned open space there was vehicles as described above.**

**Occupants we spoken to as detailed above and given bags and informed of local hospital. All refused housing information.**

**Environment: - The site has general rubbish and fly tipping. There was no noise whilst on site apart from dogs barking.**

**Observations: - Due to the fact that the vehicles and caravans are situated in a public open space this could lead to possible intimidation from the encampment occupants as the land is used by the public for dog walking and as a play area.**

**As there are no known welfare issues , I see no reason why the encampment should be allowed to stay.**

**And I can see no reason why TVBC cannot initiate legal proceedings in order to recover their land through the county court.**

**I Boyce Jeffery ( Senior Countryside Officer ) visited the site with Astrid Wood (Estates & Economic Development Surveying Technician) and Paul Cass Estates and (Economic Development Maintenance Manager) for Test Valley Borough Council at 2.45pm hours on 29/08/2019.**

**At the above location on the TVBC owned open space there was vehicles as described above.**

**Occupants we spoken to as detailed above and given rubbish bags.  
All refused housing information.**

**Environment: - The site has general rubbish. There was noise of generators whilst on site and from dogs barking.**

**Observations: - Due to the fact that the vehicles and caravans are occupying Test Valley borough Council land illegally and in close proximity to industrial businesses This could lead to possible issues for those concerned carrying out their day to day business on an industrial estate.**

**As there are no known welfare issues , I see no reason why the encampment should be allowed to stay.**

**And I can see no reason why TVBC cannot initiate legal proceedings in order to recover their land through the county court.**

**Subject:** FW: Travellers Saxon Fields

Morning,

I hope all is well and that the weekend was good for you.

Our travellers site at Saxon Fields is still present and no signs of moving at this time.

Over the course of the weekend there have been two reports of ASB related behaviour linked in with the site.

44190320462 – 08/09/19 1915rs - Person Reporting that whilst walking his dog across the field ( and through the site) he asked for the travellers dog to be leashed but was abused in reply.

44190320003 – 07/09/19 1530hrs – Small dog from the site reported as being aggressive towards a MOP and trying to bite his trousers. No damage or injuries caused.

There is nothing to change the current police situation in terms of Sc61 so we will be looking to support any service of the eviction order tomorrow ( hopefully).

I will advise the NPT team to attend the site today to advise regarding the dogs and keeping them leashed to avoid issues with others in the community.

I look forward to any further updates. Myself that the team in Andover are on days all week .

Many Thanks

Cath

**Occupants we spoken to as detailed above and given bags and informed of local hospital. All refused housing information.**

**Environment: - The site has general rubbish. There was no noise whilst on site.**

**Observations: - Due to the fact that the vehicles and caravans are situated in a public open space this could lead to possible intimidation from the encampment occupants as the land is used by the public for dog walking and as a play area. There is a local shop and the owner has concerns about his business as a result of the encampment.**

**As there are no known welfare issues , I see no reason why the encampment should be allowed to stay.**

**And I can see no reason why TVBC cannot initiate legal proceedings in order to recover their land through the county court.**

## **SUMMARY OF VISITING OFFICER**

**I Boyce Jeffery ( Senior Countryside Officer ) visited the site with Kevin Harrington ( Parks & Countryside Manager ) for Test Valley Borough Council at 11:00 hours on 29/09/2019.**

**At the above location on the TVBC owned open space there was vehicles as described above.**

**Occupants were present at the time of our visit.**

**Environment: - The site currently has some litter . There was noise from music and dogs whilst on site.**

**Observations: - Due to the fact that the vehicles and caravans are situated in a public open space this could lead to possible intimidation from the encampment occupants as the land is used by the public for dog walking and as a play area.**

**As there are no known welfare issues , I see no reason why the encampment should be allowed to stay.**

**And I can see no reason why TVBC cannot initiate legal proceedings in order to recover their land through the county court.**

**Vehicles located at Saxon Fields Open Space 30/09/2019**

Customer is very upset about this, and has said that we look after their rights by going through the courts to remove them from the site, however damaging the grass is criminal damage and littering is a criminal offence that effect the residents in the area's human rights yet the travellers are not held accountable. Customer would like to see this dealt with as soon as possible.

***We are aware of an unauthorised encampment in the Saxon Fields area, where travellers have gained entry without permission. We are doing everything in our power to move them on.***

***We will offer updates as soon as we have them.***

Its been a nightmare, over a week and a half, the rubbish, the noise, and now they are just across the road... tvbc need to wake up and smell the roses. They were in a carpark behind Asda for over a week, it cost 2grand and several skips to clear the land, they moved to walworth but where only there a matter of days, so how comes it takes nearly two weeks to get them feom saxon fields?

I wonder how TVBC would react if they pitched up in their car park?! Bet they wouldn't leave them there for days on end!!

time you went down the same road as Basingstoke council and put a stop to them for good

Maybe you should have put the concrete blocks back

They have been there a week now□ They were being evicted this morning but have moved across the road to the other field☹□ they occupied this other field last year and after they were removed concrete blocks were put on the path to block access. Good idea but then these blocks were removed some weeks later!!! We need a permanent solution to these people, a borough wide banning order.

@ Test Valley Borough Council why don't you put your heads together and find a place where these people can live they have human rights to

What you should of done was leave them on Walworth in the old Ducal premises at least they were not causing disruption there, although I doubt a single padlock will stop them returning.

Something needs to be done. Someone was trying to break into our car this morning. People don't feel safe in their houses anymore!

A wider area needs to be included as part of the legal proceedings - not acceptable that it was possible/legal for them to move over the road if they had just been evicted

And then they will just find another bit to squat on, how much is this costing us out of our rates ? Time you took permanent action against them !!

TVBC you should be protecting all sites as a permanent measure so they are unable to gain access. These people know the law and know they have a certain amount of time before they are moved on which is why they come back time and time again. A permanent solution needs to be sought

in fairness if you had a permanent solution to this they would be unable to gain access. Perhaps you need to rethink what effort you are currently making as clearly it's not sufficient.

Need to try harder I'm afraid. Two minutes and they chop down two metre high wooden posts and they're in ☐

when they were removed from the field last time, concrete bollards were put in place to prevent reentry. Now I know they are unsightly and can't stay there forever but what I don't understand is why they weren't put back in place when you were aware the travellers had arrived and caused criminal damage to access the field behind the shop, to prevent them from switching onto the adjacent field like they have ☐♀ They're just laughing at you, seriously and the frustration is it's costing us tax payers.

**Facebook comments relating to a 17.08.2018 post:**

***We are aware of the travellers on the open space at the corner of Smannell Road and Roman Way and are working to move them on as quickly as possible.***

TVBC should monitor them for fly tipping. Discreet wireless CCTV should capture the necessary evidence. Get the police to impound all untaxed/MOT'd/insured vehicles.

So they moved far then? Come on tvbc.. this is not on.

The land they are now on is owned by Taylor Wimpey, I counted nine caravans up there but none by the church, obviously they have moved down the road a bit. They are well out of the way, the land they are on is devoid of wildlife, they have never caused me any problems. I also live in Hedgerow Walk. Dog walkers need to make a wide berth if them tho because the do tend to leave their excrement on the land.

## **Extract from the Anti-social Behaviour, Crime and Policing Act 2014**

### **46. Appeals against notices**

- (1) A person issued with a community protection notice (CPN) may appeal to a magistrates' court against the notice on any of the following grounds.
  - a. That the conduct specified in the CPN did not take place; has not had a detrimental effect on the quality of life of those in the locality; has not been of a persistent or continuing nature; is not unreasonable, or is conduct that the person cannot reasonably be expected to control or affect.
  - b. That any of the requirements in the notice, or any of the periods within which or times by which they are to be complied with, are unreasonable.
  - c. That there is a material defect or error in, or in connection with, the notice.
  - d. That the notice was issued to the wrong person.
- (2) An appeal must be made within the period of 21 days beginning with the day on which the person is issued with the notice. (3)
- (3) While an appeal against a CPN is in progress
  - a. a requirement imposed by the notice to stop doing specified things remains in effect, unless the court orders otherwise, but
  - b. any other requirement imposed by the notice is of no effect. For this purpose an appeal is "in progress" until it is finally determined or is withdrawn.
- (4) A magistrates' court hearing an appeal against a CPN must
  - a. quash the notice,
  - b. modify the notice (for example by extending a period specified in it), or
  - c. dismiss the appeal.

### **47. Remedial action by local authority**

- (1) Where a person issued with a CPN ("the defaulter") fails to comply with a requirement of the notice, the relevant local authority may take action under subsection (2) or subsection (3) (or both).
- (2) The relevant local authority may have work carried out to ensure that the failure is remedied, but only on land that is open to the air.
- (3) As regards premises other than land open to the air, if the relevant local authority issues the defaulter with a notice (a) specifying work it intends to have carried out to ensure that the failure is remedied, (b) specifying the estimated cost of the work, and (c) inviting the defaulter to consent to the work being carried out, the authority may have the work carried out if the necessary consent is given.
- (4) In subsection (3) "the necessary consent" means the consent of (a) the defaulter, and (b) the owner of the premises on which the work is to be carried out (if that is not the

defaulter). Paragraph (b) does not apply where the relevant authority has made reasonable efforts to contact the owner of the premises but without success.

- (5) A person authorised by a local authority to carry out work under this section may enter any premises to the extent reasonably necessary for that purpose, except that a person who is only authorised to carry out work under subsection (2) may only enter land that is open to the air.
- (6) If work is carried out under subsection (2) or (3) and the relevant local authority issues a notice to the defaulter (a) giving details of the work that was carried out, and (b) specifying an amount that is no more than the cost to the authority of having the work carried out, the defaulter is liable to the authority for that amount (subject to the outcome of any appeal under subsection (7)).
- (7) A person issued with a notice under subsection (6) may appeal to a magistrates' court, within the period of 21 days beginning with the day on which the notice was issued, on the ground that the amount specified under subsection (6)(b) is excessive.
- (8) A magistrates' court hearing an appeal under subsection (7) must (a) confirm the amount, or (b) substitute a lower amount.
- (9) In this section "the relevant local authority" means (a) the local authority that issued the CPN; (b) if the CPN was not issued by a local authority, the local authority (or, as the case may be, one of the local authorities) that could have issued it.

#### 48. Offence of failing to comply with notice

- (1) A person issued with a CPN who fails to comply with it commits an offence.
- (2) A person guilty of an offence under this section is liable on summary conviction (a) to a fine not exceeding level 4 on the standard scale, in the case of an individual; (b) to a fine not exceeding £20,000, in the case of a body.
- (3) A person does not commit an offence under this section if (a) the person took all reasonable steps to comply with the notice, or (b) there is some other reasonable excuse for the failure to comply with it.

#### 49 Remedial orders

- (1) A court before which a person is convicted of an offence under section 48 in respect of a CPN may make whatever order the court thinks appropriate for ensuring that what the notice requires to be done is done.
- (2) An order under this section may in particular require the defendant (a) to carry out specified work, or (b) to allow specified work to be carried out by or on behalf of a specified local authority.
- (3) To be specified under subsection (2)(b) a local authority must be (a) the local authority that issued the CPN; (b) if the CPN was not issued by a local authority, the local authority (or, as the case may be, one of the local authorities) that could have issued it.
- (4) A requirement imposed under subsection (2) (b) does not authorise the person carrying out the work to enter the defendant's home without the defendant's consent. But this

- (2) In this section "designated person" means a person designated by a local authority under section 53(1) (c).
- (3) A constable or designated person may use reasonable force, if necessary, in executing a warrant under this section.
- (4) A constable or designated person who has seized an item under a warrant under this section (a) may retain the item until any relevant criminal proceedings have been finally determined, if such proceedings are started before the end of the period of 28 days following the day on which the item was seized; (b) otherwise, must before the end of that period return the item to the person from whom it was seized.
- (5) In subsection (4) "relevant criminal proceedings" means proceedings for an offence under section 48 in the commission of which the item is alleged to have been used.

does not prevent a defendant who fails to give that consent from being in breach of the court's order.

- (5) In subsection (4) "the defendant's home" means the house, flat, vehicle or other accommodation where the defendant--(a) usually lives, or (b) is living at the time when the work is or would be carried out.
- (6) If work is carried out under subsection (2) (b) and the local authority specified under that subsection issues a notice to the defaulter (a) giving details of the work that was carried out, and (b) specifying an amount that is no more than the cost to the authority of having the work carried out, the defaulter is liable to the authority for that amount (subject to the outcome of any appeal under subsection (7)).
- (7) A person issued with a notice under subsection (6) may appeal to a magistrates' court, within the period of 21 days beginning with the day on which the notice was issued, on the ground that the amount specified under subsection (6)(b) is excessive.
- (8) A magistrates' court hearing an appeal under subsection (7) must (a) confirm the amount, or (b) substitute a lower amount.

#### 50. Forfeiture of item used in commission of offence

- (1) A court before which a person is convicted of an offence under section 48 may order the forfeiture of any item that was used in the commission of the offence.
- (2) An order under this section may require a person in possession of the item to hand it over as soon as reasonably practicable (a) to a constable, or (b) to a person employed by a local authority or designated by a local authority under section 53(1) (c).
- (4) An order under this section may require the item (a) to be destroyed, or (b) to be disposed of in whatever way the order specifies.
- (5) Where an item ordered to be forfeited under this section is kept by or handed over to a constable, the police force of which the constable is a member must ensure that arrangements are made for its destruction or disposal, either (a) in accordance with the order, or (b) if no arrangements are specified in the order, in whatever way seems appropriate to the police force.
- (6) Where an item ordered to be forfeited under this section is kept by or handed over to a person within subsection (2) (b), the local authority by whom the person is employed or was designated must ensure that arrangements are made for its destruction or disposal, either (a) in accordance with the order, or (b) if no arrangements are specified in the order, in whatever way seems appropriate to the local authority.

#### 51. Seizure of item used in commission of offence

- (1) If a justice of the peace is satisfied on information on oath that there are reasonable grounds for suspecting (a) that an offence under section 48 has been committed, and (b) that there is an item used in the commission of the offence on premises specified in the information, the justice may issue a warrant authorising any constable or designated person to enter the premises within 14 days from the date of issue of the warrant to seize the item.

(2) An appeal must be made within the period of 21 days beginning with the day on which the person is issued with the notice. (3) While an appeal against a CPN is in progress (a) a requirement imposed by the notice to stop doing specified things remains in effect, unless the court orders otherwise, but (b) any other requirement imposed by the notice is of no effect. For this purpose an appeal is "in progress" until it is finally determined or is withdrawn. (4) A magistrates' court hearing an appeal against a CPN must (a) quash the notice, (b) modify the notice (for example by extending a period specified in it), or (c) dismiss the appeal.

### **Sec 47. Remedial action by local authority**

(1) Where a person issued with a CPN ("the defaulter") fails to comply with a requirement of the notice, the relevant local authority may take action under subsection (2) or subsection (3) (or both). (2) The relevant local authority may have work carried out to ensure that the failure is remedied, but only on land that is open to the air. (3) As regards premises other than land open to the air, if the relevant local authority issues the defaulter with a notice (a) specifying work it intends to have carried out to ensure that the failure is remedied, (b) specifying the estimated cost of the work, and (c) inviting the defaulter to consent to the work being carried out, the authority may have the work carried out if the necessary consent is given. (4) In subsection (3) "the necessary consent" means the consent of (a) the defaulter, and (b) the owner of the premises on which the work is to be carried out (if that is not the defaulter). Paragraph (b) does not apply where the relevant authority has made reasonable efforts to contact the owner of the premises but without success. (9) In this section "the relevant local authority" means (a) the local authority that issued the CPN; (b) if the CPN was not issued by a local authority, the local authority (or, as the case may be, one of the local authorities) that could have issued it.

### **Sec 48. Offence of failing to comply with notice**

(1) A person issued with a CPN who fails to comply with it commits an offence. (2) A person guilty of an offence under this section is liable on summary conviction (a) to a fine not exceeding level 4 on the standard scale, in the case of an individual; (b) to a fine not exceeding £20,000, in the case of a body. #### **Sec 49 Remedial orders**

A court before which a person is convicted of an offence under section 48 in respect of a CPN may make whatever order the court thinks appropriate for ensuring that what the notice requires to be done is done. (2) An order under this section may in particular require the defendant (a) to carry out specified work, or (b) to allow specified work to be carried out by or on behalf of a specified local authority. (3) To be specified under subsection (2)(b) a local authority must be (a) the local authority that issued the CPN; (b) if the CPN was not issued by a local authority, the local authority (or, as the case may be, one of the local authorities) that could have issued it. (4) A requirement imposed under subsection (2)(b) does not authorise the person carrying out the work to enter the defendant's home without the defendant's consent. But this does not prevent a defendant who fails to give that consent from being in breach of the court's order. (5) In subsection (4) "the defendant's home" means the house, flat, vehicle or other accommodation where the defendant—(a) usually lives, or (b) is living at the time when the work is or would be carried out. (6) If work is carried out under subsection (2)(b) and the local authority specified under that subsection issues a notice to the defaulter (a) giving details of the work that was carried out, and (b) specifying an amount that is no more than the cost to the authority of having the work carried out, the defaulter is liable to the authority for that amount (subject to the outcome of any appeal under subsection (7)). (7) A person issued with a notice under subsection (6) may appeal to a magistrates' court, within the period of 21 days beginning with the day on which the notice was issued, on the ground that the amount specified under subsection (6)(b) is excessive. (8) A magistrates' court hearing an appeal under subsection (7) must (a) confirm the amount, or (b) substitute a lower amount.

#### **Sec 50. Forfeiture of item used in commission of offence**

(1) A court before which a person is convicted of an offence under section 48 may order the forfeiture of any item that was used in the commission of the offence. (2) An order under this section may require a person in possession of the item to hand it over as soon as reasonably practicable (a) to a constable, or (b) to a person employed by a local authority or designated by a local authority under section 53(1) (c). (3) An order under this section may require the item (a) to be destroyed, or (b) to be disposed of in whatever way the order specifies. (4) Where an item ordered to be forfeited under this section is kept by or handed over to a constable, the police force of which the constable is a member must ensure that arrangements are made for its destruction or disposal, either (a) in accordance with the order, or (b) if no arrangements are specified in the order, in whatever way seems appropriate to the police force. (5) Where an item ordered to be forfeited under this section is kept by or handed over to a person within subsection (2) (b), the local authority by whom the person is employed or was designated must ensure that arrangements are made for its destruction or disposal, either (a) in accordance with the order, or (b) if no arrangements are specified in the order, in whatever way seems appropriate to the local authority.

#### **Sec 51. Seizure of item used in commission of offence**

(1) If a justice of the peace is satisfied on information on oath that there are reasonable grounds for suspecting (a) that an offence under section 48 has been committed, and (b) that there is an item used in the commission of the offence on premises specified in the information, the justice may issue a warrant authorising any constable or designated person to enter the premises within 14 days from the date of issue of the warrant to seize the item. (2) In this section "designated person" means a person designated by a local authority under section 53(1) (c). (3) A constable or designated person may use reasonable force, if necessary, in executing a warrant under this section. (4) A constable or designated person who has seized an item under a warrant under this section (a) may retain the item until any relevant criminal proceedings have been finally determined, if such proceedings are started before the end of the period of 28 days following the day on which the item was seized; (b) otherwise, must before the end of that period return the item to the person from whom it was seized. (5) In subsection (4) "relevant criminal proceedings" means proceedings for an offence under section 48 in the commission of which the item is alleged to have been used.
