

TEST VALLEY BOROUGH REVISED LOCAL PLAN DPD 2011-2029 (ADOPTED 27 JAN 2016) FIVE YEAR REVIEW¹

PAS LOCAL PLAN ROUTE MAPPER TOOLKIT PART 2: LOCAL PLAN FORM & CONTENT CHECKLIST

Why you should use this part of the toolkit

The following table sets out a checklist of the key requirements for the content and form of local plans as set out in the National Planning Policy Framework (NPPF). Guidance to supplement the NPPF is set out within [National Planning Practice Guidance](#), which is regularly updated by the Government. You should review relevant sections of the National Planning Practice Guidance and consider any implications for your policies.

This part of the Toolkit will assist by informing all plan making stages, including any visioning and scoping exercises seeking to ascertain what the plan should cover. It should be applied before consultation or publication of a local plan update. This will help to ensure that you have considered all of the key plan-making requirements in preparing your plan in accordance with the NPPF.

This part of the toolkit deals only with the local plan content requirements specified in the NPPF. Toolkit Part 1 provides more detail on carrying out a review of the need to update policies within your plan. Toolkit Part 3 sets out the process requirements for local plan preparation as set out in legislation and the NPPF. Soundness and Plan Quality issues are dealt with in Toolkit Part 4.

How to use this part of the toolkit

You can use column C in the table to record the results of your assessment against the checklist for the following plan making stages:

¹ Regulation 10A The Town and Country Planning (Local Planning) (England) Regulations 2012 (as amended)

Local Plan Review: The toolkit can be used to inform the decision on whether or not your local plan policies need to be updated. In this case:

- Ask yourself whether the development plan for your area (which may comprise more than one development plan document or include a spatial development strategy and/or neighbourhood plans) still meets current NPPF requirements.
- Identify which policy and document addresses the requirement in column C or identify why it is not relevant.

If your plan was adopted under the NPPF 2012 you might find the following quick reference colour codes helpful to identify new or revised NPPF requirements since the adoption of your plan:

Key:

New plan-making requirement of the NPPF 2019 not contained within the previous 2012 version
Revised plan-making requirement of the NPPF, containing some changes from the 2012 version
Requirement of the NPPF which has not changed from the 2012 version in relation to plan-making

Scoping your policies update: The checklist can also be used to determine the scope of your local plan policies update and ensure that content requirements are addressed. You can work through each section of the table to determine:

- whether the provision is relevant to your local plan policies update/ planning context of your local authority area(s); and then
- consider whether your local plan policies update will need to address these content requirements or identify whether they are contained in other documents that form the development plan in your area.

Assessing your draft policies update: The checklist can also be used to ensure that your emerging draft policies update is adequately addressing content requirements of national planning policy. You can work through each section of the table to determine:

- whether the provision is relevant to your local plan policies update/planning context of your local authority area(s); and then
- if it is, whether your draft local plan policies update addresses these content requirements (or identify whether they are contained in other documents that form part of the development plan in your area).

How to use the results of this part of the toolkit

This checklist is to help you review your policies and/or develop an update to these where required. There is no requirement to publish or submit this table to the Planning Inspectorate. However, you may find it (or some elements) helpful to assist you in demonstrating how the policies update does/does not accord with the NPPF.

	<i>General Requirements</i>			
1.	Include any relevant material that is set out in a government policy statement(s) for the area for example a national policy statement(s) for major infrastructure and written ministerial statements.	NPPF Para 5, 6	Not Applicable. No such policy statements which raise specific implications for Test Valley.	N/A
2.	Contribute to the achievement of sustainable development.	NPPF Para 8, 9, 16	All relevant Policies. This is a legal requirement. The adopted Local Plan was tested and found sound under the 2012 NPPF.	Green
3.	Apply the presumption in favour of sustainable development.	NPPF Para 11	Policy SD1 Presumption in Favour of Sustainable Development of the adopted Local Plan. The wording of Policy SD1 will be reviewed in light of minor revisions to the wording on the presumption in NPPF Para 11.	Amber

4.	Provide a positive vision for the future; a framework for addressing housing needs and other economic, social and environmental priorities.	NPPF Para 15	<p>The adopted Local Plan Chapter 2 The Issues for the Borough sets out the aims and objectives for the plan and for each respective topic chapter and an overall vision, reflecting those of the Community Plan 'Your Test Valley' prepared by the Test Valley Local Strategic Partnership.</p> <p>The next Local Plan will reflect and deliver the spatial aspects of the Council's Corporate Plan 201-2023 'Growing our Potential'.</p>	Green
5.	Plans should be: Aspirational and deliverable Contain clear and unambiguous policies Accessible through the use of digital tools Serve a clear purpose avoiding duplication	NPPF Para 16	<p>The adopted Local Plan was tested and found sound under the 2012 NPPF, including being deliverable.</p> <p>For the next Local Plan the content and policy wording will be reviewed to avoid any unnecessary duplication of policies, including with the NPPF.</p> <p>For the adopted Local Plan an interactive Proposals Map is available on the Council's website. For the next Local Plan opportunities for greater use of digital tools to increase its accessibility will be considered.</p>	Green

6.	Include strategic policies to address priorities for the development and use of land. They should set out an overall strategy for the pattern, scale and quality of development.	NPPF Para 17, 20	<p>The adopted Local Plan sets out a strategy for the pattern, scale and quality of development and makes provision for housing, infrastructure, community facilities and protection of the natural and built environment.</p> <p>The next Local Plan will provide the strategy and provision for development for the future plan period.</p>	Green
7.	Outline which policies are 'strategic' policies	NPPF Para 21	<p>Annex A List of Strategic Policies of the adopted Local Plan provides a list of the policies considered to be strategic in terms of being essential to the delivery and successful implementation of the plan's overall strategy.</p> <p>For the next Local Plan the approach used to define which policies and strategic policies will be reviewed and options for how greater clarification between strategic and non-strategic policies can be provided will be considered.</p>	Amber
8.	Strategic policies should look ahead over a minimum 15-year period <u>from adoption</u> .	NPPF Para 22	The adopted Local Plan period runs to 2029 and was 13 years 2 months on adoption. There are 8 years 2 months (as at January 2021) remaining.	Amber

			<p>The plan period for the next Local Plan has yet to be determined, although an end date of 2036 has previously been suggested. Some of the joint evidence base being prepared by the Partnership for South Hampshire (PfSH) for a Statement of Common Ground under the Duty to Co-operate may look to 2040.</p> <p>NPPF Para 67b only requires that broad locations for growth be identified for 10 years. The Planning White Paper 'Planning for the Future' suggests that future Local Plan will be a 10 year lifespan.</p>	
9.	Indicate broad locations for development on a key diagram, and land use designations and allocations on a policies map.	NPPF Para 23	The adopted Local Plan includes broad locations on a Key Diagram and land use designations and development allocations on the Proposal Map (and its Inset Maps), and on its allocations and policy areas Maps A-L.	Green
10.	Strategic policies should provide a clear strategy for bringing sufficient land forward, and at a sufficient rate, to address objectively assessed needs over the plan period.	NPPF Para 23	Policy COM1 Housing Provision 2011-2029 of the adopted Local Plan sets the housing requirement at a minimum of 10,584 homes (588 dwellings per annum), which is then subdivided between two different Housing Market Areas: Northern Test Valley and Southern Test Valley to give a split housing requirement, each with a Housing Trajectory. A Housing Market Areas Study will consider the issue of housing market areas and whether the approach of having a split housing requirement should continue.</p>	
11.	Include non-strategic policies to set out more detailed policies for specific areas.	NPPF Para 18, 28	Annex A List of Strategic Policies of the adopted Local Plan provides a list of the policies considered to be strategic in terms of being essential to the delivery and successful implementation of the plan's overall strategy. All other policies are non-strategic.	Amber

Under Policy COM7 on sites of 15 dwellings or more up to 40% of dwellings should be affordable housing.</p>	Amber

	A. NPPF Requirement	B. NPPF Paragraph Reference	C. Record your assessment results	RAG
17.	Set out a housing requirement for designated neighbourhood areas which reflects the overall strategy for the pattern and scale of development and any relevant allocations.	NPPF Para 65	For the next Local Plan the Council will consider what approach should be taken to the provision of setting out a housing requirement for each designated neighbourhood area. This will be undertaken together with a review of the housing distribution and settlement hierarchy. The current designated neighbourhood plan areas are individual parishes or for a number of parishes working together jointly. As Test Valley is fully parished, the issue of a housing requirement figures for all parishes (including those not currently a designed neighbourhood area) will also be considered.	Red
18.	Identify a supply of specific, deliverable sites for years one to five of the plan period, and specific, developable sites or broad locations for growth, for years 6-10 and, where possible, for years 11-15 of the plan.	NPPF Para 67	<p>The Council has a five year housing land supply as at 1 April 2020 (see Housing Implementation Strategy April 2020) of 6.27 years in Northern Test Valley and 5.26 years in Southern Test Valley, against a target of 5.00 years. This also includes an assessment of supply for sites included within the housing supply which are forecast to deliver beyond 5 years.</p> <p>The adopted Local Plan (paras 5.101-5.103) contains a contingency mechanism if there is a delay in housing delivery.</p>	Amber

19.	Identify land to accommodate at least 10% of the housing requirement on sites no larger than one hectare; unless it can be demonstrated that there are strong reasons why the 10% target cannot be achieved.	NPPF Para 68	<p>The Council monitors delivery from smaller sites through the monitoring of the five year housing land supply position, and through housing completions. Call for sites exercises are used to update the Strategic Housing and Economic Land Availability Assessment (SHELAA).</p> <p>For the next Local Plan the Council will consider the mechanism to deliver at least 10% of the housing requirement from sites of 1 hectare or less.</p>	Red
20.	Support the development of entry level exception sites, suitable for first time buyers, unless the need for such homes is already being met within the authority's area.	NPPF Para 71	<p>Policy COM8 Rural Exception Affordable Housing.</p> <p>For the next Local Plan the Council will consider whether a specific policy framework for Entry Level Exception Sites should be included. This will take account of the latest Government policy on this issue.</p>	Red
21.	Include a trajectory illustrating the expected rate of housing delivery over the plan period, and requiring a buffer of 10% where the local planning authority wishes to demonstrate a five year supply	NPPF Para 73	The adopted Local Plan includes a Housing Trajectory. The expected rate of delivery is kept under review through the five year housing land supply. This also includes an assessment of supply for sites included within the housing	Green

The Council does not currently wish to demonstrate a five year housing land supply though an annual statement. A 5% buffer is used for the calculation of the five year land supply as published in the Housing Implementation Strategy.	
22.	Be responsive to local circumstances and support rural housing developments that reflect local needs.	NPPF Para 77	Adopted Local Plan policies provide for rural housing to be delivered: Policy COM8 Rural Exception Affordable Housing Policy COM9 Community Led Development Policy COM10 Occupational Accommodation for Rural Workers in the Countryside	Amber
23.	Identify opportunities for villages to grow and thrive, especially where this will support local services.	NPPF Para 78	The adopted Local Plan includes a settlement hierarchy Table 7 which takes account of local services. <i>Economy</i>				
25.	Create conditions in which businesses can invest, expand and adapt.	NPPF Para 80	The adopted Local Plan provides a positive framework for business growth where this is consistent with consistent with sustainable development principles. For the next Local Plan the Council will review the degree of flexibility and take account of changes to the Use Classes Order.	Amber
26.	Set out a clear economic vision and strategy which positively and proactively encourages sustainable economic growth, having regard to Local Industrial Strategies and other local policies for economic development and regeneration.	NPPF Para 81	Chapter 6 Local Economy sets out the adopted Local Plan's planning strategy for the economy. The economic evidence base includes studies assessing the local economy and the requirements for employment land and premises.
