Deprivation

The English Index of Multiple Deprivation 2019 is designed to identify areas where communities lack resources and are in need. To do this, seven factors are considered, which are:

- income deprivation;
- employment deprivation;
- education, skills and training deprivation;
- health deprivation and disability;
- crime;
- barriers to housing and services;
- living environment deprivation.

Areas are scored on each of these factors, and ranked nationally from least deprived to most deprived.

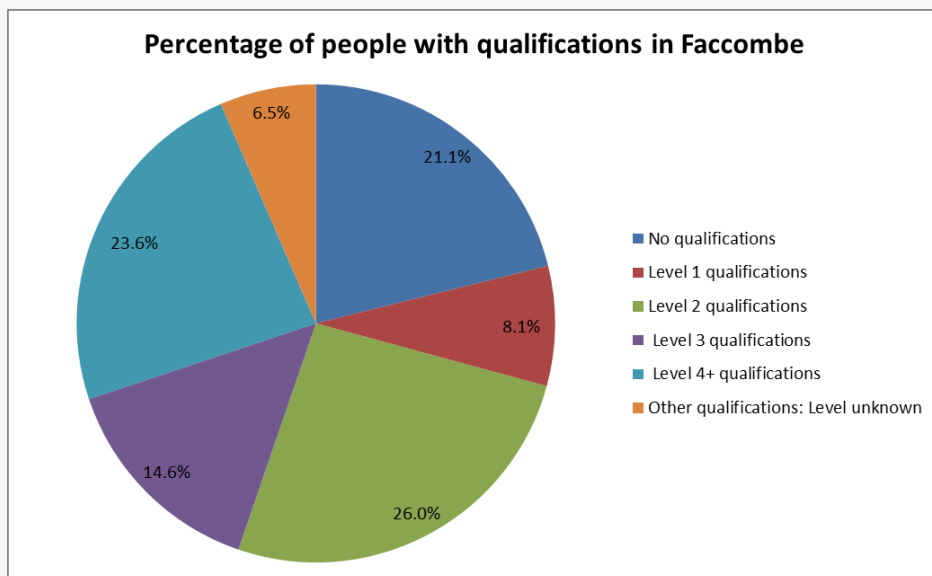

This map shows the deprivation scores for parish of Faccombe against all areas in Test Valley. Of 32,844 areas ranked across the country, Faccombe ranks 20,948th, this puts the parish in the **40%** of **least deprived** areas in the country.

More specifically, Faccombe ranks in the top 10% of most deprived areas when it comes to physical proximity of local services. The parish is also in the top 20% of most deprived areas for their 'indoors' living environment; this is defined by the amount of houses with central heating as well as the proportion of social and private houses that are in a poor condition (as defined by the Decent Homes Standard).

The remaining 19.8% of residents aged 16-74 are economically inactive, compared to 26.6% of Test Valley residents. This includes people who are retired, long-term sick or disabled, or who look after the home and family.

Employment by sector

Following the Local Government Boundary Commission for England (LGBCE) review in 2017, new Ward and Parish boundaries have been introduced in Test Valley. Hence, this information has been produced on a 'best fit' basis, it's not an exact representation of Faccombe but provides as good an indication as is currently feasible.

This data is taken from the 2018 UK Business Register and Employment Survey which is produced by the Office for National Statistics (ONS). This dataset relies upon a sample of 85,000 businesses across the country, from which these estimates are modelled. As such, there will be some sampling variability which result in the quality of the estimates deteriorating for smaller geographies. A better indication will be available from the 2021 Census which will be available in 2022/3; once this data is released, this profile will be updated and circulated to Borough and Parish Councillors.

This graph shows the percentage of the workforce by sector, according latest Business Register and Employment Survey in 2018. The largest sector employing people in Faccombe is Accommodation & Food Services (37.2%) followed by Education (10.6%). Jointly in third-place are Agriculture, Forestry & Fishing, as well as Construction, and Professional, Scientific & Technical (all 10.9%).
