It has an area of **433.20** hectares which represents **0.69%** of the total area of Test Valley; in terms of size, **East Dean** is Test Valley's **fifty-first largest** parish. The parish's population is **239** and its population density is **0.54** people per hectare, which is lower than the borough's average population density of **2.10** people per hectare.

Census Data

Some of the data used in this profile is taken from the 2011 Census; where this is the case, this is clearly labelled. Though this data is from several years ago, the breadth and volume of information the Census collects means it remains a valuable source of data and a reasonable indication of current trends. Data from the 2021 Census will be released by the Office for National Statistics in 2022/3. When this happens, this profile will be updated and circulated to Councillors.

Health

0.6% of East Dean residents are long-term sick or disabled (2011 Census)

At the 2011 Census, 89.2% of residents in East Tytherley said they felt that they were in very good or good health. This is higher than both the average for Test Valley (84.6%) and the average for England (81.4%). 2.2% of the population rated their health as bad or very bad, which is lower than both the borough average (3.8%) and the average for England (5.5%).

Deprivation

The English Index of Multiple Deprivation 2019 is designed to identify areas where communities lack resources and are in need. To do this, seven factors are considered, which are:

- income deprivation;
- employment deprivation;
- education, skills and training deprivation;
- health deprivation and disability;
- crime;
- barriers to housing and services;
- living environment deprivation.

Areas are scored on each of these factors, and ranked nationally from least deprived to most deprived.

This map shows the deprivation scores for parish of East Dean against all areas in Test Valley. Of 32,844 areas ranked across the country, East Dean ranks 20,031st, this puts it in the **40% of least deprived** areas in the country.

More specifically, East Dean ranks in the top 10% of most deprived areas when it comes to physical proximity of local services. East Dean is also in the top 10% of most deprived areas for its 'indoors' living environment; this is defined by the amount of houses with central heating as well as the proportion of social and private houses that are in a poor condition (as defined by the Decent Homes Standard).

According to the 2011 Census, 72.3% of East Dean residents aged 16-74 are economically active, slightly lower than Test Valley as a whole where the figure is 73.4% of residents. This includes people in full-, part- and self-employment, those who are actively seeking a job, and full-time students.

The remaining 27.7% of residents aged 16-74 are economically inactive, compared to 26.6% of Test Valley residents. This includes people who are retired, long-term sick or disabled, or who look after the home and family.

Employment by sector

Following the Local Government Boundary Commission for England (LGBCE) review in 2017, new Ward and Parish boundaries have been introduced in Test Valley. Hence, this information has been produced on a 'best fit' basis, it's not an exact representation of East Dean but provides as good an indication as is currently feasible.

This data is taken from the 2018 UK Business Register and Employment Survey which is produced by the Office for National Statistics (ONS). This dataset relies upon a sample of 85,000 businesses across the country, from which these estimates are modelled. As such, there will be some sampling variability which result in the quality of the estimates deteriorating for smaller geographies. A better indication will be available from the 2021 Census which will be available in 2022/3; once this data is released, this profile will be updated and circulated to Borough and Parish Councillors.

This graph shows the percentage of the workforce by sector, according to the latest Business Register and Employment Survey in 2018. The largest sector employing people in East Dean is Health (21.7%) followed by Construction (14.5%) and then jointly by Manufacturing, Professional, Scientific & Technical, and Arts, Entertainment, Recreation & Other Services (all 10.9%).
