Q6

Please use this comment box to make any general comments you may have

1. If you are placing limits on the number of new houses Test Valley is expecting to be built, you stick to these targets and not use them as a "suggested" number as you did with the Picket Twenty development.
2. No new development without the appropriate infrastructure being an integral part of the development. Something that has not been insisted upon at recent developments.
3. Any new developments to have EV points and solar panels as part of the planning application. This will comply with TVBC green agenda.
4. Make better use of the River Anton as a part of the Town Centre.
5. Look at what Salisbury have done to their Market Sq and make better use of Andovers Market Sq. Improve the offer to local shops and remove the plethora of Charity Shops and Book makers.
