

Application for Building Regulations Supplementary information

From 1 October 2023, additional information needs to be provided with full plans and building notice submissions in England that is not currently covered by the online forms. While the work is being done to add these requirements to the system, you will need to complete this 'Supplementary Information' form and send it with your application as a supporting document.

Alternatively, if you have already submitted your building control application and have been asked to complete this form retrospectively, please complete it and send it to your Local Authority. **buildingcontrol@testvalley.gov.uk**
