Local residents were immediately calling into the Police. There were numerous F&M calls about fighting between "boy racers" and "travellers" which was false. Locals were also watching and I imagine that there would be many calls about this site and the travellers. Locals expressed their unhappiness with the travellers being on the land.

What happened?
Please tell us what happened, and the events leading up to it, to help us identify if an offence has been committed.
This has probably already been reported, but just in case it hasn't. There are currently several caravans parked on the field, they arrived between yesterday morning and this morning (23JUN).
No issues with the travellers but they're leaving litter on the field which is harmful to my dog. More importantly they're using the surrounding woodland as a toilet which smells appalling and poses a health risk, especially as this is a field with a children's playground in it.
Do you feel race, ethnicity, sex, gender, sexuality, disability or religion were a factor in this crime?
No

20/07/2023 08:10:36	RMS Entry	15855	<p>Please tell us what happened, and the events leading up to it, to help us identify if an offence has been committed.: Last night an unauthorised encampment of travellers broke on to the Sports pitches at Romsey Sports Centre. This land is owned by the Borough Council but leased to Places Leisure.</p>

They broke through two padlocked gates causing criminal damage and set up camp on sports pitches.

There have been numerous incidents last night and today which I understand have been reported to the police.

The Centre manager [REDACTED] confirmed last night to the Council that:

1. they had to close Romsey Sports Centre for security reasons. All squash bookings have been cancelled including squash day camps due to start on Sunday with the school holidays.
2. the building is also used by Romsey runners who meet twice weekly and a Healthy walks group.
3. They are concerned about family swimming for the school holidays which are very busy sessions to lifeguard without concerns that travellers trying to access the pool.
4. lots of children access the site independently.
5. The skate Park is used by local children which is adjacent to the camp.
6. They have had to close and lock the adventure golf facility.
7. They have had to arrange security guards to man reception at the Rapids and night patrols. The centre's chemical store and plant room is next to the camp.
8. The cricket club has been notified they cannot play or train.
9. The rugby club have been notified they won't be able to run their youth training camps on site.
10. Several groups of travellers have tried to access the facilities leading to confrontation with staff.

I spoke to an Andover officer early this morning then Sgt Pollard at about 10.15. I asked if the police would utilise their s61 powers as the criteria are made out. He told me that an inspector would visit and assess the site. He emailed me before going off shift to say that he expected a further update from late-shift colleagues and that my number could be used in office hours for an update [REDACTED] Please to contact me ANY TIME (not limited to office hours) to update.

Throughout the course of today I have learned of:

1. a report from a member of the public that a 4 year old child had been hit around the back of the head by one of the travellers at the play area (20230717-2058)
2. A traveller child was abusive to a Romsey Rapids staff member when asked to pay for a shower.
3. The Council's contractors carrying out flood alleviation work opposite the Rapids have had to suspend work as children from the camp were climbing on the equipment and trying to take unattended equipment. Work will not resume until the encampment has left.
4. The Romsey Rapids have now had to engage an external security guard on the door at a high cost in addition to the night patrol.
5. Members of the public reported that the travellers from the camp in the park had attempted to steal pushchairs and lunches.

I would be grateful for an update as to whether the police will now exercise s61 or s60 powers - the criteria are clearly made out.

If you could update me on [REDACTED] at any time (not limited to office hours) I would be most grateful.

Kind regards
Karen Dunn

19/07/2023 10:29:38	RMS Entry	14829	<p>Inft reporting that a few day ago about 15 travellers van arrived on the next door field to Romsey Rapids and they have been causing a lot of issues on their premises. Police have just arrived on site and walked around their field and most likely issued paperwork for them to leave. Literally within 5 mins of the police leaving – a male has come into their building and been really abusive and threatening towards staff inside.</p> <p>He has said that he is off now to get his family and friends to come inside the building and they will cause total havoc inside the building.</p> <p>He will start by throwing the Security guard outside the door through the window.</p> <p>He stated that no-one will see the light of day again as he will now move all his caravans right up to their building in front of all their main windows.</p> <p>Over the last few days they have been setting off the alarms on the pool and then jumping inside it continually and using all their facilities.</p> <p>Inft has asked for payment to use the pool and this is when he has today got right into his face with a fist within a few cm of his face, he also had a clenched fist behind his back.</p> <p>Inft was really scared by the abuse the male was shouting at him and literally squared right upto him, threatening to come back.</p> <p>They have a male on the door at the moment so they can open it manually but they are concerned that if a customer comes to it and they open it, these travellers are likely to gain entry easily.</p> <p>The male that made the threat to him had short brown hair , grey/blue eyes, a boxers nose, like it had been broken lots of times. A grey top and sandy coloured cargo shorts on.</p>
19/07/2023 10:30:14	RMS Entry	14829	Inft believes the threat is real and they will come back and they are unsure what they will do.

Decision Making guide in relation to unauthorised encampment

Time:	21:10
Date:	17/07/2023
Location:	Southampton Road, Romsey, SO51 8AF, Cricket Field Opposite Romsey Rapids.

Number of Persons on Land:	22 Adults / 25 - 30 Children
----------------------------	------------------------------

(include if 2 or more and intention is to reside on land)

Number of Vehicles:	10 Caravans / 6 Vehciles
---------------------	--------------------------

Conduct PNC checks of vehicles and list in the 'vehicles details' section at the end of this form.

Damage caused to gain entry (include details and any evidence of identity of offenders) or damage to land or property on it:
It appears that a padlock has been cut to open the gate to gain entry to the field. It has been confirmed that no one has witnessed any individual cause this damage and therefore no identity of offender.

Name the Landowner:	I have been informed by the Romsey Rapid general manager that this land is council owned by the Test Valley District.
type of land use:	Council

Has the landowner been contacted? What are the landowner's views? Request to leave made or permission to stay given?
I have not contacted the council at this stage as i am aware that once this form has been completed that a joint police and council decision will be made.

Have the trespassers used threatening/abusive/insulting words or behaviour to the occupier of the land or a member of his family or employee or agent
From what i have witnessed and what staff at Romsey Rapids have told me the individuals have been amicable and there has been no threats or abusive words, the individuals seemed amicable when speaking to police.

Is the encampment in a dangerous/unsuitable position?(side of a busy road, hazards etc)
I woul suggest that this field is not a dangerous position but being right next to a busy lesuire center and taking up a cricket field, especially with school holidays around the corner this may cause further issues.

Other environmental issues (potential for disorder, interference with use of land/amenity).
As mentioned above this land will have the posibility of being booked for upcoming cricket matches over the next couple of days which would cause issues.

Details of Local Authority

Decision Making guide in relation to unauthorised encampment

Test Valley District	
Point of contact within Local Authority	
I have not made contact with a local authority at this time as i would be awaiting a decision from the inspector into what cause of action we are planning to take.	
Have HCC Gypsy and Traveller Liaison Officers been contacted? ([redacted] and [redacted])	
No, not at this time.	
Has a welfare assessment been made by Local Authority? No	
Number of children on site, include ages:	25 - 30, individuals not forthcoming with ages.
Number of persons with welfare needs include names and details (e.g. pregnant, elderly, infirm)	
When asked about pregnant individuals i have been told that there are four however no details about due dates or names and details of individuals where able to be ascertained by officers. I have not been made aware of any concerns in relation to any other individuals welfare.	
What is the intention of the group (Proposed duration of stay)?	Wednesday, Thursday, Friday.
Where were the group before they moved here?	Not specified although i would suggest that RMS 44230283768 could be these individuals in Overton, Hampshire.
Force Silver must be advised, if the criteria is met for an unauthorised encampment. (See Appendix D of Quebec Management Process guidance document on the intranet for full details.)	
Name:	Time:
Any other factors which may influence decision making process (see Op Quebec intranet pages for Human Rights information)	
The individuals seem fairly amicable and where more than happy to speak to police and engage in conversation, they said that they where also aware this was council land and that an iviction notice would be coming soon from the council.	
Are Police Powers going to be used? <i>If yes, please record basis for decision.</i> (Statement landowner, consider statements from local community in terms of impact, EGT of site, contact public order TA)	
I would suggest that this is a decision for the duty inspector to make so i will	

Decision Making guide in relation to unauthorised encampment

not make a comment on this at this time.

If no, please record basis for decision

(consider communicating with trespassers expected standards of behaviour, community reassurance to advise of Police actions, schedule of patrols on site, amenities from local authority – skips etc)

As said above i will allow the duty inspector to make a decision on this however i would suggest that the individuals have been amicable to officers and have not raised any major concerns at this time.
