# Vernham Dean and Linkenholt Parish Profile

This profile provides a summary of the latest available information on the demographic make-up of the parishes of Vernham Dean and Linkenholt within Test Valley. It looks at information on topics such as the population structure, economic, housing, health and educational information for the parish.

Whilst each are separate parishes, they have a combined profile due to Linkenholt's small population of 42. Such a small population means it's impossible to profile Linkenholt independently without possibly identifying specific individuals. For this reason, some data sources, like the 2011 Census, are only available for Vernham Dean; where this is the case, it will clearly only refer to Vernham Dean and not Linkenholt. If you have any questions or queries, please contact the Policy Team at Test Valley Borough Council using the contact information on the final page.

**Vernham Dean and Linkenholt** are two of the Test Valley's fifty-nine parishes. Vernham Dean has an area of **1585.02** hectares whilst Linkenholt has an area of **434.02** hectares; collectively, they represent 3.22% of the area of Test Valley. In terms of size Vernham Dean is Test Valley's **eleventh largest** parish whilst Linkenholt is the **fiftieth largest** parish. Together, their population is **557** and their population density is **0.28** people per hectare, which is lower than the borough's average population density of **2.10** people per hectare.

## Census Data

Some of the data used in this profile is taken from the 2011 Census; where this is the case, this is clearly labelled. Though this data is from several years ago, the breadth and volume of information the Census collects means it remains a valuable source of data and a reasonable indication of current trends. Data from the 2021 Census will be released by the Office for National Statistics in 2022/3. When this happens, this profile will be updated and circulated to Councillors.

# Deprivation

Linkenholt Parish

The English Index of Multiple Deprivation 2019 is designed to identify areas where communities lack resources and are in need. To do this, seven factors are considered, which are:

- income deprivation;
- employment deprivation;
- education, skills and training deprivation;
- health deprivation and disability;
- crime;
- barriers to housing and services;
- living environment deprivation.

Areas are scored on each of these factors, and ranked nationally from least deprived to most deprived.

This map shows the deprivation scores for parishes of Vernham Dean and Linkenholt against all areas in Test Valley. Of 32,844 areas ranked across the country, Vernham Dean and Linkenholt rank 20,948<sup>th</sup>, this puts them in the **40% of least deprived** areas in the country.

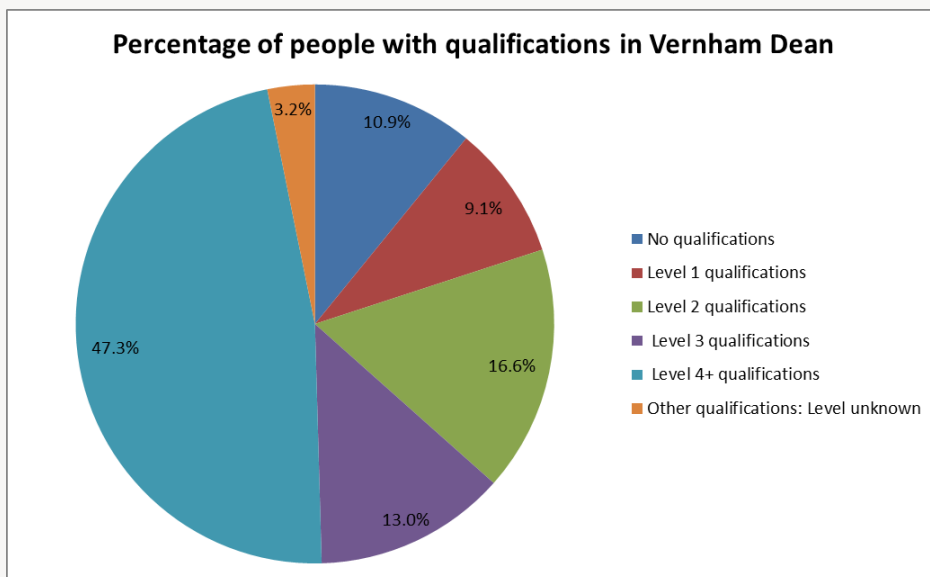

More specifically, Vernham Dean and Linkenholt rank in the top 10% of most deprived areas when it comes to physical proximity of local services. Both parishes' areas are in the top 20% of most deprived areas for the quality of housing available.

## Employment by sector

Following the Local Government Boundary Commission for England (LGBCE) review in 2017, new Ward and Parish boundaries have been introduced in Test Valley. Hence, this information has been produced on a 'best fit' basis, it's not an exact representation of Vernham Dean and Linenholt but provides as good an indication as is currently feasible.

This data is taken from the 2018 UK Business Register and Employment Survey which is produced by the Office for National Statistics (ONS). This dataset relies upon a sample of 85,000 businesses across the country, from which these estimates are modelled. As such, there will be some sampling variability which result in the quality of the estimates deteriorating for smaller geographies. A better indication will be available from the 2021 Census which will be available in 2022/3; once this data is released, this profile will be updated and circulated to Borough and Parish Councillors.

This graph shows the percentage of the workforce by sector, according latest Business Register and Employment Survey in 2018. The largest sector employing people in Vernham Dean and Linenholt is Accommodation & Food Services (37.2%) followed by Education (10.6%). Jointly in third-place are Agriculture, Forestry & Fishing, as well as Construction, and Professional, Scientific & Technical (all 10.9%).
