Deprivation

The English Index of Multiple Deprivation 2019 is designed to identify areas where communities lack resources and are in need. To do this, seven factors are considered, which are:

- income deprivation;
- employment deprivation;
- education, skills and training deprivation;
- health deprivation and disability;
- crime;
- barriers to housing and services;
- living environment deprivation.

Areas are scored on each of these factors, and ranked nationally from least deprived to most deprived.

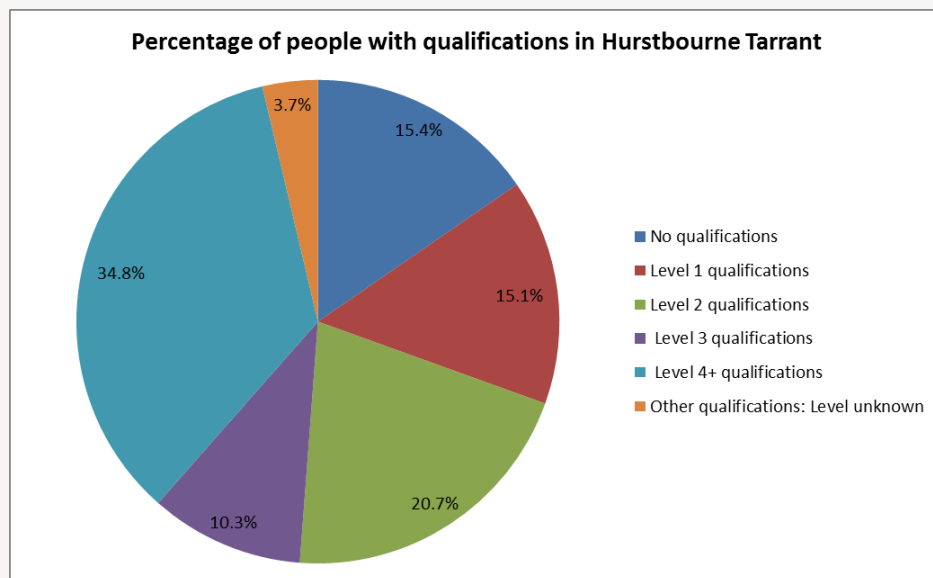

This map shows the deprivation scores for parish of Hurstbourne Tarrant against all areas in Test Valley. Of 32,844 areas ranked across the country, Hurstbourne Tarrant ranks 20,948th, this puts the parish in the **40%** of **least deprived** areas in the country.

More specifically, Hurstbourne Tarrant ranks in the top 10% of most deprived areas when it comes to physical proximity of local services. The parish is also in the top 20% of most deprived areas for their 'indoors' living environment; this is defined by the amount of houses with central heating as well as the proportion of social and private houses that are in a poor condition (as defined by the Decent Homes Standard).
