

CHRISTMAS

NATURE SCAVENGER HUNT

In a wintery wood or frosty park, the magic of Christmas leaves its mark. A list of wonders is here to explore— tick them off as you find them and look for more!

HOLLY

Dark green, shiny and spiky leaves.

RED BERRIES

Bright red berries feed birds in winter.

TRAVELLER'S JOY

Feathery white, like Santa's beard.

ROBIN

A robin has a red breast and chirps happily.

ANIMAL TRACKS

Could they belong to Rudolph or a robin?

MISTLETOE

Mistletoe grows in trees, like a festive ornament.

BARE BRANCHES

A stick or branch that looks like reindeer antlers!

PINECONE

Pine cones fall to the ground in winter time.

FROSTED LEAVES

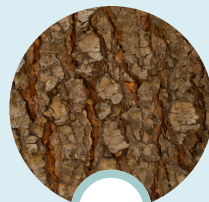

Frosty leaves shimmer and sparkle.

STARS

Stars twinkle and light the way for Santa's sleigh!

TREE BARK

Tree bark protects trees like a cosy winter coat.

IVY

Ivy climbs high, just like Santa's sleigh in the sky.

Respect the environment by being mindful of plants and animals. Berries can be toxic to humans, do not consume.
