Dear Test Valley,

I write to express my concern for the planned development outlined in local plan 2040. Over 1000 homes are planned for development in an area that is already busy with cars, and an area that is already struggling with local services such as doctors surgeries. I think the scale of the proposed development is not in keeping with the services in the local area and will result in a negative impact for the existing residents of Knightwood.

Regards,

Adam Devine
