

Dr Claire Holman

I have a BSc(hons) in molecular sciences, essentially chemistry and a PhD for my research into air pollution. I am a chartered environmentalist and a chartered Scientist. A fellow of the Institution of Environmental Sciences and a Fellow of the Institute of Air Quality Management. I am the President of the institute of Air Quality Management and a visiting professor at the University of the West of England. I have over 40 years' experience of working in the air quality field. I am a director of Kalaco, an environmental consultancy. I have previously worked for several environmental and engineering consultancies.
