Objection

The text setting out the justification for Policy EN2 refers to Policy E3 of the Test Valley Revised Local Plan 2016. It implies that the objective of the Local Plan policy is to maintain the identity of settlements by seeking to limit coalescence between settlements across the Borough and can be applied to the parish of Thrupton. That is not the case. Policy E3 of the Local Plan is to be applied to specifically designated local gaps around Andover and southern Test Valley and not borough-wide.

Policy E3 of the Local Plan has been identified as a strategic policy by the Borough Council. The TNP is proposing to use it in a form not intended by the policy ie to identify further local gaps. In that context it raises the issue of conformity of the TNP with the Local Plan.

The four settlements to which the TNP policy applies are spread across the parish and as currently drafted the policy is effectively a blanket one restricting development. If the TNP is seeking to introduce a local gaps of its own it would need to justify why land was proposed to be included and to define a boundary.
