Objection

The policy requires development to protect views into and out of the parish. Policy EN3 lists 15 important views which are shown on the accompanying maps with supporting photographs and cover an extensive area of the Plan area. As drafted the policy would also apply to other views not listed as EN3.1 is a generic policy and EN3.2 identifies specific views.

The description of the views in the Policy are considered to cover a wider area than that implied by the arrows used to locate the views on Map2a eg

- View 3 looking north west towards Thrupton village
- View 4 looking south east towards Amesbury Road
- View 7 looking west towards Thrupton village
- 

The supporting text of the TNP does not explain why the selected views are important. The wording of the Policy is such that it could have the effect of finding any development within the area covered a the view as having an adverse impact and therefore not acceptable.

As presented the policy would appear to apply a blanket policy constraint to much of the countryside within the neighbourhood plan area.
